SETUP AND ASSEMBLY

Follow these steps to assemble your Garvee Computer Desk:

- 1. Unpack Components:** Carefully remove all parts from the packaging. Lay them out on a clean, soft surface to prevent damage.
- 2. Attach Legs:** Identify the four wooden legs. Align each leg with the pre-drilled holes on the underside of the desktop. Secure each leg using the provided screws and an Allen wrench. Ensure the legs are firmly attached but do not overtighten.
- 3. Verify Stability:** Once all legs are attached, gently turn the desk upright. Place it on a level surface and check for stability. If the desk wobbles, re-check the leg attachments and tighten any loose screws.
