

Falagil Malaysia Twin Towers

Falagil 1:800 Malaysia Twin Towers Architecture Building Blocks Set Instruction Manual

1. INTRODUCTION

Thank you for choosing the Falagil 1:800 Malaysia Twin Towers Architecture Building Blocks Set. This kit allows you to construct a detailed replica of the iconic Petronas Towers using 5,839 precision pieces. This manual provides essential information for assembly, care, and troubleshooting to ensure a successful and enjoyable building experience.

2. SAFETY INFORMATION

Please read the following safety guidelines before beginning assembly:

- **Small Parts Warning:** This set contains many small parts which may pose a choking hazard. Keep all pieces away from small children and pets.
- **Recommended Age:** This product is recommended for individuals aged 15 years and up due to the complexity and number of small components.
- **Do Not Ingest:** The building blocks are made of ABS plastic and are not intended for consumption.

3. PACKAGE CONTENTS

Upon opening your package, you should find the following items:

- Building blocks (5,839 pieces)
- Detailed instruction manual

Note on Packaging: Your product is shipped in either a durable cardboard box or a plastic bag for professional packaging. Both methods ensure the building blocks and instructions arrive in good condition.

The packaging method does not affect the quality or completeness of the product inside.

4. SETUP AND PREPARATION

Before you begin the assembly process, follow these steps:

1. **Unpack All Components:** Carefully remove all building blocks and the instruction manual from the packaging.
2. **Organize Pieces:** Sort the building blocks by color, size, or type as suggested in the instruction manual. This will significantly streamline the assembly process.
3. **Prepare Your Workspace:** Choose a clean, flat, and well-lit surface large enough to accommodate the building process and the completed model. Ensure you have ample space to spread out components and follow the instructions.

5. ASSEMBLY INSTRUCTIONS

The assembly of the Malaysia Twin Towers model is a detailed and rewarding process. Follow the included step-by-step instruction manual carefully for optimal results.

- **Follow Steps Sequentially:** Each step in the manual builds upon the previous one. Ensure each section is correctly assembled before moving to the next.
- **Pay Attention to Detail:** The model features intricate details designed to replicate the iconic landmark. Observe the images and part placements closely.
- **Patience is Key:** With 5,839 pieces, this is an extensive build. Take your time and enjoy the process. The satisfaction of completion is immense.
- **Teamwork:** This set is also an ideal activity for family or friends, fostering teamwork and shared creativity.

6. MAINTENANCE AND CARE

To ensure your Falagil Malaysia Twin Towers model remains a stunning display piece, follow these care instructions:

- **Cleaning:** Dust the model regularly with a soft, dry cloth or a soft brush. For more stubborn dirt, a slightly damp cloth can be used, but avoid excessive moisture.
- **Display:** Place the assembled model on a stable, flat surface away from direct sunlight and extreme temperatures to prevent discoloration or warping of the ABS plastic.
- **Material:** The building blocks are made from high-quality ABS plastic, known for its durability.

7. TROUBLESHOOTING

If you encounter any issues during assembly, please refer to the following common solutions:

- **Missing Pieces:** In the rare event of missing parts, please contact customer support immediately. We will arrange for a free replacement of the necessary components.
- **Pieces Not Fitting:** Double-check the instruction manual to ensure you are using the correct pieces and that they are oriented correctly. Sometimes, a piece may appear similar to another but has a subtle difference.
- **Loose Connections:** Ensure each block is firmly pressed into place. A secure connection is crucial for the stability of the model.
