HIGH GODO 212215 (2in1 Transforming Set)

HIGH GODO Transforming Robot Building Set (Model 212215)

2-in-1 Assembly and Usage Instructions

1. INTRODUCTION

This instruction manual provides comprehensive guidance for assembling and operating your HIGH GODO Transforming Robot Building Set, Model 212215. This 649-piece set allows you to construct either a transforming robot or a truck. Please read these instructions carefully before beginning assembly to ensure a smooth and enjoyable building experience.

2. SAFETY INFORMATION

WARNING: CHOKING HAZARD - Small Parts. Not for children under 3 years.

This building set contains small parts that may pose a choking hazard. Keep all components out of reach of young children. Adult supervision is recommended during assembly, especially for younger users (recommended age 14+).

- Ensure all parts are handled carefully to avoid breakage.
- Do not ingest any parts.
- Dispose of packaging materials responsibly.

3. WHAT'S IN THE BOX

Your HIGH GODO Transforming Robot Building Set package should contain the following items:

- 649 Building Pieces (various shapes and sizes)
- Instruction Manual (this document)
- Sticker Sheet

Please verify that all components are present before starting assembly. If any parts are missing, refer to the "Troubleshooting" section for assistance.

4. SETUP AND ASSEMBLY

The HIGH GODO Transforming Robot Building Set offers two primary build modes: a transforming robot and a truck. The instructions provided in the included manual will guide you through the construction of each model. Please follow the steps sequentially.

General Assembly Tips:

- **Organize Parts:** Before starting, sort the building pieces by color, size, or type to make them easier to find.
- **Follow Instructions:** Refer to the included pictorial instruction manual for step-by-step guidance. Each step illustrates the pieces required and their placement.
- **Secure Connections:** Ensure all pieces snap together firmly. Loose connections can affect the stability and transformation capabilities of the model.
- **Sticker Application:** Apply stickers carefully according to the manual's diagrams to enhance the model's appearance.

4in1 Transforming Mech

Image: The robot form alongside its alternative truck configurations, demonstrating the 2-in-1 capability.

Building the Robot:

Follow the dedicated sections in your physical instruction manual to construct the robot form. Pay close attention to the articulation points for movable parts like the head, knees, and wrists.

Building the Truck:

To build the truck form, you will need to disassemble the robot and reassemble the pieces according to the truck instructions. This set is designed for rebuilding between forms, not instant transformation.

5. OPERATING AND TRANSFORMATION

This building set features a 2-in-1 design, meaning you can build either the robot or the truck. The transformation between these two modes requires disassembly and reassembly of the building blocks.

Robot Mode:

Once assembled, the robot model has several movable joints, including the head, knees, and wrists. These allow for various poses, enhancing play and display options. Handle the joints gently to avoid excessive force.

Truck Mode:

After building the truck, it can be used as a standalone model. To switch back to robot mode, carefully disassemble the truck and follow the robot assembly instructions.

6. MAINTENANCE

Proper care will ensure the longevity of your building set.

- **Cleaning:** Use a soft, dry cloth to gently wipe dust from the assembled model. For stubborn dirt, a slightly damp cloth can be used, but avoid excessive moisture. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** When not on display or in use, store the building blocks in a cool, dry place away from direct sunlight and extreme temperatures. Keep them in their original box or a suitable container to prevent loss of pieces.
- **Handling:** Avoid dropping the assembled model or applying excessive force to its parts, as this may cause pieces to detach or break.

7. TROUBLESHOOTING

Missing Parts:

If you discover any missing parts in your kit, please contact HIGH GODO customer service. Provide a clear description of the missing part(s) (e.g., part number from the manual, color, shape) and your purchase details. We will endeavor to resolve the issue promptly.

Difficulty Assembling:

If you encounter difficulty snapping pieces together, ensure you are using the correct pieces as indicated in the instruction manual. Some connections may require a firm but gentle push. Avoid forcing pieces, as this can cause damage.

Model Instability:

If the assembled model feels unstable, recheck the connections of the relevant sections. Ensure all pieces are fully engaged and secured according to the instructions.

