JUSTKEY UWT01120

Caliburn G4 Pro Pod Kit User Manual

Brand: **JUSTKEY** | Model: **UWT01120**

1. Introduction

The Caliburn G4 Pro Pod Kit is an advanced electronic cigarette designed for both Mouth-to-Lung (MTL) and Restricted Direct-to-Lung (RDL) vaping experiences. It features a smart 2.51-inch touchscreen, a powerful 1800mAh built-in battery, and a maximum output of 35W. This manual provides detailed instructions for the safe and effective use of your device.

The Caliburn G4 Pro is the first in the Caliburn series to feature a smart touchscreen, offering intuitive control over wattage adjustment, output modes, and puff counter reset with 99% touch accuracy.

2. Important Safety Warnings

- This product is intended for use by individuals aged 20 and above. Products with flavors similar to traditional cigarettes may pose a risk of attracting minors and leading them to smoking. Use by individuals under 20 years old is strictly not recommended.
- This product does **NOT** include e-liquid or nicotine. E-liquids must be purchased separately.
- For first-time use, after filling the POD with e-liquid, allow at least **20 minutes** for the e-liquid to fully saturate the coil before vaping. Failure to do so may result in a burnt taste and damage to the coil.
- If the device will not be used for an extended period, remove the cartridge from the battery and store both components separately in a cool, dry place.
- Do not expose the device to extreme temperatures, direct sunlight, or water.
- Use only the provided charging cable and a compatible power adapter (5V/2.5A recommended).

3. Package Contents

Please check the box to ensure all items are present:

- 1 × Caliburn G4 Pro Pod Device
- 1 × GPP Integrated Coil Cartridge 0.4Ω (3ml)
- 1 × GPP Integrated Coil Cartridge 0.6Ω (3ml)
- 1 × Instruction Manual

パッケージ内容

1×Caliburn G4 Proポッド本体
1×GPP Integrated コイルカートリッジ0.4Ω(3ml)
1×GPP Integrated コイルカートリッジ0.6Ω(3ml)
1×取扱説明書

JUSTKEYにて販売中

Image: An overview of the Caliburn G4 Pro's key features, highlighting the 2.51-inch full touchscreen, 1800mAh large capacity battery, 6 attractive UI themes, 3 output modes, and 35W maximum output.

