

GAIOUS 2-Drawer Black-Mirror Style

GAIOUS 2-Drawer Steel Armoire with Mirror Instruction Manual

Model: 2-Drawer Black-Mirror Style

1. INTRODUCTION

Thank you for choosing the GAIOUS 2-Drawer Steel Armoire with Mirror. This instruction manual provides essential information for the safe assembly, operation, and maintenance of your new wardrobe. Please read this manual thoroughly before beginning assembly and retain it for future reference.

This versatile metal storage cabinet is designed to offer ample storage for clothes and various items, featuring adjustable shelves, a hanging rod, and two drawers. Its durable steel construction and elegant design make it suitable for various rooms, including bedrooms, laundry rooms, and home offices.

2. SAFETY INFORMATION

WARNING: To prevent serious injury, always follow these safety guidelines.

- Always assemble and secure the cabinet to the wall using the provided hardware to prevent tipping. This is crucial for the safety of children and pets.
- Be cautious of sharp edges during assembly and use. Wear protective gloves if necessary.
- Do not overload shelves beyond the 180 LBS capacity to prevent accidents and structural damage.
- Ensure all screws and fasteners are tightened securely during assembly. Periodically check and re-tighten as needed.
- Keep small parts away from children during assembly to avoid choking hazards.

3. PACKAGE CONTENTS

Before assembly, verify that all components listed in the instruction manual are present and undamaged. If any parts are missing or damaged, please contact GAIOUS customer service.

Image 3.1: Unboxing and layout of all components and hardware for the GAIOUS Steel Armoire. All parts are neatly arranged and labeled for easy identification.

The package includes various steel panels (labeled A, B, C, D, etc.), drawer components (X, Y, Z), handles (T), adjustable feet (G), hanging rod (CC), magnetic door catches (Q), shelf pins (S), and various screws and fasteners (L, N, U, V, W, uu).

4. ASSEMBLY INSTRUCTIONS

Assembly requires two people for optimal safety and ease. Please refer to the included detailed instruction booklet for step-by-step diagrams. The following video provides a visual guide to the assembly process.

1. **Prepare Components:** Unpack all parts and lay them out on a clean, soft surface to prevent scratches. Identify each part using the labels (A, B, C, etc.) and the hardware bags (L, N, etc.).
2. **Assemble Base Frame:** Connect the base panels (A and B) using the specified screws (L). Ensure they are aligned correctly.
3. **Attach Side Panels:** Secure the side panels (C and D) to the base frame using screws (N).
4. **Install Back Panels:** Slide the back panels into the designated grooves.
5. **Install Adjustable Feet:** Attach the adjustable feet (G) to the bottom corners of the cabinet. These can be adjusted later to ensure stability on uneven surfaces.
6. **Assemble and Install Shelves:** Assemble the internal shelves (F, I) and insert them into the desired height using the shelf pins (S). The shelves are adjustable to accommodate various item sizes.
7. **Install Hanging Rod:** Place the hanging rod (CC) into the designated slots.
8. **Assemble and Install Doors:** Attach the handles (T) to the doors (J, K) using screws (U). Install the magnetic door catches (Q) on the cabinet frame. Mount the doors onto the cabinet hinges.
9. **Assemble and Install Drawers:** Assemble the drawer boxes (X, Y, Z) and attach the drawer slides (P) to both the drawer and the cabinet interior. Insert the assembled drawers into the cabinet.
10. **Secure to Wall (Anti-Tipping):** Use the provided anti-tipping hardware (W) to secure the cabinet to a wall stud. This is a critical safety step.

5. OPERATING INSTRUCTIONS

5.1. Using the Adjustable Shelf

The armoire includes one adjustable shelf. To change its height, remove any items from the shelf, then carefully lift the shelf and reposition the shelf pins (S) into the desired slots along the side

panels. Lower the shelf onto the pins, ensuring it is level and secure.

5.2. Utilizing the Hanging Rod

The clothes hanging rod (CC) is designed to hold various garments such as dresses, suits, and pants. Ensure clothes are evenly distributed to prevent excessive weight on one side.

5.3. Operating the Drawers

The two drawers are equipped with smooth metal slide rails for easy opening and closing. They are suitable for storing smaller items or personal belongings. Avoid forcing the drawers if they feel stiff; ensure nothing is obstructing the rails.

5.4. Magnetic Doors

Each door features two strong magnets to ensure a tight closure, keeping your belongings secure and dust-free.

6. MAINTENANCE

- **Cleaning:** The electrostatic powder spraying technology makes the cabinet scratch-resistant, wear-resistant, and easy to clean. Wipe surfaces with a soft, damp cloth and mild detergent. Avoid abrasive cleaners.
- **Regular Checks:** Periodically inspect all fasteners and connections to ensure they remain tight. Re-tighten if necessary.
- **Mirror Care:** Clean the mirror surface with a glass cleaner and a soft, lint-free cloth.

7. TROUBLESHOOTING

- **Wobbly Cabinet:** Ensure all screws are tightened. Adjust the leveling feet (G) on the bottom of the cabinet to stabilize it on uneven floors. Confirm the anti-tipping hardware is securely

installed.

- **Doors Not Closing Properly:** Check if the magnetic catches (Q) are correctly installed and aligned. Ensure no items inside the cabinet are obstructing the doors.
- **Drawers Sticking:** Verify that the drawer slides (P) are properly installed and free of debris. Ensure the drawer box is assembled correctly and not warped.