8. SPECIFICATIONS

Feature	Detail
Brand Name	HIGH GODO
Model Name	Building Set
Model Number	212215
Number of Pieces	649
Theme	Robot
Material Type	Plastic
Item Dimensions (Robot)	6 x 5 x 9 inches (approximate)

Item Weight	0.2 Pounds
Recommended Age	14+ years
Educational Objective	Construction Skills, Sorting Skills, Spatial Reasoning
Additional Features	Non Toxic

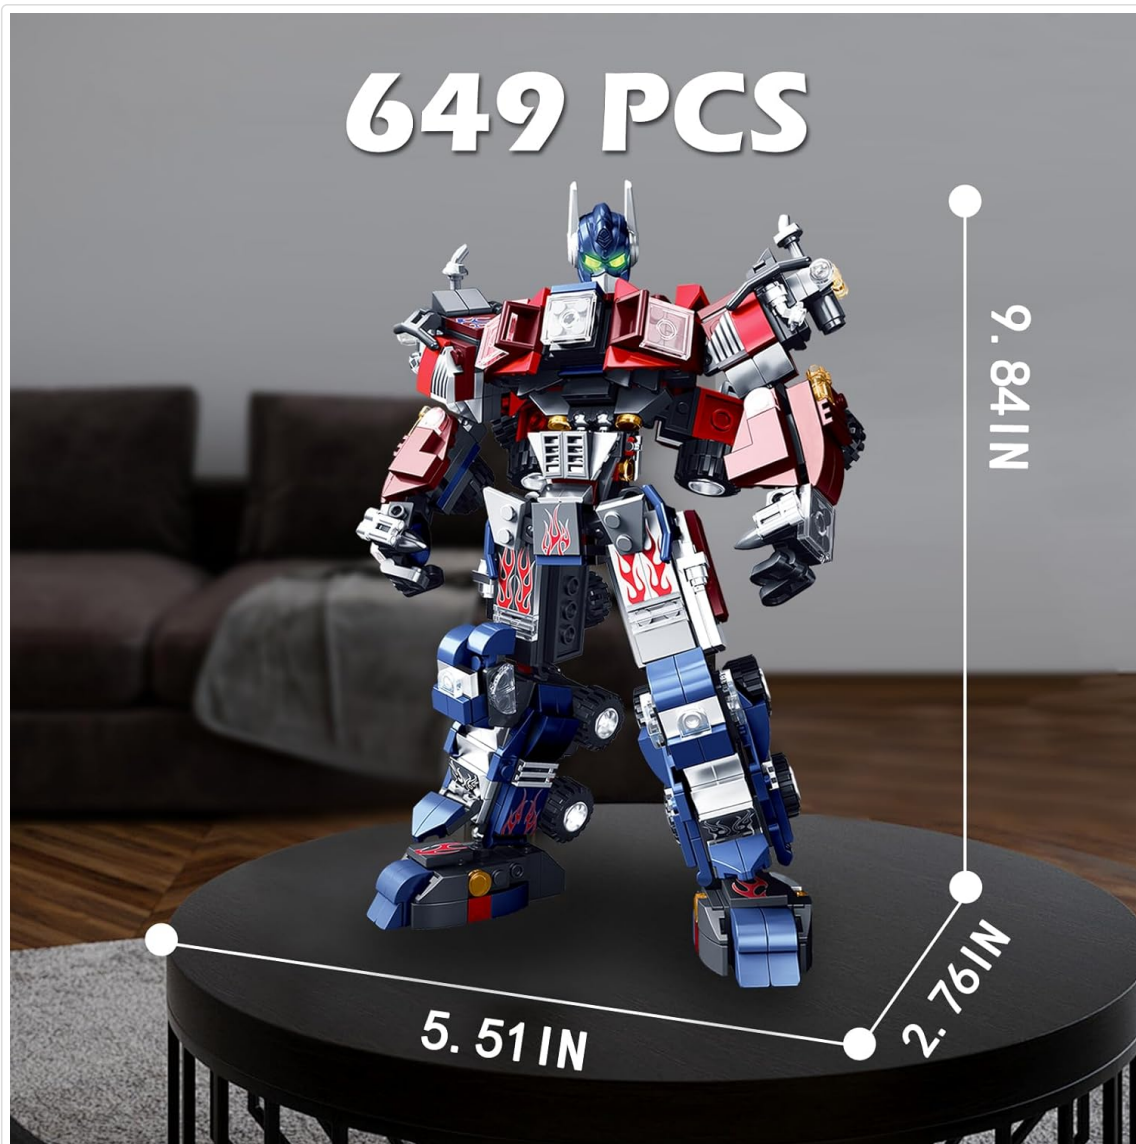

Image: Visual representation of the robot's dimensions: 9.84 inches height, 5.51 inches width, 2.76 inches depth.
