# Skullcandy Barrel Mini Wireless Boombox Speaker User Manual

Model: 2SKSK2100

## INTRODUCTION

---

The Skullcandy Barrel Mini is a portable wireless boombox speaker designed for robust audio performance and outdoor use. Featuring Bluetooth 5.3 connectivity, IPX7 waterproofing, and a 12-hour battery life, this speaker offers a dynamic sound experience with integrated LED lights and SKDY Multi-Link technology for connecting multiple units. This manual provides essential information for setting up, operating, and maintaining your speaker.

## PACKAGE CONTENTS

---

Ensure all items are present in the package:

- Skullcandy Barrel Mini Speaker
- USB-C Charging Cable
- Detachable Carry Handle
- Shoulder Strap
- Quick Start Guide / Safety Information

## SETUP

---

### 1. Initial Charging

Before first use, fully charge the speaker. Connect the provided USB-C cable to the speaker's charging port and a compatible USB power adapter (not included). The LED indicator will show charging status and turn off when fully charged.

### 2. Power On/Off

- **To Power On:** Press and hold the Power button for 2 seconds.
- **To Power Off:** Press and hold the Power button for 2 seconds.

### 3. Bluetooth Pairing

1. Ensure the speaker is powered on and in pairing mode (LED indicator will flash).
2. On your device (smartphone, tablet, etc.), enable Bluetooth and search for available devices.
3. Select "Skullcandy Barrel Mini" from the list.
4. Once connected, the LED indicator will stop flashing and remain solid.

## OPERATING INSTRUCTIONS

---

### SKDY Multi-Link Technology

The SKDY Multi-Link feature allows you to connect up to 99 compatible Skullcandy speakers for a larger, synchronized audio experience.

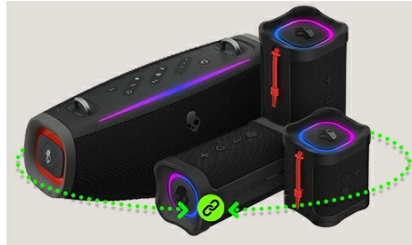

1. Ensure all speakers are powered on and not connected to any Bluetooth device.
2. On the primary speaker, press the Multi-Link button. It will enter pairing mode.
3. On each additional speaker, press the Multi-Link button. They will automatically connect to the primary speaker.
4. Once connected, the primary speaker will control the audio for all linked speakers.

## TAKE CHARGE OF YOUR MUSIC

### LEFT MEETS RIGHT

True Wireless Stereo surrounds you with balanced sound that moves with the music. It's not just louder—it's smarter, richer, and way more dimensional.

### TURN IT UP TO A HUNDRED

Why stop at one? wirelessly connect up to 99 compatible speakers for a massive, synchronized sound experience. One device controls them all.

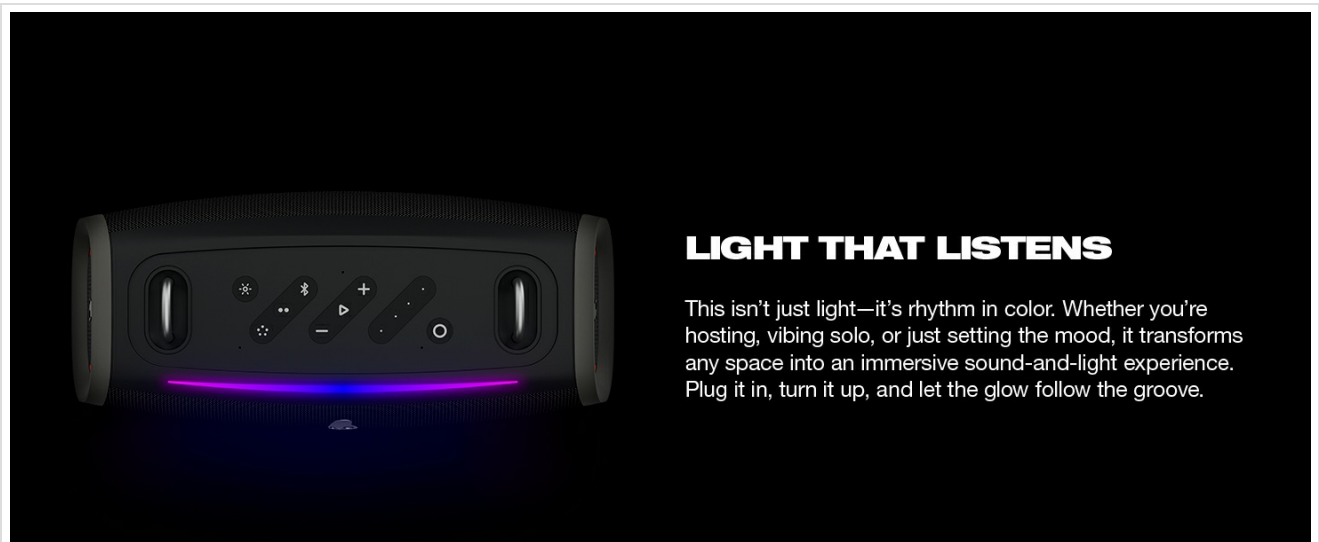

### HARDWIRED FOR PURE SOUND

Connect for Lossless Audio. With USB-C audio, you can plug in a compatible device directly and stream music with zero lag and full clarity.

## LED Light Modes

The Barrel Mini features integrated LED lights that can pulse with your music. Press the Light Mode button to cycle through different lighting effects or to turn the lights off.

### LIGHT THAT LISTENS

This isn't just light—it's rhythm in color. Whether you're hosting, vibing solo, or just setting the mood, it transforms any space into an immersive sound-and-light experience. Plug it in, turn it up, and let the glow follow the groove.

## Power Bank Function (Charge Out)

Use the built-in USB-C port to charge your smartphone or other compatible devices directly from the speaker's battery.

1. Connect your device's charging cable to the USB-C charge-out port on the Barrel Mini.
2. Charging will begin automatically.

## MAINTENANCE

- **Cleaning:** Wipe the speaker with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- **Storage:** Store in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** For optimal battery life, avoid fully discharging the speaker frequently. Charge regularly.

## TROUBLESHOOTING

Problem	Solution
Speaker does not power on.	Ensure the battery is charged. Connect to a power source and try again.

Problem	Solution
Cannot pair via Bluetooth.	Ensure the speaker is in pairing mode. Turn off and on Bluetooth on your device. Move closer to the speaker.
No sound or low volume.	Adjust volume on both the speaker and your connected device. Ensure the speaker is not muted.
SKDY Multi-Link not working.	Ensure all speakers are compatible and not connected to other Bluetooth devices before initiating Multi-Link.
LED lights not functioning.	Press the Light Mode button to cycle through options or turn them on.
