### BrickSoul 10375-TV

# BrickSoul LED Light Up Kit for LEGO 10375 Toothless: Instruction Manual

Model: 10375-TV

## INTRODUCTION

This manual provides detailed instructions for installing and operating your BrickSoul LED Light Up Kit, designed specifically for the LEGO How to Train Your Dragon: Toothless 10375 Building Set. This kit enhances your model with vibrant lighting, transforming it into a dynamic display piece. Please note that the LEGO model itself is not included with this lighting kit.

## PACKAGE CONTENTS

Before beginning installation, please verify that all components listed below are present in your package:

- LED Light Kits (various wires and light components)
- Light Control Button (integrated into USB cable)
- Battery Box (for AAA batteries, batteries not included)
- Instructions for Use (digital guides available via QR code/PDF)

# Light Kit Only – Not Model

## Package Include:

## SAFETY INFORMATION

- This product contains small parts and is not suitable for children under 3 years old due to choking hazards.
- Recommended age for installation and use is 14 years and up.
- Ensure the power source (USB or AAA batteries) provides a safe 3-5V input.
- Do not attempt to modify the wiring or components, as this may damage the product and void the warranty.
- Keep wires away from sharp edges or moving parts of the LEGO model to prevent damage.

## SETUP GUIDE

The BrickSoul LED kit is designed for straightforward installation. Follow these general steps, referring to the detailed digital video and PDF guides for your specific model:

1. **Prepare Your Model:** Carefully remove a few bricks from your LEGO 10375 Toothless model as indicated in the digital instructions to create space for the wiring and lights.
2. **Install Lights:** Follow the numbered step-by-step bags and the digital guides to strategically place the LED components within your model. Ensure wires are neatly tucked away for a clean, professional appearance.
3. **Connect Power:** Connect the lighting kit to the provided USB cable with the integrated control button or to the battery box (AAA batteries not included).
4. **Test Functionality:** Once installed, test the lights to ensure all connections are secure and functioning correctly.

## BRINGING EVERY DETAIL TO LIFE

Model is for Display Use Only and NOT INCLUDED

## MAINTENANCE

To ensure the longevity and optimal performance of your BrickSoul LED Light Up Kit, follow these maintenance guidelines:

- **Cleaning:** Gently wipe the LED components and wires with a soft, dry cloth to remove dust. Avoid using liquid cleaners directly on the lights or electrical connections.
- **Wire Management:** Periodically check that all wires are securely in place and not pinched or exposed. Proper wire management prevents damage and maintains the aesthetic appeal of your model.
- **Battery Replacement:** If using the battery box, replace AAA batteries when lights dim or cease to function. Ensure correct polarity when inserting new batteries.

## TROUBLESHOOTING

If you encounter any issues with your lighting kit, refer to the following common solutions:

- **Lights Not Turning On:**

- Check the power source: Ensure the USB cable is securely connected to a power adapter or the battery box has fresh batteries and is correctly connected.
- Verify connections: Inspect all wire connections to ensure they are firmly seated. Loose connections are a common cause of non-functional lights.
- Test the control button: Ensure the control button on the USB cable is functioning by tapping it.

- **Lights Are Dim or Flickering:**

- Check power supply: If using batteries, they may be low and require replacement. If using USB, try a different USB port or power adapter.
- Adjust brightness: Use the press-and-hold function on the control button to increase brightness.

- **Individual Lights Not Working:**

- Inspect the specific light unit and its connections. If a single light is damaged, contact BrickSoul support for a replacement.

For further assistance, please refer to the digital instructions or contact BrickSoul customer support.

## PRODUCT SPECIFICATIONS

Feature	Detail
Brand	BrickSoul
Model Number	10375-TV
Item Weight	4.8 ounces
Product Dimensions	6.36 x 4.32 x 1.33 inches
Style	10375 Upgrade Wired Dimmable Lights
Material	Plastic
Included Components	LED Light Kit
Special Features	Non Toxic
Power Source	USB
Batteries Included?	No
Batteries Required?	No
Manufacturer Recommended Age	14 years and up

## WARRANTY AND SUPPORT

---

BrickSoul offers a worry-free warranty and dedicated support for your lighting kit:

- **Accidental Damage:** In case of bent connectors or broken wires due to accidental damage, BrickSoul provides quick and hassle-free replacements.
- **Customer Support:** The BrickSoul support team is available to ensure a smooth and stress-free lighting experience. For assistance, please visit the official BrickSoul store or contact customer service.
