3. Operating Instructions

3.1 Smart Digital Calendar Features

The 15.6-inch HD touchscreen allows for intuitive interaction. You can assign different colors to family members or event types for easy visual identification. Add tasks and manage events across various views and features without any subscription fees.

3.2 Interactive Task Chart & Meal Plans

Utilize the interactive task chart to assign routines and to-do lists. Children can earn stars and unlock custom rewards, fostering engagement and motivation. The device also supports displaying weekly meal plans, simplifying mealtime decisions for the entire family.

Task Chart

Plan tasks for family members by person and time.

Set the reward value for each task through the app. Transform routine tasks into rewarding accomplishments.

3.3 Photo Display & Custom Lists

When not actively used as a calendar, the device can function as a digital photo frame, displaying your favorite photographs. You can organize photos into albums to curate what is featured. Additionally, create custom lists for various purposes, such as packing lists for trips or grocery lists, ensuring you remember everything.

Photo Display

Turn your Calendar into a photo frame when it's not in use.

3.4 Weather & Sleep Mode

Stay informed with precise weather forecasting for the next three days, displayed directly on the calendar. The device also features a customizable sleep mode, allowing you to set specific times for the screen to turn off at night and wake up in the morning, conserving energy and reducing light pollution.

3.5 Device Sharing

Invite family members to synchronize their schedules and changes through eCalendar invitations. This ensures everyone has access to the latest updates and contributes to a unified family schedule.

3.6 eCalendar App

The dedicated eCalendar app, available for free download on Google Play and the Apple App Store, provides comprehensive control and synchronization capabilities. Manage your calendar, tasks, and settings from your mobile device.

- **Automatic Brightness:** Adjusts to ambient light for a softer glow.

- **Weather:** Displays real-time weather and temperature.
- **Touch Screen:** Add your plan at any time, even without a phone.
- **Auto Rotate:** Supports both landscape and portrait orientations.
- **Sleep Mode:** Set sleep and wake times based on your schedule.

4. Mounting Options

The flyEVfish Digital Calendar offers versatile mounting options to suit your space:

- **Wall Mount:** The device can be easily mounted to any wall. Secure the provided screws to the wall, and then hang the calendar directly.
- **Desk Mount:** Alternatively, the calendar can sit beautifully on a desktop using its integrated stand.

Choose the placement that best integrates into your kitchen, hallway, dining room, or living room.

6. Troubleshooting

If you encounter any issues with your flyEVfish Digital Calendar, please refer to the following common troubleshooting steps:

- **Device Not Powering On:** Ensure the power adapter is securely connected to both the device and a working power outlet.
- **Wi-Fi Connection Issues:** Verify your Wi-Fi network is active and the password is correct. Try restarting your router and the digital calendar.
- **Calendar Not Syncing:** Check your internet connection. Confirm that your calendar accounts (Google, Outlook, etc.) are correctly linked in the device settings and the eCalendar app. Ensure the eCalendar app is updated to the latest version.
- **Touchscreen Unresponsive:** Restart the device. If the issue persists, ensure the screen is clean and free of debris.

- **Duplicate Events:** If you experience duplicate events, check for any conflicting calendar synchronizations or settings within the eCalendar app. Sometimes, a forced update from customer service can resolve this.
