3. Operating Instructions

The SONGMICS Metal Coat Rack is designed for convenient and organized storage of various items. To use your coat rack effectively:

- **Hang Items:** Utilize the 16 hooks to hang coats, jackets, scarves, hats, and bags. The hooks are distributed at different heights, making them accessible for both adults and children.
- **Distribute Weight:** For optimal stability, distribute the weight of your items evenly across the hooks. Avoid hanging all heavy items on one side.
- **Protect Garments:** The ball ends on each hook are designed to prevent your clothes from slipping off and to protect delicate fabrics from snags or damage.

The coat rack features 16 hooks for ample storage of various garments and accessories.

Each hook is equipped with a protective ball end, and the metal features an anti-rust coating.

4. Maintenance

To ensure the longevity and appearance of your SONGMICS Metal Coat Rack, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the coat rack regularly with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners,

as these can damage the finish.

- **Rust Prevention:** The coat rack is treated with an anti-rust coating. To maintain this protection, avoid prolonged exposure to excessive moisture.
- **Check Connections:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary to maintain stability.

5. Troubleshooting

If you encounter any issues with your coat rack, consider the following common solutions:

- **Instability/Wobbling:**
  - Ensure all assembly screws are fully tightened.
  - Verify that the weight of items is evenly distributed on the hooks. Overloading one side can cause imbalance.
  - Check that the coat rack is placed on a flat, level surface.
- **Items Sliding Off Hooks:**
  - Confirm that the ball ends are securely in place on each hook.
  - Ensure items are hung properly and not just draped loosely.

The stable triangular structure and non-slip feet contribute to the coat rack's overall stability.
