1. INTRODUCTION

Thank you for choosing the Merax Desk with Lockable Casters and 360° Rotating Top. This versatile desk is designed to provide a functional and adaptable workspace for your home or office. Featuring a rotating tabletop, ample storage with drawers and cabinet doors, and sturdy construction, it offers flexibility and convenience. This manual provides essential information for safe assembly, operation, and maintenance of your new desk.

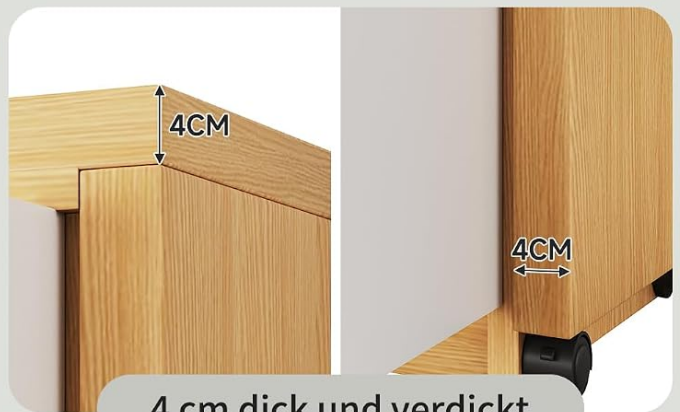

This image shows the Merax desk configured in an L-shape, providing a spacious work area with the storage unit positioned to the side. A laptop and office chair are visible, demonstrating a typical setup.

**Stabil
robust
langlebig**

Rollen mit Bremse

4 cm dick und verdickt

The desk is shown in a straight-line configuration, where the rotating top is aligned with the storage unit, creating a compact and linear workspace. This setup is ideal for smaller rooms or when a traditional desk layout is preferred.

2. SAFETY INFORMATION

Please read all safety warnings carefully before assembly and use.

- **Package Arrival:** Wait for all packages to arrive before starting assembly. This product comes in 2 packages, which may arrive at different times.
- **Load Capacity:** Ensure that the weight on the tabletop does not exceed the maximum load capacity of 50 kg (110 lbs) to ensure stability and safety. Overloading can cause damage or injury.
- **Assembly:** Follow the assembly instructions precisely. Do not skip steps or use incorrect hardware.
- **Stability:** Always ensure the desk is placed on a flat, stable surface. Engage the wheel brakes when the desk is in its desired position to prevent accidental movement.
- **Children:** Keep small parts and packaging materials away from children during assembly to prevent choking hazards.

3. SETUP AND ASSEMBLY

Assembly of the Merax Desk is required. Detailed assembly instructions are provided with the product. Please ensure you have all components and tools before beginning.

3.1 Before You Begin

- **Check Packages:** Confirm that both packages have arrived. Refer to the packing list to ensure all parts are present.
- **Required Tools:** Note that this product does **not** include all assembly tools. You may need a screwdriver, hammer, and other basic tools.
- **Workspace:** Clear a spacious, clean area for assembly to prevent loss of parts and damage to the product.

3.2 Assembly Steps

1. **Unpack Components:** Carefully unpack all parts and hardware. Organize them according to the assembly manual.
2. **Assemble the Storage Unit:** Follow the instructions to build the main storage cabinet, including the two doors and three drawers.
3. **Assemble the Rotating Desk Section:** Construct the movable desk section, ensuring the casters are correctly installed.
4. **Attach Rotating Mechanism:** Connect the rotating desk section to the storage unit using the provided mechanism, allowing for 360° rotation.
5. **Final Checks:** Once assembled, ensure all screws are tightened, and the desk is stable. Test the rotation and caster brakes.

SIZE

cm

**50
KG**

This diagram illustrates the overall dimensions of the Merax desk, including its length (120 cm), width (50 cm), and height (76.5 cm). Detailed measurements for the storage compartments and drawers are also provided, indicating internal spacing and adjustable shelf ranges.

4. OPERATING INSTRUCTIONS

4.1 360° Rotating Top

The desk features a flexible 360° rotating top, allowing you to adjust its configuration to suit your needs:

- **L-shaped Desk:** Rotate the tabletop perpendicular to the storage unit to create an L-shaped workspace, ideal for corner setups or extended work surfaces.
- **Straight Desk:** Align the tabletop parallel to the storage unit for a traditional straight desk configuration, suitable for smaller spaces.
- **Compact Sideboard:** When not in use as a desk, the rotating top can be fully retracted or aligned to function as a compact sideboard or console table.

4.2 Lockable Casters

The movable desk section is equipped with two lockable casters for stability and mobility:

- **Moving the Desk:** To reposition the desk, unlock the casters by flipping the brake levers upwards. Carefully push or pull the desk to its desired location.
- **Securing the Desk:** Once the desk is in place, engage the brakes on both casters by pushing the levers downwards. This will prevent accidental movement and ensure stability during use.

A detailed view highlighting the desk's stability features. It shows the lockable casters on the movable desk section, allowing for secure positioning. Also visible is the 4 cm thick tabletop, emphasizing the robust construction designed for durability and load-bearing capacity.

4.3 Storage Compartments

The integrated storage unit provides ample space for organization:

- **Cabinet Doors:** The two cabinet doors open to reveal spacious compartments, ideal for larger items, books, or office equipment.
- **Drawers:** The three spacious drawers are perfect for organizing smaller office supplies, documents, or personal

belongings.

This image displays the storage unit with its two cabinet doors and three drawers fully open. It reveals the ample internal storage space, suitable for office supplies, documents, or personal items, demonstrating the organizational capabilities of the desk.

5. MAINTENANCE

To ensure the longevity and appearance of your Merax Desk, follow these maintenance guidelines:

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that can damage the laminate finish.
- **Spills:** Clean up spills immediately to prevent moisture damage to the particle board.
- **Hardware:** Periodically check and tighten all screws and fasteners to maintain structural integrity.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fading or discoloration of the finish.
- **Heat Protection:** Use coasters or protective pads under hot items to prevent heat damage to the tabletop.

6. TROUBLESHOOTING

If you encounter any issues with your Merax Desk, refer to the following common problems and solutions:

- **Desk is Unstable/Wobbly:**
Solution: Ensure all assembly screws are securely tightened. Check that the desk is on a level surface. Engage the brakes on the casters if the desk is moving unintentionally.
- **Drawers or Doors Do Not Close Properly:**
Solution: Verify that the drawer slides are correctly installed and aligned. Check for any obstructions inside the drawers or cabinet. Adjust hinges if doors are misaligned.
- **Rotating Top is Stiff or Difficult to Move:**

- Solution:* Ensure no objects are obstructing the rotation mechanism. Check for any loose fasteners that might be causing friction.
- **Missing Parts:**
Solution: Double-check both packages and the packing list. If parts are genuinely missing, contact customer support with your purchase details.
 - **Surface Damage (Scratches/Chips):**
Solution: For minor cosmetic issues, touch-up pens or furniture repair kits may be used. For significant damage, contact customer support.

7. SPECIFICATIONS

Feature	Detail
