PHILIPS DLK3548Q

Philips 3-in-1 Wireless Charger with Qi2 and MagSafe

Model: DLK3548Q

Brand: PHILIPS

1. INTRODUCTION

Thank you for choosing the Philips 3-in-1 Wireless Charger (Model DLK3548Q). This device is designed to efficiently charge your Qi2-compatible smartphone, Apple Watch, and wireless earbuds simultaneously. Its foldable design and adjustable viewing angles make it a versatile charging solution for home, office, or travel.

The charger's versatility is demonstrated across different environments: at home on a nightstand, in an office next to a laptop, and folded for portability in a bag.

2. PACKAGE CONTENTS

- Philips 3-in-1 Wireless Charger (DLK3548Q)
- USB-C Charging Cable
- User Manual

3. SETUP

1. **Unfold the Charger:** Gently unfold the charging stand to your desired angle. The stand can be adjusted from 0 to 65 degrees for optimal viewing.
2. **Connect Power:** Connect the provided USB-C cable to the charger's USB-C port and plug the other end into a compatible power adapter (not included). For optimal performance and 15W fast charging, use a power adapter that supports sufficient power output (e.g., a PD 20W or higher adapter).
3. **Placement:** Place the charger on a stable, flat surface.

折りたたみ式

折りたたみ式でコンパクトな設計で、旅行や出張の際に持ち歩きにも便利です。また、スタンドとして角度を調整可能で、シーンに合わせて好みの角度で使えます。

65度調整可能

180度調整可能

The charger's foldable design allows for easy portability and adjustable angles (0-65 degrees) for comfortable viewing while charging.

4. OPERATING INSTRUCTIONS

The Philips 3-in-1 Wireless Charger allows you to charge up to three devices simultaneously:

- **Smartphone Charging (Up to 15W):** Place your Qi2-compatible smartphone on the magnetic charging pad. The strong magnets will align your phone for efficient charging. The phone can be placed vertically or horizontally.
- **Smartwatch Charging (Up to 2.5W):** Place your Apple Watch on the dedicated smartwatch charging module.
- **Earbuds Charging (Up to 5W):** Place your wireless earbuds case (with wireless charging capability) on the base charging pad.

An LED indicator on the base will show the charging status:

- **Solid Blue Light:** Normal charging operation.
- **Blinking Blue Light:** Input power is insufficient, or a foreign object is detected. Ensure your power adapter meets the recommended specifications.

Qi2認証済

A smartphone is shown charging on the Qi2 certified magnetic pad, indicating 15W fast charging capability.

This video demonstrates the Philips 3-in-1 Wireless Charger's sleek design, 180-degree adjustable watch charger, and 15W fast charging for multiple devices. It also shows the heat dissipation features and wide device compatibility.

5. MAINTENANCE

- **Cleaning:** Disconnect the charger from power before cleaning. Use a soft, dry cloth to wipe the surface. Do not use abrasive cleaners or solvents.
- **Heat Dissipation:** The charger features heat dissipation vents to maintain optimal performance. Ensure these vents are not blocked during use.
- **Anti-Slip Pads:** The base is equipped with anti-slip pads for stability. Keep them clean to ensure proper grip.

放熱性アップ

放熱穴があり、放熱効果が向上

優れた安定感

4箇所に滑り止めパッドが付き、安定に使える

This image details the charger's features: a clear LED indicator (blue for normal, blinking for issues), effective heat dissipation vents, and anti-slip pads on the bottom for stability.

6. TROUBLESHOOTING

- **Device Not Charging:**

- Ensure the charger is properly connected to a power source with sufficient output (e.g., 20W PD adapter).
- Check if the LED indicator is solid blue. If it's blinking, the power input might be insufficient or a foreign object is present.
- Remove any thick phone cases or metal attachments that might interfere with wireless charging. For non-MagSafe compatible phones, use a MagSafe case or metal ring.
- Ensure your device is Qi2 compatible for smartphone charging, and has wireless charging capability for earbuds.

- **Weak Magnetic Connection:**

- If your phone with a case does not adhere strongly, consider using a MagSafe-compatible case or a metal ring for better magnetic attachment.

- **Slow Charging:**

- Verify that your power adapter provides adequate power (e.g., 20W or higher for 15W fast charging).
- Ensure your device is correctly aligned on the charging pad.

7. SPECIFICATIONS

Feature	Detail
Model Number	DLK3548Q
Brand	PHILIPS
Color	Black
Connectivity	USB Type C
Power Source	Corded Electric
Wattage	22.5 W (Input)
