

Miroddi RGB Mouse Pad with Foldable Phone Stand Wireless Charger

Miroddi RGB Mouse Pad with Wireless Charger and Phone Stand User Manual

INTRODUCTION

Thank you for choosing the Miroddi RGB Mouse Pad with Foldable Phone Stand and Wireless Charger. This product is designed to enhance your desk setup with a large gaming surface, customizable RGB lighting, and convenient wireless charging capabilities for compatible devices. Please read this manual carefully to ensure proper use and optimal performance.

PACKAGE CONTENTS

- 1x Miroddi RGB Wireless Charging Mouse Pad
- 1x USB-C to USB-C Cable (PD Adapter Not Included)
- 1x User Manual

SETUP INSTRUCTIONS

1. **Unpack the Mouse Pad:** Carefully remove the mouse pad and all accessories from the packaging.
2. **Position the Mouse Pad:** Place the mouse pad on a flat, stable surface. Ensure there is enough space for your keyboard, mouse, and other peripherals.
3. **Connect Power:** Connect the provided USB-C to USB-C cable to the mouse pad's Type-C interface. Connect the other end of the cable to a compatible power adapter (PD adapter recommended, not included) or a USB port on your computer. For optimal wireless charging performance, a power adapter with sufficient wattage is recommended.
4. **Initial Power On:** Once connected, the RGB lighting should illuminate, indicating the device is powered on.

OPERATING INSTRUCTIONS

RGB Lighting Control

The mouse pad features 11 vibrant RGB colors and 5 dynamic lighting modes. Control is managed via a touch-sensitive button located on the charging module.

- **Power On:** One touch to turn on the RGB lighting.
- **Power Off:** Long press the button to turn off the RGB lighting. The device has a memory function that will recall the last lighting setting when powered on again.
- **Switch Colors:** Short press the button to cycle through the 11 available RGB colors.
- **Switch Modes:** Double-click the button to switch between the 5 dynamic lighting modes: Static, Breathing, Color Cycle, Wave, and OFF.

Wireless Charging Functionality

The mouse pad includes two Qi-certified wireless charging spots, providing up to 15W/5W max output. These spots are compatible with a wide range of Qi-enabled devices.

- **Charging Placement:** Place your Qi-enabled smartphone on the 15W charging spot (larger area) or your AirPods (with wireless charging case) on the 5W charging spot (smaller area, located below the phone stand).
- **Indicator Light:** The indicator light next to the charging area provides status:
 - **Green:** Charging
 - **Blue:** Standby
 - **Blue Flashing:** Placed-error, Over-temperature, or Foreign Object Detection (FOD) triggered.
- **Compatibility:** Compatible with iPhone 11/12/13/14/15/16/17, Samsung Galaxy S/Note Series, Google Pixel, AirPods Pro/2/3 (wireless charging case), and other Qi-enabled devices.
- **Case Thickness:** For optimal charging, ensure your phone case thickness is less than 8mm. Remove any metal cases, magnets, grips, stands, or credit cards from your phone case before charging to prevent interference or damage.

FAST WIRELESS CHARGING RGB DESK MAT

Foldable Phone Stand

The leather-clad phone charging area doubles as an adjustable phone stand.

- **Adjusting the Stand:** Gently lift the phone charging area to adjust the viewing angle from 0° to 70°.
- **Usage:** Use the stand for hands-free video calls, viewing tutorials, or monitoring charts while your device charges.

MAINTENANCE

To ensure the longevity and performance of your Miroddi RGB Mouse Pad, follow these maintenance guidelines:

- **Cleaning the Surface:** The micro-textured PC surface is waterproof and easy to clean. For spills or dirt, gently wipe with a damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Dust Removal:** Regularly wipe the surface with a soft, dry cloth to remove dust and debris.
- **Storage:** When not in use for extended periods, store the mouse pad flat or rolled loosely to prevent creases.

or damage to the RGB strip.

- **Avoid Extreme Temperatures:** Do not expose the mouse pad to extreme heat or cold, as this may affect its materials and electronic components.

TROUBLESHOOTING

Problem	Possible Cause	Solution
RGB lighting does not turn on.	No power, loose connection, or device malfunction.	Ensure the USB-C cable is securely connected to both the mouse pad and the power source. Try a different USB port or power adapter.
Wireless charging is slow or not working.	Phone not properly aligned, phone case too thick, foreign object detected, or insufficient power input.	Reposition your device on the charging spot. Remove phone case or any metal/magnetic objects. Ensure your power adapter provides sufficient wattage (PD adapter recommended). Check indicator light for blue flashing.
Mouse pad slides on desk.	Surface is not clean or non-slip base is compromised.	Ensure the desk surface is clean and dry. The mouse pad features an anti-slip rubber base for stability.
RGB colors are inconsistent or dim.	Power issue or damage to the RGB strip.	Ensure adequate power supply. If the issue persists, contact customer support.
