4. Setup Instructions

The Sherilyn Twin Bed Canopy Tent is designed for straightforward assembly. Follow these steps to set up your tent:

1. Unfold the tent cover and lay it flat on the floor or bed.
2. Identify the tent poles. These are typically flexible and may come in sections that need to be connected.
3. Carefully slide the poles through the designated sleeves on the tent fabric. Ensure the poles are fully inserted and form the arched structure of the tent.

6. Maintenance

To ensure the longevity and cleanliness of your bed canopy tent:

- **Cleaning:** The tent canopy material (Polycotton) is machine washable. Remove the poles before washing. Use a gentle cycle with cold water and mild detergent. Air dry or tumble dry on low heat.
- **Storage:** The tent is designed to fold down compactly for convenient storage or travel when not in use.

7. Troubleshooting

- **Difficulty with Assembly:** While designed for easy setup, ensure all pole sections are fully connected and correctly inserted into the fabric sleeves. If poles are stiff, apply gentle, even pressure.
- **Tent Feels Warm Inside:** Open the two doors and two windows to improve air circulation. The mesh sections at the top also aid in ventilation.
- **Tent Not Staying in Place:** Ensure the tent is properly secured to the bed frame using all available attachment points.