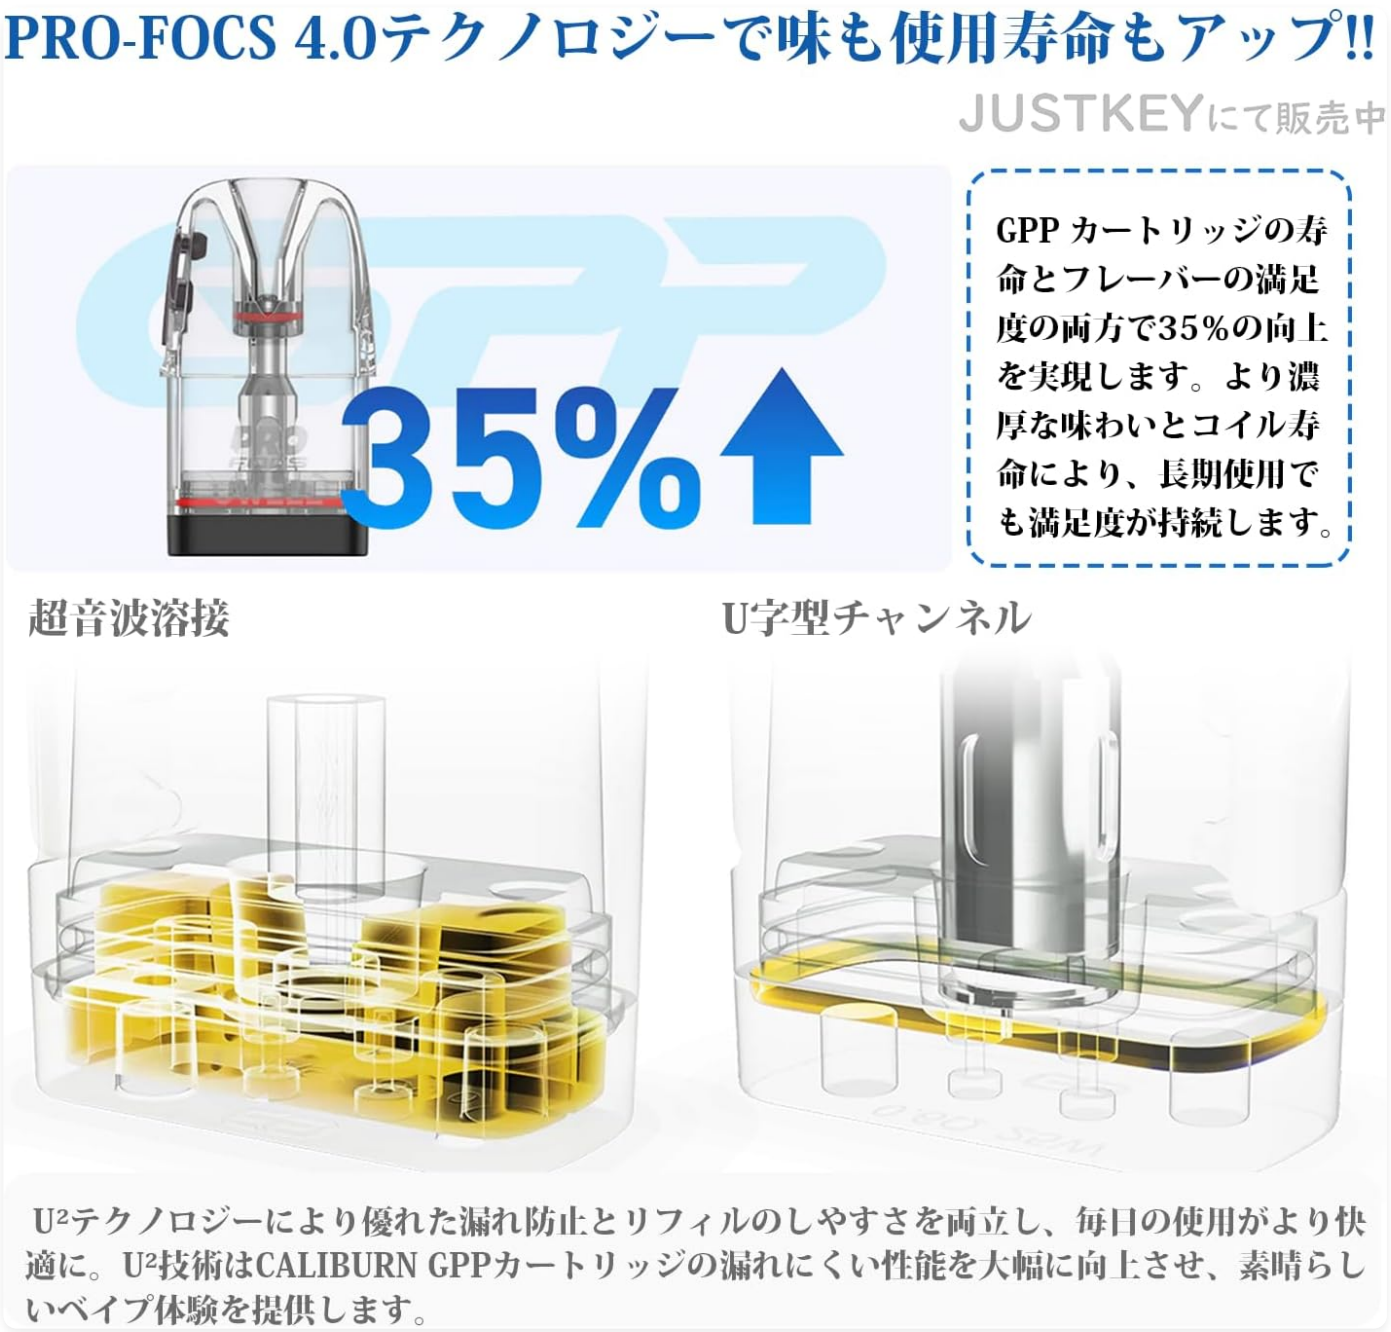

Image: This image showcases the 6 attractive UI themes available on the Caliburn G4 Pro, along with details on the 1800mAh battery, 2.51-inch display, touch accuracy of >99.99%, and reaction speed of <0.2s.

5. Initial Setup

5.1 Charging the Device

Before first use, ensure your Caliburn G4 Pro is fully charged. Connect the Type-C charging cable to the device's charging port and plug the other end into a compatible 5V/2.5A power adapter. The screen will indicate the charging status. A full charge allows for extended use.

5.2 Filling the Cartridge

1. Remove the cartridge from the device.

2. Locate the side-fill port on the cartridge.
3. Open the silicone plug.
4. Carefully insert the nozzle of your e-liquid bottle into the fill port and fill the cartridge with your desired e-liquid (up to 3ml capacity).
5. Securely close the silicone plug to prevent leaks.

5.3 Priming the Coil

After filling the cartridge, it is crucial to allow the e-liquid to fully saturate the coil. Insert the filled cartridge back into the device and let it stand upright for at least **20 minutes** before taking your first puff. This prevents dry hits and extends coil lifespan.

Image: This diagram illustrates the PRO-FOCS 4.0 technology, which enhances cartridge lifespan and flavor satisfaction by 35%. It also highlights U² technology for superior leak prevention and easy refilling, ensuring a comfortable daily vaping experience.

6. Operating Instructions

6.1 Power On/Off

The device typically powers on automatically when a cartridge is inserted or by pressing the fire button (if available). To power off, refer to the on-screen menu options via the touchscreen.

