IRONCK MRC-B01

IRONCK Outdoor Rocking Chair Model MRC-B01 User Manual

Comprehensive instructions for assembly, operation, and maintenance.

INTRODUCTION

Thank you for choosing the IRONCK Outdoor Rocking Chair, Model MRC-B01. This manual provides essential information for the safe and efficient assembly, operation, and maintenance of your new rocking chair. Please read all instructions carefully before use and retain this manual for future reference.

The IRONCK rocking chair is designed for comfort and durability, featuring a sturdy alloy steel frame, handwoven PE rattan, and a plush, weather-resistant cushion. It is suitable for various indoor and outdoor settings, including living rooms, bedrooms, patios, gardens, and balconies.

SAFETY INFORMATION

- Ensure all parts are securely fastened before use.
- Do not exceed the maximum weight capacity of 450 lbs (204 kg).
- Keep children and pets away from the assembly area.
- Use on a flat, stable surface to prevent tipping.
- Avoid placing the chair near open flames or extreme heat sources.
- Regularly inspect the chair for any loose parts or damage. Do not use if damaged.

PARTS LIST

Before assembly, verify that all components are present and undamaged. If any parts are missing or damaged, please contact customer support.

DIMENSIONS

46 inches L x 30 inches W x 31 inches H

Image: Overview of chair dimensions and components. The chair consists of 5 main parts and requires 4 steps for assembly, estimated 18 minutes. Maximum weight capacity is 450 lbs.

- Chair Frame (Main Body)
- Rocking Base (2 pieces)
- Cushion
- Hardware Pack (bolts, washers, wrench)

SETUP AND ASSEMBLY

Assembly is straightforward and typically takes about 18 minutes. It is recommended to assemble the chair on a soft, clean surface to prevent scratches.

1. **Unpack Components:** Carefully remove all parts from the packaging. Lay them out and compare with the parts list to ensure everything is present.

2. **Attach Rocking Bases:** Connect the two rocking base pieces to the main chair frame using the provided bolts and washers. Ensure the curved ends are facing the correct direction for rocking motion. Tighten all bolts securely with the included wrench.
3. **Secure Cushion:** Place the cushion onto the chair frame. The cushion features a slip-over pocket or ties to keep it in place. Ensure it is properly aligned and secured.
4. **Final Check:** Once assembled, gently rock the chair to ensure stability and that all connections are tight.

OPERATING INSTRUCTIONS

The IRONCK rocking chair is designed for comfortable lounging and gentle rocking. Its ergonomic shape supports relaxation.

- **Sitting:** Sit gently into the chair, ensuring your weight is evenly distributed.
- **Rocking Motion:** The chair provides a smooth 30-degree rocking motion. Use your feet to initiate and control the

rocking. The silent rubber on the rockers ensures quiet operation and floor protection.

- **Placement:** This chair is versatile and can be used in various indoor and outdoor environments such as living rooms, bedrooms, patios, gardens, and balconies.

CARE AND MAINTENANCE

Proper care will extend the life and appearance of your rocking chair.

- **Frame Cleaning:** Wipe the alloy steel frame and PE rattan with a dry or damp cloth as needed. Avoid harsh chemicals or abrasive cleaners.
- **Cushion Care:** The Olefin cushion is water-resistant and fade-resistant. For spills, blot immediately with a clean cloth. For deeper cleaning, use a mild soap solution and rinse thoroughly. Allow to air dry completely.
- **Storage:** While designed for outdoor use, storing the chair in a sheltered area during extreme weather conditions (heavy rain, snow, prolonged direct sunlight) will help preserve its condition.
- **Hardware Check:** Periodically check all bolts and connections to ensure they remain tight. Retighten if necessary.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Chair feels unstable or wobbly.	Loose bolts or uneven surface.	Ensure all assembly bolts are securely tightened. Move the chair to a flat, level surface.
Rocking motion is not smooth or makes noise.	Debris on rockers or loose connections.	Check the rubber strips on the rockers for any obstructions. Verify that the rocking base is firmly attached to the frame.
Cushion slides off.	Cushion not properly secured.	Ensure the cushion's slip-over pocket or ties are correctly attached to the chair frame.
