## 1. PRODUCT OVERVIEW

The IRONCK Shoe Storage Cabinet (Model HK-AZXG-01) is a freestanding furniture piece designed for organizing footwear and other small items. It features a farmhouse-style design with two flip-down drawers, a top storage drawer, and additional side shelves. This cabinet is suitable for entryways, living rooms, and hallways, providing both functional storage and an aesthetic addition to your home.

## 2. KEY FEATURES

- **Two Flip Drawers:** Each drawer contains two layers of storage space, designed to neatly store various types of shoes.
- **Adjustable & Removable Shelves:** The middle wooden board within each flip drawer has three adjustable height settings. These partitions can also be removed to accommodate different shoe sizes or styles, such as boots or high heels.
- **Extra Storage:** Features a top surface for display, a pull-out drawer for small items, and side shelves with hooks for umbrellas, bags, or decorative items.
- **Stable Construction:** Constructed from high-quality engineered wood (MDF) to ensure durability and a strong load-bearing capacity.
- **Anti-Tipping Kit:** Includes a safety kit to secure the cabinet to the wall, preventing accidental tipping.
- **Farmhouse Design:** Aesthetically designed with a barn door pattern on the flip drawers, complementing various home decor styles.

## 3. ASSEMBLY INSTRUCTIONS

The IRONCK Shoe Storage Cabinet is designed for straightforward assembly. Please follow the included detailed instruction manual carefully. All necessary parts are labeled to facilitate the process.

### 3.1. Before You Begin

- Verify all components are present and undamaged by comparing them with the parts list in your manual.
- Gather necessary tools (e.g., screwdriver, hammer).
- Assemble on a soft, clean surface to prevent scratches.

### 3.2. Assembly Steps

Refer to the step-by-step diagrams and instructions provided in the physical manual included with your product. Pay close attention to the orientation of each piece.

### 3.3. Securing the Anti-Tipping Kit

It is crucial to install the anti-tipping kit to prevent the cabinet from falling over, especially in households with children or pets. Follow the specific instructions in your manual for securely attaching the cabinet to a wall.

Figure 3: Diagram illustrating the proper use of the anti-tipping kit.

## 4. OPERATING INSTRUCTIONS

### 4.1. Using the Flip Drawers

To access your shoes, gently pull the handle on the front of each drawer. The drawer will tilt forward, revealing the internal shoe racks. To close, push the drawer back until it is flush with the cabinet front.

Figure 4: Cabinet with flip drawers open, showing shoe storage.

#### 4.2. Adjusting Internal Shelves

Each flip drawer contains a middle partition that can be adjusted to three different heights or completely removed. To adjust, carefully lift the shelf and reposition it into the desired slots. To remove, lift the shelf out of its supports. This allows for flexible storage of various shoe types, from flats to heels.

### 4.3. Utilizing Additional Storage

- **Top Drawer:** Use the top pull-out drawer for keys, wallets, sunglasses, or other small personal items.
- **Side Shelves:** The open shelves on the side are ideal for storing items like umbrellas, small bags, or decorative accents.
- **Top Surface:** The flat top surface can be used to place decorative items, plants, or frequently accessed essentials.

## 5. CARE AND MAINTENANCE

Proper care will extend the life and appearance of your shoe cabinet.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that can damage the finish.
- **Spills:** Clean up spills immediately to prevent staining or warping of the engineered wood.
- **Mechanism Longevity:** The flip-drawer mechanism is designed for regular use. To ensure its longevity, avoid forcing the drawers open or closed. If you notice any resistance, inspect for obstructions. Over time, repeated heavy use may cause wear on the mechanism. Gentle operation is recommended.
- **Placement:** Avoid placing the cabinet in direct sunlight or near heat sources, as this can cause fading or warping. Maintain a stable humidity level in the room.
- **Load Capacity:** Do not overload the drawers or shelves beyond their intended capacity to prevent structural damage.

## 6. TROUBLESHOOTING

- **Drawers not closing smoothly:** Check for shoes or other items obstructing the drawer's path. Ensure the internal shelves are correctly positioned and not dislodged. Verify that the drawer mechanism is free of debris.
- **Cabinet feels unstable:** Confirm that all assembly screws are tightened. Ensure the cabinet is placed on a level surface. If instability persists, re-check the anti-tipping kit installation and ensure it is securely fastened to the wall.
- **Missing parts during assembly:** If any parts are missing or damaged upon arrival, please contact customer support immediately with your product model number and a description of the missing/damaged part.

## 7. SAFETY INFORMATION

---

Please read and adhere to all safety warnings to prevent injury or damage to the product.

- **Anti-Tipping Kit:** Always secure the cabinet to the wall using the provided anti-tipping kit to prevent tipping. This is especially important in homes with children or pets.
- **Load Limits:** Do not overload the cabinet. While it has a strong load-bearing capacity, exceeding its limits can compromise stability and structural integrity.
- **Assembly:** Always follow the assembly instructions carefully to ensure safe installation and use. Incorrect assembly can lead to instability.
- **Children:** Keep small parts and assembly hardware away from children during assembly. Do not allow children to climb on or play with the cabinet.

## 8. PRODUCT SPECIFICATIONS

---

<b>Brand</b>	IRONCK
<b>Model Number</b>	HK-AZXG-01
<b>Color</b>	Dark Walnut
<b>Product Dimensions</b>	9.3"D x 34.8"W x 40"H
