WZWNEER P72

WZWNEER Kids Smart Watch P72 Instruction Manual

Model: P72

INTRODUCTION

This manual provides detailed instructions for the WZWNEER Kids Smart Watch P72. Please read this guide thoroughly to understand the watch's features, setup, operation, and maintenance. This smart watch is designed to offer a blend of educational tools, entertainment, and health monitoring for children.

1. GETTING STARTED

1.1 Package Contents

- WZWNEER Kids Smart Watch P72
- Charging Cable
- User Manual (this document)

1.2 Charging the Watch

Before first use, fully charge the smart watch. Connect the magnetic charging cable to the charging nodes on the back of the watch and plug the USB end into a compatible power adapter (not included) or computer USB port. A full charge typically takes approximately 2 hours. The watch includes one nonstandard battery.

1.3 Powering On/Off

- **To Power On:** Press and hold the Power Button located on the side of the watch until the screen illuminates.
- **To Power Off:** Press and hold the Power Button until the power-off option appears on the screen, then confirm.

2. BASIC OPERATION

2.1 Touch Screen Navigation

The watch features an HD touch screen for easy navigation. Swipe left, right, up, or down to access different menus and functions. Tap icons to select applications or confirm actions.

2.2 Connecting to the App (Bluetooth)

To unlock full functionality, including AI features and detailed health tracking, connect the watch to a smartphone via Bluetooth. The watch supports both Android and iOS operating systems. Download the companion app from your device's app store. Follow the in-app instructions to pair your watch.

3. FEATURES AND FUNCTIONS

3.1 AI Functions

- **AI Customized Watch Face:** Personalize the watch face using voice commands. For example, say "my lovely dog" to set a dog image as the watch face.

- **AI Question and Answer:** Ask questions and receive instant, accurate responses directly on the watch. This feature fosters curiosity and learning.
- **AI Image Recognition:** Use the built-in camera to identify objects, animals, and places. The watch provides information about the recognized item.

3.2 Health Monitoring

- **Heart Rate Monitor:** Tracks heart rate to help monitor activity levels.
- **Sleep Tracking:** Provides detailed analysis of deep sleep, light sleep, and wake-up times to promote healthy sleep habits.
- **Blood Oxygen Monitor:** Measures blood oxygen levels.
- **Stress Monitor:** Helps track stress levels.

Image: Display of health monitoring features including heart rate, sleep duration, and blood oxygen saturation (SpO2).

3.3 Activity Tracking and Multi-sport Modes

The watch tracks daily activity including steps, calories burned, and distance covered. Multiple sport modes are available to accurately track various physical activities.

- **Pedometer:** Counts steps taken throughout the day.
- **Calorie Tracker:** Estimates calories burned based on activity.
- **Distance Tracker:** Records distance traveled.
- **Multi-sport Modes:** Adapt tracking for various activities like running, jumping, and playing.

Image: A child playing basketball, with an overlay showing the watch's 24-hour activity tracking data (calories, steps, distance) and habit tracking reminders.

3.4 Entertainment and Learning

- **Puzzle Games:** Engaging games for entertainment.
- **Music Player:** Play preloaded music or music transferred to the watch.
- **Camera:** Built-in camera for taking photos and videos. Includes "Lovely Magic Stickers" for creative photo effects.
- **Storybook & Audiobooks:** Access stories and audio content.
- **Learning Cards:** Interactive cards for educational purposes (e.g., identifying fruits, animals, colors).

3.5 Utility Features

- **Alarm Clock:** Set multiple alarms (up to 10+) for reminders.
- **Stopwatch:** For timing activities.
- **Calculator:** Basic arithmetic functions.
- **Timer:** Countdown timer.
- **Calendar:** View dates.
- **Torch:** Built-in flashlight function.

- **Recorder:** Audio recording capability.
- **Bluetooth Phone:** Make and receive calls when connected to a smartphone.
- **Sedentary Reminder:** Prompts for movement after periods of inactivity.
- **20 Languages:** Supports multiple languages.
- **DIY Dial:** Customize watch faces.

3.6 Habit Tracking and Rewards

The watch supports habit tracking with 15 alarm modes to help children develop good living habits. Parents can set specific target behaviors in the app, such as finishing homework or tidying rooms. Upon completion, children receive gold coin rewards, enhancing motivation.

Image: A visual representation of the habit tracking feature, showing daily routines like "Get Up," "Brush Your Teeth," "Go to School," and a reward system.

4. MAINTENANCE AND CARE

4.1 Water Resistance

The WZWNEER Kids Smart Watch P72 has an IP68 waterproof rating. This means it is resistant to splashes and can

withstand accidental submersion in water. It is suitable for activities like hand washing or playing in the rain. However, it is not recommended for prolonged swimming or diving.

4.2 Cleaning

To clean the watch, wipe it gently with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials, as these can damage the screen or casing.

4.3 Battery Life

The watch offers up to 30 days of standby time. Actual battery life will vary based on usage patterns, such as frequent use of AI functions, games, or continuous health monitoring. For optimal battery performance, ensure the watch is fully charged before extended use.

5. TROUBLESHOOTING

- **Watch not turning on:** Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes before attempting to power on again.
- **Screen unresponsive or frozen:** Try restarting the watch by pressing and holding the power button until it powers off, then power it back on. If unresponsive, allow the battery to drain completely and then recharge.
- **Connectivity issues (Bluetooth):** Ensure Bluetooth is enabled on your smartphone and the watch is within range. Restart both the watch and your phone, then attempt to re-pair through the companion app.
- **"Shake awake" feature not working:** Check the watch settings to ensure this feature is enabled. If it is enabled and still not working, a factory reset might be necessary (note: this will erase data).
- **Short battery life:** Reduce the use of power-intensive features like games, continuous heart rate monitoring, or frequent camera use. Ensure background app activity is minimized.
- **Speaker not working:** Check volume settings on the watch. If the issue persists, contact customer support.

6. SPECIFICATIONS
