UBeesize UB-2FZ12BK

UBeesize 2-Pack LED Video Light Kit Instruction Manual

Model: UB-2FZ12BK

PRODUCT OVERVIEW

The UBeesize 2-Pack LED Video Light Kit provides versatile and high-quality lighting solutions for various applications, including photography, video recording, streaming, and makeup. Each kit includes two compact 11-inch LED panels, adjustable tripod stands, phone holders, and a remote control for convenient operation.

- **Compact 11" Panel:** Designed for portability with 300 premium LED beads, delivering 2000 lumens of ultra-bright output and a Color Rendering Index (CRI) of >97 for true-to-life color accuracy.
- **Ultra-Bright Lighting:** 24W power ensures soft, flicker-free light, suitable for professional results in any environment.
- **Flexible Angles & Adjustable Height:** Light panels tilt 180° and mount on sturdy aluminum tripods that extend up to 65" and fold down to 15.5", allowing for easy adaptation to various shooting needs.
- **Reliable Power:** Powered by a dedicated AC/DC adapter (12V/2A) for stable output during long sessions, engineered for durability.
- **Portable Kit:** Lightweight and durable, includes a storage bag for easy transport, ideal for creators on the move.

The UBeesize 2-Pack LED Video Light Kit provides comprehensive lighting for various creative needs.

WHAT'S IN THE BOX

Your UBeesize 2-Pack LED Video Light Kit includes the following components:

- 2 × Video Lights (11-inch LED panels)
- 2 × Tripod Stands (adjustable height)
- 2 × AC/DC Power Adapters (12V/2A)
- 2 × Phone Clips
- 1 × Remote Control (Bluetooth enabled)
- 1 × Portable Carry Bag

All included components for your UBeesize LED Video Light Kit.

SETUP INSTRUCTIONS

Follow these steps to assemble your UBeesize LED Video Light Kit:

1. **Assemble the Tripod Stand:** Unfold the tripod legs until they are fully extended and stable. Secure the legs by tightening the locking knob. Extend the central pole to your desired height and tighten the locking mechanisms on each section.
2. **Attach the Light Panel:** Locate the screw mount on top of the tripod stand. Align the threaded hole on the bottom or side of the LED video light panel with the screw mount. Rotate the light panel clockwise until it is securely fastened.
3. **Attach the Phone Clip:** If using a phone, attach one of the phone clips to the tripod stand at your preferred height and orientation. Ensure it is securely tightened. Insert your smartphone into the clip.
4. **Connect Power:** Plug the AC/DC power adapter into the power port on the back of the LED video light panel. Connect the adapter to a power outlet.

Smooth Touch Control

Easily adjustable with a simple touch

3000K – 6500K
Warm to Cool Adjustable

0–100%
Infinitely Dimmable

The light panel offers 180-degree flexible rotation for optimal positioning.

The universal phone holder fits phones from 2.5 to 3.5 inches wide.

Watch this video for a detailed guide on setting up your UBeesize 2-Pack LED Video Light Kit.

OPERATING INSTRUCTIONS

Learn how to use your UBeesize LED Video Light Kit effectively:

1. **Power On/Off:** Press the power button (marked with a circle and vertical line) on the back of the LED panel to turn the light on or off.
2. **Adjust Brightness:** Use the '+' and '-' buttons on the back of the panel to increase or decrease the light brightness (0-100% infinitely dimmable).
3. **Change Color Temperature:** Press the 'M' button to cycle through different color temperature modes (3000K-6500K, warm to cool adjustable).
4. **Using the Remote Control:** The included Bluetooth remote control can be paired with your smartphone (compatible with iOS and Android) to remotely trigger photos or start/stop video recording. Refer to your phone's Bluetooth settings to pair the remote.

Smooth touch controls allow for easy adjustment of brightness and color temperature.

MAINTENANCE

To ensure the longevity and optimal performance of your UBeeSize LED Video Light Kit, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to wipe down the LED panels and tripod stands. Avoid using abrasive cleaners or solvents, as these can damage the surfaces.
- **Storage:** When not in use, disassemble the kit and store all components in the provided portable carry bag. Store in a cool, dry place away from direct sunlight and extreme temperatures.
- **Cable Care:** Avoid bending or twisting power cables excessively. Ensure cables are not pinched or placed under heavy objects to prevent damage.
- **Battery Replacement (Remote):** The remote control requires 1 A battery (included). If the remote stops responding, replace the battery.

TROUBLESHOOTING

If you encounter any issues with your UBeeSize LED Video Light Kit, refer to the following troubleshooting tips:

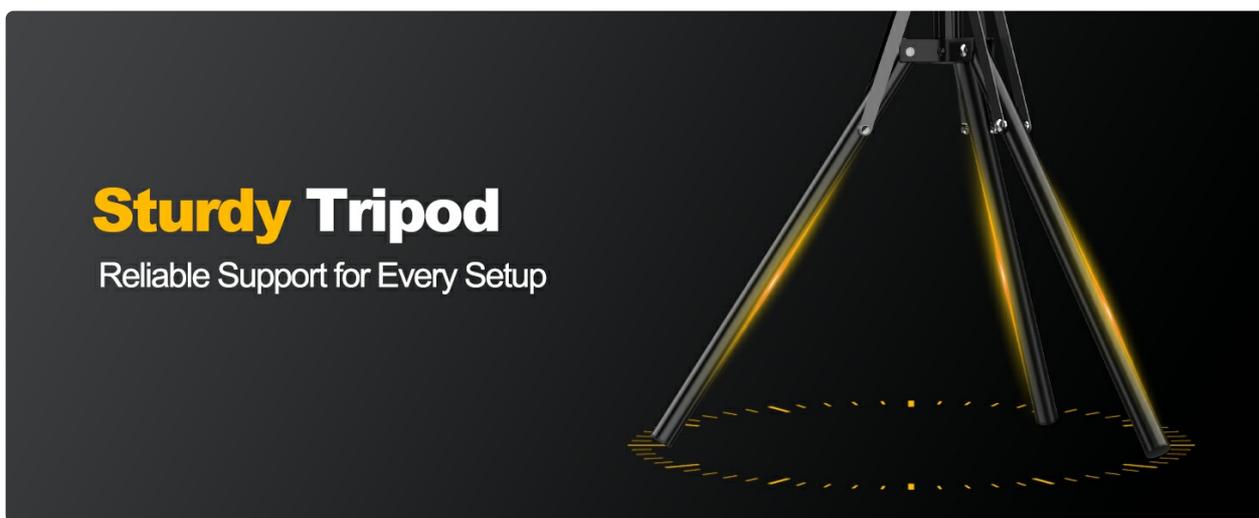

- **Light Not Turning On:**
 - Ensure the power adapter is securely plugged into both the LED panel and a working power outlet.
 - Check if the power outlet is functional by plugging in another device.
- **Remote Control Not Connecting:**
 - Ensure Bluetooth is enabled on your smartphone.
 - Check the remote control's battery and replace if necessary.
 - Try unpairing and re-pairing the remote control in your phone's Bluetooth settings.
- **Unstable Tripod:**
 - Ensure all tripod leg locks and height adjustment clamps are fully tightened.

- Place the tripod on a flat, stable surface.
