Fanttik X9 Pro, B10 Pro Max

Fanttik X9 Pro Portable Tire Inflator & B10 Pro Max Electric Air Duster User Manual

Model: X9 Pro, B10 Pro Max

1. INTRODUCTION

This manual provides detailed instructions for the safe and efficient operation of your Fanttik X9 Pro Portable Tire Inflator and Fanttik B10 Pro Max Electric Air Duster. Please read this manual thoroughly before use and retain it for future reference.

Image 1.1: The Fanttik X9 Pro Portable Tire Inflator (right) and B10 Pro Max Electric Air Duster (left) shown together.

Package Contents:

- Fanttik X9 Pro Portable Tire Inflator
- Fanttik B10 Pro Max Electric Air Duster
- Inflation hose with various nozzles (for X9 Pro)
- Multiple nozzles (for B10 Pro Max)
- USB Type-C charging cable
- User Manual

2. FANTTIK X9 PRO PORTABLE TIRE INFLATOR

2.1. Product Overview and Components

The Fanttik X9 Pro is a compact and powerful portable tire inflator designed for various inflation needs.

*Attachments located in the bottom of the X9 Pro

Image 2.1: The Fanttik X9 Pro features an integrated storage design for its accessories, located at the bottom of the device.

Key Components:

- Digital Display Screen
- Control Buttons (Power, Mode, +, -)
- Inflation Hose Port
- Accessory Storage Slot
- USB-C Charging Port

2.2. Setup and Charging

1. **Initial Charge:** Before first use, fully charge the X9 Pro using the provided USB Type-C cable and a

compatible power adapter. The battery indicator on the display will show charging status.

2. **Attach Hose:** Connect the inflation hose to the designated port on the X9 Pro. Ensure it is securely fastened.
3. **Accessory Storage:** The hose and various nozzles can be stored within the integrated accessory slot at the bottom of the device.

2.3. Operating Instructions

Powering On/Off:

Image 2.2: The X9 Pro features a smart on/off design. Pulling out the inflation hose turns the device on, and pushing it back in turns it off.

- To turn on the device, pull out the inflation hose from its storage slot.
- To turn off the device, push the inflation hose back into its storage slot.

Setting Desired Pressure:

Image 2.3: The X9 Pro offers one-click preset modes for Car, Motorcycle, Bike, Ball, and a Manual mode. Users can also select units: PSI, BAR, or KPA.

1. **Select Mode:** Press the 'Mode' button to cycle through preset modes: Car, Motorcycle, Bike, Ball, or Manual. Each mode has a default pressure setting.
2. **Adjust Pressure:** Use the '+' and '-' buttons to increase or decrease the target pressure.
3. **Select Unit:** Press the unit button (often represented by a light icon or a dedicated button) to switch between PSI, BAR, and KPA.

Inflation Process:

Image 2.4: The Fanttik X9 Pro can inflate a compact car tire from 30 PSI to 35 PSI in approximately 1 minute, demonstrating its 'JET-INFLATE' capability.

1. Connect the inflation hose to the tire valve or inflatable item.
2. Ensure the connection is secure to prevent air leakage.
3. The display will show the current pressure.
4. Once the desired pressure is set, press the power button (often the center button) to start inflation.
5. The inflator will automatically stop when the preset pressure is reached.
6. Disconnect the hose and return it to the storage slot to turn off the device.

2.4. X9 Pro Maintenance

- Keep the device clean and free from dust and debris.
- Store the device in a cool, dry place when not in use.
- Regularly charge the battery to maintain its lifespan, even if not used frequently.
- Ensure the inflation hose and nozzles are clean and undamaged before and after each use.

3. FANTTIK B10 PRO MAX ELECTRIC AIR DUSTER

3.1. Product Overview and Components

The Fanttik B10 Pro Max is a powerful electric air duster designed for efficient cleaning of electronics and other delicate items.

POWERFUL PERFORMANCE

Brushless
Motor

130000
RPM

65m/s
Wind Speed

Image 3.1: The B10 Pro Max features a brushless motor capable of 130,000 RPM, generating a wind speed of 65 m/s for powerful cleaning.

Key Components:

- Air Outlet
- Power/Speed Control Button
- Nozzle Attachment Point
- USB Type-C Charging Port
- Battery Indicator

3.2. Setup and Charging

1. **Initial Charge:** Fully charge the B10 Pro Max before first use. Connect the provided USB Type-C cable to the charging port. The battery indicator will show charging status.
2. **Attach Nozzle:** Select the appropriate nozzle for your cleaning task and securely attach it to the air outlet.

