ANRLI 24V XL Ride On Car Instruction Manual

Model: BBH055 | Brand: ANRLI

1. SAFETY INFORMATION

This product is intended for use under adult supervision. Ensure all safety precautions are followed during assembly and operation. Always use seat belts provided. Do not operate near stairs, steep inclines, or public roads. Maximum weight capacity: 135 lbs. Recommended age: 3 years and up.

2. WHAT'S IN THE BOX

The package includes all necessary ride on car parts for assembly.

3. ASSEMBLY INSTRUCTIONS

Carefully unpack all components and verify against the parts list in your printed manual. Assembly typically takes approximately one hour. A Phillips head screwdriver and a 13mm socket are required (not included).

3.1. Front Axle Assembly

During front axle assembly, ensure the small hook piece that attaches to the steering rod is positioned correctly. It should be **inside** the rectangular section, not as depicted in some older manual diagrams. This ensures proper fit and function with the steering rod.

3.2. General Assembly Steps

Follow the step-by-step instructions provided in the included paper manual. Pay close attention to wiring connections and ensure all screws are securely fastened. The assembly process involves attaching wheels, seats, steering wheel, and connecting battery terminals.

3.3. Assembly Video Guide

For a detailed visual guide, please refer to the official assembly video:

Description: This video demonstrates the installation process for the Hikiddo 24V 2WD Ride on Truck, offering visual guidance for assembly.

4. CHARGING INSTRUCTIONS

The vehicle is powered by a 24V battery. Before first use, fully charge the battery for the recommended duration (refer to the printed manual for specific times). The charging port is typically located on the dashboard. Ensure the vehicle is turned off during charging. A full charge provides approximately 1-2 hours of continuous playtime.

5. OPERATING INSTRUCTIONS

5.1. Power On/Off

Locate the power button on the dashboard to turn the vehicle on or off.

5.2. Driving Modes

The ANRLI 24V XL Ride On Car offers two primary driving modes:

- **Manual Control:** Children can operate the vehicle using the steering wheel and foot pedal.
- **Parent Remote Control:** Parents can override manual control using the 2.4GHz remote control, offering 3-speed options and emergency braking for safety.

5.3. 2WD/4WD Switchable Drive

Utilize the 2WD/4WD switch on the dashboard to adapt to different terrains:

- **2WD (2x2):** Saves energy and provides a smoother ride on flat surfaces.
- **4WD (4x4):** Engages all four 200W motors for stronger power, ideal for rough roads and climbing inclines up to 15 degrees.

Description: The image displays the 4WD/2WD switch located on the dashboard, allowing selection between two-wheel drive for energy saving and four-wheel drive for enhanced traction.

5.4. Speed Settings

The vehicle features variable speeds ranging from 3.1 MPH to a maximum of 5.9 MPH, adjustable via the remote control or dashboard settings.

5.5. Slow Start Function

For enhanced safety, the vehicle is equipped with a slow start function, ensuring a gradual acceleration to prevent sudden jolts.

Slow Start For Safety

Description: This image highlights the slow start feature for safe acceleration and the presence of four shock absorbers for a comfortable ride.

5.6. Multimedia Features

The dashboard includes a multimedia player with USB, Bluetooth, and MP3 connectivity. Enjoy pre-loaded music or connect your own device. A functional horn and LED lights enhance the driving experience.

Description: The image displays the vehicle's dashboard, featuring controls for music playback via USB, Bluetooth, and MP3, along with a functional horn.

5.7. Storage Space

A convenient storage compartment is located at the rear of the vehicle, perfect for carrying small items.

Description: This image illustrates the spacious storage area at the back of the ride-on car, suitable for toys or snacks.

6. MAINTENANCE

Regularly inspect the vehicle for loose parts, damaged wiring, or worn tires. Clean the vehicle with a damp cloth; avoid using harsh chemicals. Store the vehicle in a dry, cool place away from direct sunlight when not in use. Ensure the battery is charged periodically even during storage to maintain its lifespan.

7. TROUBLESHOOTING

- **Vehicle not turning on:** Ensure the battery is fully charged and all electrical connections are secure. Check the main power switch.
- **Remote control not working:** Verify that batteries are correctly installed in the remote. Some users have reported issues when remote batteries are present, suggesting to remove them if manual control is desired and the remote interferes.
- **Vehicle not charging:** Check the charger connection to both the vehicle and the power outlet. Ensure the charging port is clean and free of debris.
- **Vehicle flipping:** Operate the vehicle on flat, stable surfaces. Avoid sharp turns at high speeds or on uneven terrain. Always ensure children are securely buckled in.
- **Unusual noises or poor performance:** Discontinue use immediately and inspect for any visible damage or loose components. Consult the full manual or contact customer support.

8. SPECIFICATIONS

- **Product Dimensions:** 49.6 x 31.1 x 30.3 inches
- **Item Weight:** 60.6 pounds
- **Manufacturer recommended age:** 3 years and up
