HiWEEGO SC8830

HiWEEGO 3-in-1 Wild Animals Building Set

Model: SC8830

Introduction

This manual provides instructions for assembling and interacting with your HiWEEGO 3-in-1 Wild Animals Building Set, Model SC8830. This set allows you to construct three different animal figures: a panda, a cat, or a zebra, along with miniature jungle environments.
The set contains 724 building pieces designed for users aged 9 years and up.

Safety Information

Warning: Choking Hazard - Small Parts. This building set contains small parts and is not suitable for children under 3 years of age. Adult supervision is recommended during assembly, especially for younger users within the recommended age range of 9+.

- Keep all small pieces away from infants and young children.
- Do not ingest any building block pieces.
- Ensure a clean and organized workspace to prevent loss of small parts.

What's in the Box

Upon opening the package, you should find the following components:

- 724 Building Block Pieces (various shapes and colors)
- Instruction Manual (this document, or a printed version)
- Display Stand (for the cat figure, as indicated in product images)

Image: Contents of the box including the instruction manual and building pieces, shown with an assembled panda model.

Setup and Assembly

This building set offers three distinct animal models to assemble: a Panda, a Cat, and a Zebra. You can only build one

model at a time with the provided pieces.

1. **Preparation:** Unpack all building blocks and organize them by color or type if desired. Refer to the included printed instruction manual for detailed, step-by-step assembly guides for each animal figure.
2. **Choose Your Model:** Decide whether you wish to build the Panda, Cat, or Zebra.
3. **Follow Instructions:** Carefully follow the visual and textual instructions provided in the physical manual to connect the pieces. Pay attention to the orientation and placement of each block.
4. **Environmental Elements:** After assembling your chosen animal, use the remaining pieces to create the accompanying miniature jungle environment, such as bamboo shoots, flowers, and mossy stones.

Operating and Interaction

The HiWEEGO 3-in-1 Wild Animals Building Set features articulated joints, allowing for dynamic posing and interactive play once assembled.

- **Panda:** The panda's paws are designed to gently hold the bamboo shoots. Its head may also have limited articulation for expressive poses.
- **Cat:** The cat figure includes articulated limbs and a tail, enabling various poses. A dedicated support stand is provided to allow the cat to be displayed in a leaping or elevated position.
- **Zebra:** The zebra's neck can be gently turned, replicating grazing movements. Its tail may also have some articulation.

Experiment with different poses to bring your animal figures to life and create various scenes within their miniature jungle environments.

Maintenance

To ensure the longevity and appearance of your building set, follow these simple maintenance guidelines:

- **Cleaning:** Gently wipe the assembled figures and individual blocks with a soft, dry cloth to remove dust. For more stubborn dirt, a slightly damp cloth can be used, followed by immediate drying. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** Store disassembled or assembled models in a cool, dry place away from direct sunlight to prevent discoloration or warping of the plastic pieces.
- **Handling:** Handle the assembled models with care to avoid accidental disassembly, especially at articulated joints.

Troubleshooting

If you encounter any issues during assembly or use, consider the following:

- **Missing Pieces:** Carefully check the packaging and surrounding area for any small pieces that may have been overlooked. If pieces are genuinely missing, please contact HiWEEGO customer support.
- **Difficulty Assembling:** Double-check the instruction manual for the specific step you are on. Ensure that the correct pieces are being used and that they are oriented correctly. Sometimes, applying gentle, even pressure is required to connect pieces.
- **Model Instability:** If an assembled model feels unstable, review the assembly steps for that section to ensure all connections are firm and correctly placed. The cat figure's display stand is designed to provide stability for certain poses.

Specifications

Feature	Detail
Product Name	3-in-1 Wild Animals Building Set
Model Number	SC8830
Brand	HiWEEGO

Feature	Detail
Number of Pieces	724
Recommended Age	9 years and up