6.2 Using the Touchscreen UI

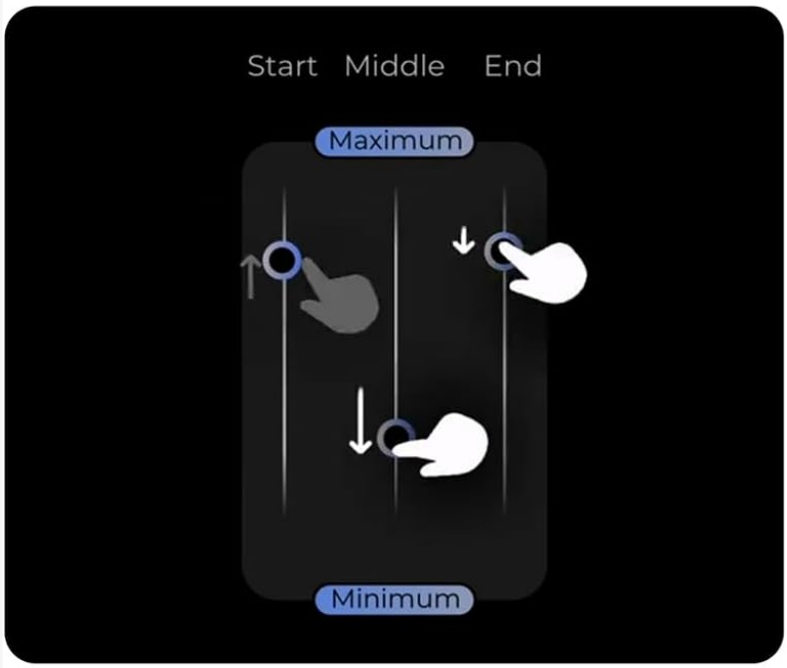

The Caliburn G4 Pro features a 2.51-inch TFT touchscreen for full control. Simply tap the screen to navigate menus and adjust settings.

- **Wattage Adjustment:** Tap the wattage display to enter adjustment mode. Use the on-screen controls to increase or decrease the wattage (up to 35W) to your preference.
- **Output Mode Switching:** The device offers three distinct output modes:
  - **Storm Mode:** Delivers an instant throat hit.
  - **Waves Mode:** Provides smooth flavor delivery.
  - **Custom Mode:** Allows flexible output adjustment at the beginning, middle, and end of your puff for a personalized vaping experience.
- **Puff Counter Reset:** Navigate to the puff counter option on the screen and tap to reset it.
- **UI Themes:** Explore 6 attractive UI themes. Three themes include corresponding animation effects. Three additional themes can be unlocked by achieving specific puff count milestones.
- **Smart Display Hub:** Swipe down on the screen to access more functions, including language selection, clean UI settings, animation options, and battery saver mode.

味を何よりも大切に

CUSTOMIZE

お好みに合わせたカスタマイズプラン

Image: This image demonstrates the intuitive touchscreen controls of the Caliburn G4 Pro, including wattage adjustment, output mode switching (Storm, Waves, Customize), and puff counter reset. It also shows the smart display hub with options for language, clean UI, animation, and battery saver.

Image: This visual explains the Caliburn G4 Pro's focus on flavor, detailing the Storm, Waves, and Custom modes. It illustrates how users can adjust output at the start, middle, and end of a puff, along with stepless airflow adjustment and the benefits of PRO-FOCS 4.0 technology.

6.3 Vaping

Once the coil is primed and settings are adjusted, simply inhale from the mouthpiece to activate the device and enjoy your vaping experience.

7. Maintenance

- **Cleaning:** Regularly wipe down the device and cartridge with a clean, dry cloth to remove any e-liquid residue or dust. Ensure the charging port is free of debris.

- **Coil Replacement:** The GPP Integrated Coil Cartridges are designed for optimal performance and flavor. Replace the cartridge when you notice a decrease in flavor, vapor production, or a burnt taste.
- **Leak Prevention:** The Caliburn G4 Pro utilizes U² technology for enhanced leak prevention, making daily use more comfortable. Always ensure the silicone plug on the cartridge is securely closed after refilling.
- **Storage:** If storing the device for an extended period, remove the cartridge from the battery and store both components separately in a cool, dry place, away from direct sunlight and extreme temperatures.

8. Troubleshooting

- **No Vapor Production:**
  - Check if the device is charged.
  - Ensure the cartridge is properly inserted.
  - Verify the cartridge has sufficient e-liquid.
  - Allow adequate priming time for new coils (at least 20 minutes).
  - Try replacing the cartridge with a new one.
- **Burnt Taste:**
  - The coil may be dry. Ensure the cartridge is filled and allow it to soak for 20 minutes.
  - The coil may be worn out. Replace the cartridge.
  - The wattage setting might be too high for the coil. Reduce the wattage.
- **Leaking:**
  - Ensure the silicone plug on the cartridge is securely closed after refilling.
  - Check for any cracks or damage to the cartridge. Replace if damaged.
  - Avoid overfilling the cartridge.
- **Device Not Charging:**
  - Check the charging cable and adapter for damage.
  - Ensure the charging port on the device is clean and free of debris.
  - Try a different charging cable or power source.

9. Warranty and Support

For any inquiries, issues, or support regarding your Caliburn G4 Pro Pod Kit, please do not hesitate to contact the manufacturer, JUSTKEY. Refer to your purchase documentation or the official JUSTKEY website for specific warranty terms and contact information.

Please note that this set only includes the vaping device itself. E-liquids, nicotine products, and tar are not included.
