## BedsPick AMG005269

# BedsPick Twin Size Metal Platform Bed Frame Instruction Manual

Model: AMG005269

## INTRODUCTION

---

Thank you for choosing the BedsPick Twin Size Metal Platform Bed Frame. This manual provides detailed instructions for assembly, usage, maintenance, and troubleshooting to ensure a safe and enjoyable experience with your new bed frame. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

### Important Safety Information

- Do not exceed the maximum weight limit of **600 lbs**.
- Keep small parts away from children during assembly.
- Be cautious of moving parts to avoid potential pinch points during assembly and adjustment.
- Ensure all screws are tightened securely before use to prevent instability and noise.
- Regularly check and re-tighten all connections.

## PACKAGE CONTENTS

---

Before assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact BedsPick customer support.

- Headboard components
- Footboard components
- Side rails
- Metal slats
- Support legs
- Hardware pack (screws, washers, Allen wrench)
- EVA foam padding for noise reduction

- Installation Manual (this document)

## ASSEMBLY INSTRUCTIONS

---

Assembly is designed to be straightforward and can typically be completed within 30 minutes with two people. No additional tools are required beyond what is provided.

### Assembly Video Guide

Your browser does not support the video tag.

*Official BedsPick assembly video demonstrating the setup process for the metal bed frame.*

### Step-by-Step Guide

1. **Unpack and Identify Parts:** Carefully unpack all components and lay them out on a clean, soft surface to prevent scratches. Refer to the parts list to identify each piece.
2. **Attach Headboard and Footboard:** Connect the side rails to the headboard and footboard using the provided screws and Allen wrench. Ensure all connections are finger-tight at this stage.
3. **Secure Connections:** Insert bolts into the designated holes on the frame. Ensure the washers are correctly placed before tightening with the Allen wrench. Do not overtighten until all parts are aligned.

*Image: Close-up view of bolts and washers used to secure frame components.*

4. **Install Slats:** Place the metal slats across the frame. The slats are designed for easy installation without additional tools.

*Image: Detail of how metal slats connect to the bed frame for stability.*

5. **Apply EVA Foam Padding:** Strategically place the provided EVA foam padding over the metal tubing in areas where components might rub together. This helps prevent noise.

*Image: Illustration of applying EVA foam padding to reduce noise.*

- 6. Final Tightening:** Once all components are in place and aligned, fully tighten all screws with the Allen wrench. Ensure the frame is stable and level.

Your BedsPick Twin Size Metal Platform Bed Frame is now assembled and ready for use.

## USAGE GUIDELINES

---

This section provides important information for the proper use of your bed frame.

- **Mattress Compatibility:** This platform bed frame is designed to be used without a box spring. It is compatible with Twin size mattresses, ideally 8 to 10 inches thick for optimal fit and appearance. The embedded design helps prevent mattress sliding.

# Recommend Mattress: 8" - 10"

Image: Visual guide for recommended mattress thickness and the embedded design feature.

- **Under-Bed Storage:** The frame provides 12.5 inches of clearance underneath, offering ample space for storage bins and other items. This maximizes space utilization, especially in smaller rooms.

Image: Example of under-bed storage with 12.5 inches of clearance.

- **Noise-Free Design:** The integrated EVA foam padding on the metal tubing minimizes friction and prevents noise from tossing and turning, ensuring a quiet sleep environment.

## MAINTENANCE

---

Proper care will extend the life and appearance of your BedsPick bed frame.

- **Cleaning:** Wipe the metal frame with a dry, soft cloth to remove dust and debris. Avoid using harsh chemicals or abrasive cleaners, which can damage the finish.
- **Inspection:** Periodically inspect all bolts and connections to ensure they remain tight. Re-tighten as necessary to maintain stability and prevent squeaking.
- **Moving the Frame:** When moving the bed frame, lift it rather than dragging it to prevent damage to the legs or floor.

## TROUBLESHOOTING

---

If you encounter any issues with your bed frame, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Bed frame is squeaking or making noise.	Loose connections; metal-on-metal friction.	Ensure all bolts are securely tightened. Check that EVA foam padding is correctly placed in friction points.
Bed frame feels unstable or wobbly.	Loose bolts; uneven floor.	Re-tighten all assembly bolts. Ensure the bed frame is on a flat, level surface.
Mattress slides on the frame.	Incorrect mattress size; lack of friction.	Ensure you are using a Twin size mattress. The frame has an embedded design to minimize sliding; if issues persist, consider a non-slip mattress pad.
Missing parts during unboxing.	Packaging error.	Contact BedsPick customer support immediately with your purchase details.

## SPECIFICATIONS

---

Detailed technical specifications for the BedsPick Twin Size Metal Platform Bed Frame.

- **Model:** AMG005269
- **Size:** Twin
- **Product Dimensions (L x W x H):** 77.8" x 39.4" x 34"
- **Material:** Metal
- **Color:** Black
- **Finish Type:** Polished
- **Weight Capacity:** 600 lbs
- **Under-Bed Clearance:** 12.5 inches
- **Assembly Required:** Yes
- **Noise Reduction:** EVA foam padding
- **Care Instructions:** Wipe with Dry Cloth
- **UPC:** 810176692103
