SETUP AND ASSEMBLY

Follow these steps to assemble your Nanoblock Cinnamon Roll model.

1. **Preparation:** Clear a well-lit, flat surface for assembly. Organize your Nanoblock pieces by color and size to facilitate the building process.

2. **Base Construction:** Begin by constructing the base of the Cinnamon Roll figure as indicated in the included visual guide. Pay close attention to the orientation of the first few layers.
3. **Body Assembly:** Gradually build up the body of the Cinnamon Roll, layer by layer. Ensure each block is securely connected to the previous one.
4. **Facial Features:** Attach the small blue blocks for the eyes and the pink blocks for the cheeks, as well as the blue block for the mouth, following the visual instructions.
5. **Ears and Ribbon:** Construct the ears using the white blocks and the distinctive large blue ribbon using the transparent blue blocks. Attach them to the main body.

MAINTENANCE AND CARE

- **Cleaning:** To clean the model, gently wipe it with a dry, soft cloth. For stubborn dust, a soft brush or compressed air can be used. Avoid using harsh chemicals or abrasive materials.
- **Storage:** If disassembling for storage, keep all pieces in a sealed container to prevent loss and dust accumulation.

TROUBLESHOOTING

- **Missing Pieces:** If you believe pieces are missing, carefully re-check the packaging and your work area. Contact Kawada customer support if pieces are genuinely missing.
- **Difficulty Connecting Blocks:** Ensure blocks are aligned correctly. Apply gentle, even pressure. Do not force blocks together, as this may cause damage.
