## IRONCK HK-MC-09

# IRONCK HK-MC-09 Tall Bathroom Cabinet User Manual

Brand: IRONCK | Model: HK-MC-09

---

## 1. INTRODUCTION

---

This manual provides comprehensive instructions for the assembly, operation, and maintenance of your IRONCK HK-MC-09 Tall Bathroom Cabinet. Designed for small spaces, this freestanding storage unit offers versatile organization with its slim profile, adjustable shelves, and a combination of drawers and doors.

## 2. IMPORTANT SAFETY INFORMATION

---

**WARNING: Failure to follow these safety instructions may result in injury or damage to the product.**

- Always secure the cabinet to the wall using the provided anti-tip kit to prevent tipping. This is crucial for stability, especially in households with children or pets.
- Exercise caution when assembling and moving the cabinet. Two people are recommended for assembly and relocation.
- Do not overload shelves or drawers. Distribute weight evenly to maintain stability.
- Keep small parts and hardware away from children during assembly.

### 3. PACKAGE CONTENTS

Before beginning assembly, verify that all components are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Cabinet Panels (various sizes)
- Drawer Components
- Door(s) (including one transparent acrylic door)
- Adjustable Shelves
- Hardware Pack (screws, dowels, cam locks, hinges, drawer slides, handles, etc.)
- Anti-Tip Kit
- Assembly Instructions Manual

### 4. SETUP AND ASSEMBLY

Assembly is required for this product. Please follow the detailed step-by-step instructions provided in the separate assembly manual included in your package. Ensure you have adequate space and the necessary tools (e.g., screwdriver, hammer) before starting.

1. Unpack all components and lay them out on a clean, soft surface to prevent scratches.
2. Identify each part using the diagrams in the assembly manual.
3. Follow the sequential steps for assembling the cabinet frame, drawer, and doors.
4. Install the adjustable shelves as desired (refer to Section 5.1).
5. **Crucially, install the anti-tip kit** as per the instructions to secure the cabinet to a wall.

## 5. OPERATING INSTRUCTIONS

### 5.1 Adjustable Shelves

The cabinet features adjustable shelves within its compartments, allowing for customized storage configurations. To adjust a shelf:

- Empty the shelf of all items.
- Carefully lift the shelf and remove the shelf pins from their current holes.
- Reinsert the shelf pins into the desired new holes, ensuring they are level.
- Place the shelf back onto the pins.

Image 5.1: Close-up view demonstrating the adjustable shelf feature, highlighting the different height options.

### 5.2 Drawer Usage

The smooth-sliding drawer provides enclosed storage for smaller items. To operate, gently pull the handle to open and push to close. Avoid forcing the drawer if it encounters resistance.

# Smooth-sliding drawers

*Image 5.2: The cabinet's drawer, shown open with various small items stored inside, illustrating its smooth operation.*

## **5.3 Transparent Door Cabinet**

The upper cabinet features a clear acrylic door, allowing for easy visibility of stored items while keeping them protected from dust. Use the handle to open and close the door. Ensure the door closes completely to maintain a tidy appearance.

# Clear Acrylic Door

*Image 5.3: The upper section of the cabinet with its clear acrylic door open, revealing stored items.*

## **5.4 Removable Hanging Rod**

The open shelf section includes a removable hanging rod. This rod can be used for hanging small towels or can be removed to create more space for folded items. Note that once installed, it is not designed for frequent removal.

# Removable hanging rod

tips: Cannot be removed after installation

or

## 5.5 Top Surface with Safety Guards

The top surface of the cabinet features safety guards to prevent items from easily falling off. This area can be used for decorative items or frequently accessed essentials.

*Image 5.5: The top surface of the cabinet, featuring raised edges designed to prevent items from sliding off.*

## 6. MAINTENANCE AND CARE

---

- **Cleaning:** Wipe the painted MDF surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals, as these can damage the finish.
- **Spills:** Clean up spills immediately to prevent staining or damage to the wood.
- **Hardware:** Periodically check all screws and fasteners to ensure they are tight. Retighten if necessary.
- **Anti-Tip Kit:** Regularly inspect the anti-tip kit to ensure it remains securely fastened to both the cabinet and the wall.

## 7. TROUBLESHOOTING

---

Problem	Possible Cause	Solution
Cabinet feels unstable or wobbly.	Anti-tip kit not installed or loose; uneven floor; loose fasteners.	Ensure anti-tip kit is correctly installed and tightened. Check all assembly fasteners and tighten if loose. Place cabinet on a level surface or use shims if necessary.
Drawer does not slide smoothly.	Drawer slides misaligned; obstruction in the track; overloaded drawer.	Check that drawer slides are correctly installed and aligned. Remove any obstructions. Reduce the weight in the drawer.
Cabinet door does not close properly.	Hinges misaligned or loose; cabinet not level; obstruction.	Adjust or tighten door hinges. Ensure the cabinet is level. Check for any items obstructing the door's path.
