YITAHOME MAYIHQw7JL

YITAHOME L Shaped Desk Instruction Manual

Model: MAYIHQw7JL

PRODUCT OVERVIEW

The YITAHOME L Shaped Desk is a versatile and functional addition to any home office or gaming setup. Designed for maximizing workspace, it features an L-shaped configuration, integrated power outlets and USB ports, customizable RGB LED lighting, a lift-top section for sit-to-stand functionality, and ample storage including drawers and a file cabinet.

This desk is constructed from durable P2 MDF, ensuring stability and longevity. Its thoughtful design aims to enhance productivity and comfort for various activities, from working and studying to gaming.

SETUP AND ASSEMBLY

Assembly of the YITAHOME L Shaped Desk is required. It is recommended that two individuals participate in the assembly process to ensure ease and safety. A screwdriver is the primary tool needed for assembly, and all necessary fittings are included in the package.

Please refer to the included detailed instruction manual and diagrams for step-by-step guidance. Ensure all components are present before beginning assembly. The desk dimensions are approximately 59"D x 59"W x 36.4"H, so plan your space accordingly.

OPERATING INSTRUCTIONS

LED Light Strips

The desk features RGB LED light strips that can be controlled via a dedicated phone application or a physical switch. The app allows for full customization of colors, selection from various modes including music sync, and setting timer functions to create an optimal ambiance for work or leisure.

Integrated Charging Station

A convenient charging station is built into the desk, providing 2 USB ports and 4 standard AC power outlets. This station is powered by a 6.56ft power cord, allowing for easy charging of computers, laptops, phones, tablets, printers, and other electronic devices directly from your workspace.

Lift-Top Functionality

The right section of the desk features a lift-top mechanism, enabling users to transition from a sitting to a standing working position. This feature helps alleviate stress from prolonged sitting and promotes better posture. The monitor riser also contributes to ergonomic setup.

LIFT TOP, SIT TO STAND

Work from a sitting or standing position for a healthy alternative

MAINTENANCE

To maintain the appearance and longevity of your YITAHOME L Shaped Desk, regularly wipe surfaces with a damp or dry cloth. Avoid using harsh chemicals or abrasive cleaners, as these may damage the laminated finish. Ensure liquids are promptly wiped away to prevent water damage.

TROUBLESHOOTING

- **Assembly Difficulties:** If you encounter issues with aligning parts or pre-drilled holes during assembly, double-check the instruction manual diagrams. Ensure you are using the correct hardware for each step. Sometimes, slight adjustments or loosening adjacent screws can help with alignment before final tightening.
- **LED Lights Not Functioning:** Verify that the LED light strip is properly connected to its power source and that the power cord is securely plugged into a working outlet. If using the app, ensure Bluetooth is enabled on your device and the app is correctly paired with the lights.

- **Power Outlets Not Working:** Check the main power cord connection to the wall outlet. Ensure the desk's internal power strip is securely connected. If an individual outlet is not working, try a different device to confirm the issue is with the outlet and not the device.
- **Lift-Top Mechanism Stiffness:** If the lift-top feels stiff, ensure no objects are obstructing its movement. The mechanism is designed for smooth operation, but new units may require a few cycles to loosen. Avoid forcing the top if it resists movement.

SPECIFICATIONS

Feature	Detail
Brand	YITAHOME
Model Number	MAYIHQw7JL
Product Dimensions	59"D x 59"W x 36.4"H
Color	White
Material	Engineered Wood (P2 MDF)
Weight	75 Pounds
Maximum Weight Recommendation	600 Pounds
