LAATOOREE LET402

LAATOOREE Small Nightstands (Set of 2) User Manual

Model: LET402

INTRODUCTION

Thank you for choosing the LAATOOREE Small Nightstands. This manual provides essential information for the safe and proper assembly, operation, and maintenance of your new furniture. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

SAFETY INFORMATION

- Assembly requires the use of a screwdriver. Exercise caution when handling small parts to prevent injury.
- Do not overload the table. The maximum weight recommendation is 100 pounds (45 kg) to ensure stability and prevent damage.
- Ensure all screws and fasteners are securely tightened during assembly and periodically check for looseness.
- Keep small parts and assembly tools away from children.

PACKAGE CONTENTS

Your LAATOOREE Small Nightstands package should contain the following items:

- 2 x LAATOOREE Small Nightstands (disassembled components)
- 1 x Assembly Guide
- 1 x Installation Tool (screwdriver)

Please inspect all components upon receipt. If any parts are missing or damaged, contact customer support for assistance.

Color	Rustic Brown
Style Name	Fluted Style
Table Design	End Table
Model Name	NIGHTSTAND LET
Model Number	LET402
Required Assembly	Yes
Recommended Number of People for Assembly	1
Tools Recommended For Assembly	Screwdriver
Includes All Assembly Tools	Yes

SETUP AND ASSEMBLY

The LAATOOREE Small Nightstands are designed for straightforward assembly. An assembly guide and basic installation tool (screwdriver) are included. One person is recommended for assembly.

- Unpack Components:** Carefully remove all parts from the packaging. Lay them out on a clean, soft surface to prevent scratches. Verify all components listed in the 'Package Contents' section are present.
- Identify Parts:** Each piece is labeled for easy identification. Refer to the included assembly guide for a detailed diagram of all parts and hardware.
- Attach Legs:** Secure the solid wood legs to the base of the nightstand unit. Ensure they are firmly screwed into the pre-drilled holes.
- Assemble Main Body:** Follow the step-by-step instructions in the assembly guide to connect the side panels, top, and bottom of the nightstand.
- Install Fluted Door:** Attach the fluted door to the main body. The door features a magnetic closure for secure storage. Ensure the magnetic latch aligns properly.
- Attach Back Panel (if applicable):** Some units may require attaching a back panel. If pre-drilled holes are not present for the back panel, a screwdriver can be used to create small pilot holes as the engineered wood is soft enough for this.
- Final Tightening:** Once fully assembled, gently tighten all screws to ensure the nightstand is stable and secure. Avoid over-tightening.

OPERATING INSTRUCTIONS

The LAATOOREE Small Nightstands are designed for simple and versatile use:

- **Placement:** Position the nightstands next to your bed, sofa, or in any small space where additional surface and storage are needed. Their compact size makes them ideal for tight areas.
- **Top Surface Use:** The top surface can hold items such as lamps, alarm clocks, books, or decorative pieces. Ensure the total weight does not exceed the maximum weight recommendation of 100 pounds.
- **Storage Compartment:** To access the storage compartment, pull the handle on the fluted door. The door will swing downwards. To close, simply push the door back up until the magnetic latch engages. This compartment is ideal for keeping bedside essentials organized and out of sight.

Small Size Nightstand

MAINTENANCE

To ensure the longevity and appearance of your LAATOOREE Small Nightstands, follow these simple maintenance guidelines:

- **Dust Regularly:** Use a soft, dry cloth to dust the surfaces regularly.
- **Clean Spills Immediately:** Wipe up any spills promptly with a damp cloth and dry thoroughly. Avoid abrasive cleaners or harsh chemicals.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fading or discoloration of the wood finish.
- **Check Fasteners:** Periodically check all screws and fasteners to ensure they remain tight. Re-tighten if necessary to maintain stability.

TROUBLESHOOTING

If you encounter any issues with your LAATOOREE Small Nightstands, refer to the following common troubleshooting tips:

- **Table Feels Unstable/Wobbly:**

- Ensure all legs are securely attached and all screws are tightened.
- Verify the nightstand is placed on a flat, even surface.

- **Door Not Closing Properly:**

- Check if the magnetic latch is properly aligned with the metal plate on the door. Adjust if needed.
- Ensure no items inside the compartment are obstructing the door's closure.

- **Difficulty During Assembly (e.g., missing pilot holes):**

- While the product includes an installation tool, a power drill with appropriate bits can make assembly faster, especially for creating pilot holes for back panels if they are not pre-drilled.
- If you encounter significant issues or missing parts, contact customer support.

WARRANTY AND SUPPORT

For warranty information or technical support, please refer to the documentation included with your purchase or contact the manufacturer directly. Keep your proof of purchase for any warranty claims.
