1. IMPORTANT SAFETY INFORMATION

Please read and understand all instructions and safety warnings before assembling and using this product. Failure to follow these instructions may result in injury or damage to the product.

- **Anti-Toppling Device:** It is crucial to install the included anti-toppling device to prevent the dresser from tipping over. Tipping furniture can cause serious or fatal crushing injuries. Always secure the dresser to a wall using the provided hardware.
- **Weight Limits:** Do not exceed the maximum weight capacity for the dresser top (250 lbs) and individual drawers (22 lbs). Overloading can compromise stability and structural integrity.
- **Assembly:** Assemble the dresser on a soft, clean surface to prevent scratches. Ensure all parts are correctly aligned and fasteners are tightened securely before use.
- **Children's Safety:** Keep children away from the assembly area. Do not allow children to climb on or play with the dresser. Always supervise children around furniture.

- Unpack Components:** Carefully remove all parts from the packaging and lay them out on a protected surface. Check against the parts list.
- Assemble Frame:** Follow the manual to construct the main frame of the dresser, ensuring all connections are tight and stable.
- Install Drawer Slides:** Attach the drawer slides to the dresser frame according to the manual's diagrams.
- Assemble Drawers:** Construct each of the seven drawers, ensuring the bottom panels are securely seated and the metal handles are attached.
