## WHAT'S IN THE BOX

---

- InnoVibe Moon Shape Bluetooth Speaker with Night Light
- Power Cable (USB Type-C)
- User Manual

## PRODUCT FEATURES

---

- **Portable Bluetooth Speaker:** Stream audio wirelessly with this compact, moon-shaped speaker, perfect for travel, dorms, or bedrooms.

- **Color Changing LED Night Light:** Enjoy calming ambiance with soft RGB lighting that changes colors, creating a cozy atmosphere anywhere.
- **Multifunctional Design:** Functions as a Bluetooth speaker, touch night light, and convenient phone holder in one stylish unit.
- **5W Speaker Output:** Delivers rich, room-filling sound despite its compact size, perfect for personal or shared spaces.
- **Rechargeable Battery:** Powered by an 800mAh rechargeable battery, it runs up to 5 hours.
- **Type-C Charging:** Recharges quickly via the included USB Type-C cable.
- **FCC Certified:** Built with quality materials (ABS) and certified for safe use in any environment.

## SETUP

1. **Unboxing:** Carefully remove all components from the packaging. Ensure all items listed in "What's in the Box" are

present.

Your browser does not support the video tag.

Video: An unboxing demonstration of a wireless induction speaker. Note: The product shown in this video may differ in appearance from your Moon Shape Bluetooth Speaker, but the unboxing process is similar.

2. **Initial Charge:** Before first use, fully charge the speaker using the provided USB Type-C cable. Connect the Type-C end to the speaker's charging port and the USB-A end to a compatible USB power adapter (not included). The charging indicator will show the charging status.
3. **Power On/Off:** Press and hold the power button (usually indicated by a power symbol) to turn the speaker on or off.
4. **Phone Holder:** Extend the integrated phone holder to securely place your smartphone for optimal viewing while listening to music or watching videos.

# The Coziest Spot for Your Phone

Nestle your phone into the moon's gentle curve and enjoy music, videos, or bedtime podcasts with ease. Your nightstand just got smarter.

## OPERATING INSTRUCTIONS

### 1. Bluetooth Connection

1. Ensure the speaker is powered on and in Bluetooth pairing mode (indicated by a flashing LED).

2. On your smartphone or other Bluetooth-enabled device, go to Bluetooth settings.
3. Search for available devices and select "IVSP1598" or "InnoVibe Speaker" to pair.
4. Once paired, the speaker will emit a confirmation sound, and the LED indicator will become solid.

## 2. Music Playback

- After successful Bluetooth pairing, play music from your connected device.
- Use the volume buttons (+/-) on the speaker or your connected device to adjust the volume.
- The speaker may also support other playback methods like USB stick, AUX-in, or Micro SD card (check specific model features for port availability).

## 3. LED Night Light Functions

- **Turn On/Off:** Use the dedicated light button (often indicated by a light bulb icon) to turn the night light on or off.
- **Change Colors/Modes:** Short press the light button to cycle through different color modes (e.g., solid colors, RGB color-changing, sound-reactive).
- **Dimmable:** Long press the light button or use touch controls (if available) to adjust the brightness of the light.

# Choose Your Glow

Tap to switch between 4 mood-boosting light modes:

During the sound reactive mode, watch how the light reacts in sync with your music when you connect your device, dancing to the rhythm with every beat!

## 4. Wireless Charging

- Place your wireless charging compatible smartphone on the designated charging area of the speaker.
- Ensure the speaker is connected to a power source for the wireless charging function to operate.
- The charging indicator on your phone will confirm that charging has begun.

appearance from your Moon Shape Bluetooth Speaker.

## MAINTENANCE

---

- Clean the speaker with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- Keep the device away from water, moisture, and extreme temperatures.
- Store in a cool, dry place when not in use for extended periods.

## TROUBLESHOOTING

---

### No Power:

Ensure the device is fully charged. Connect to a power source using the Type-C cable.

### Cannot Pair via Bluetooth:

Make sure the speaker is in pairing mode (flashing LED). Check your device's Bluetooth settings and ensure it's discoverable. Try restarting both the speaker and your device.

### No Sound:

Check the volume levels on both the speaker and your connected device. Ensure Bluetooth is properly connected.

### Wireless Charging Not Working:

Verify that the speaker is plugged into a power source. Ensure your phone is wireless charging compatible and correctly positioned on the charging pad. Remove any thick phone cases that might interfere with charging.