WIDE APPLICATION

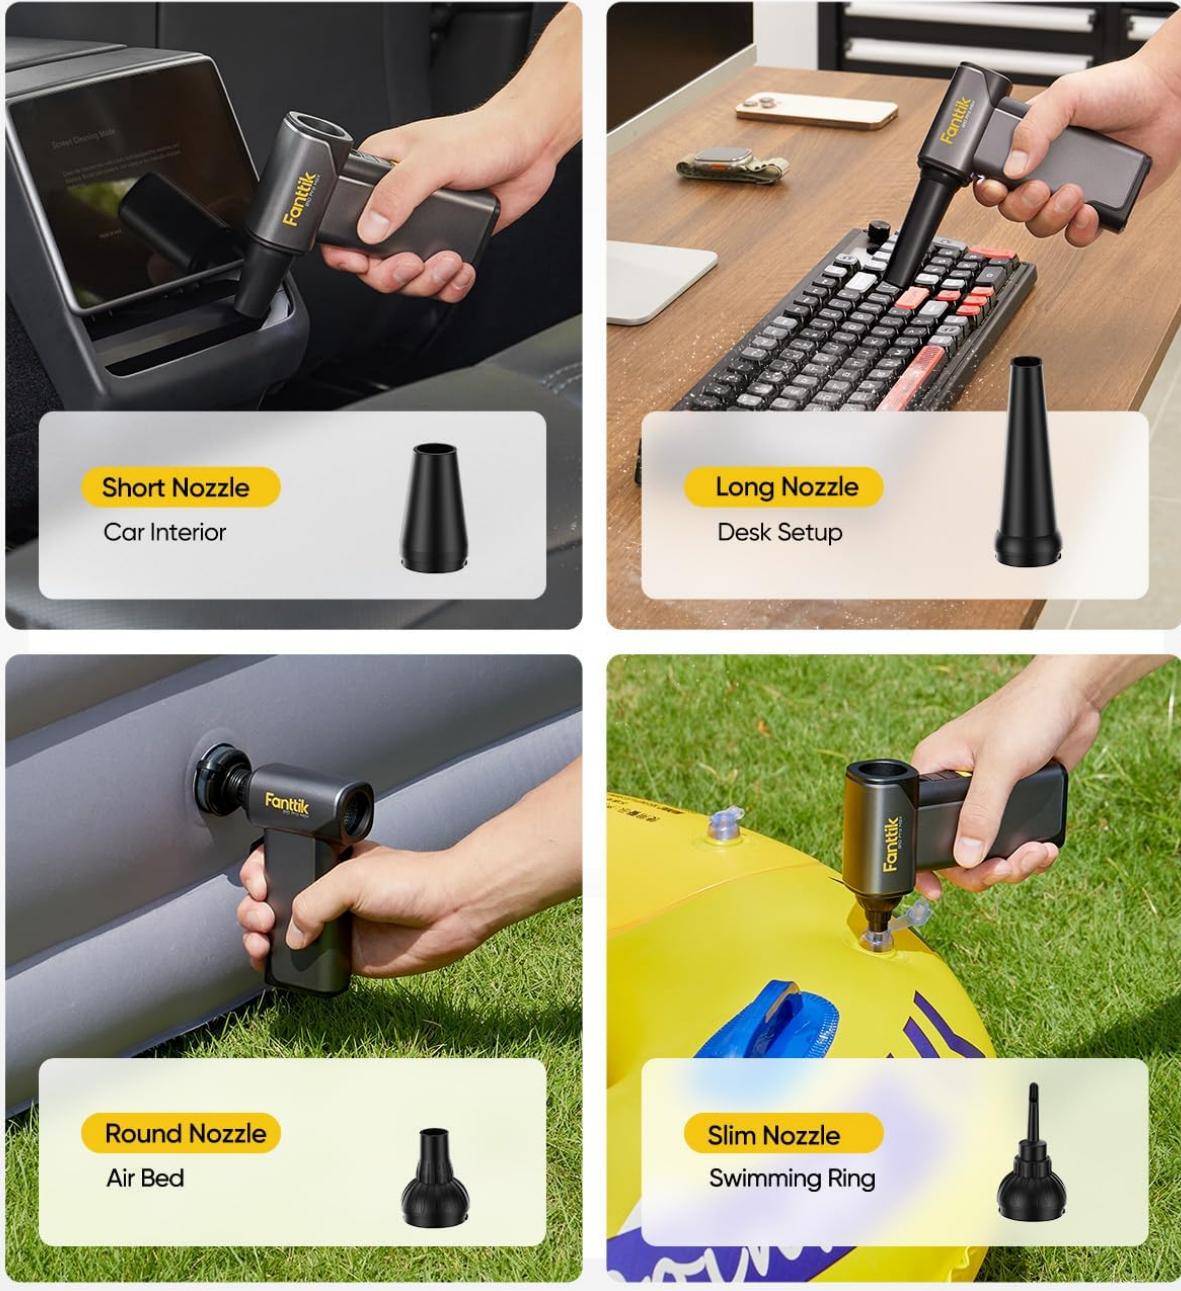

Image 3.2: The B10 Pro Max comes with various nozzles, including a short nozzle for car interiors, a long nozzle for desk setups, a round nozzle for air beds, and a slim nozzle for swimming rings, demonstrating its wide application.

3.3. Operating Instructions

Powering On and Adjusting Speed:

- Power On:** Press and hold the power button for a few seconds to turn on the device.
- Adjust Speed:** Short press the power button to cycle through the 6 available wind speed levels.
- Power Off:** Press and hold the power button again to turn off the device.

Usage:

- Direct the nozzle towards the area to be cleaned.

- Use lower speeds for delicate items and higher speeds for stubborn dust or larger areas.
- Common applications include cleaning electronic devices, computer keyboards, car interiors, and inflating small items.

3.4. Backup Power Bank Function

The B10 Pro Max can also function as a backup power bank for charging small electronic devices.

Image 3.3: The B10 Pro Max can serve as a backup power bank (28.8Wh) to charge electronic devices via its Type-C port when outdoors. Note: The blower function cannot be used while charging.

- Connect your device to the B10 Pro Max's USB Type-C port using a compatible charging cable.
- The blower function is disabled while the device is acting as a power bank.

3.5. B10 Pro Max Maintenance

- Keep the air inlet and outlet clear of obstructions.
- Clean the exterior with a soft, dry cloth.
- Store the device in a cool, dry place.
- Regularly charge the battery to prolong its life.

4. GENERAL MAINTENANCE AND BATTERY CARE

Both devices are equipped with high-capacity lithium batteries. Proper care ensures longevity:

Image 4.1: The B10 Pro Max features two 4000 mAh lithium batteries, providing up to 210 minutes of run time and supporting 5V/2A Type-C charging.

- Avoid fully discharging the battery frequently.
- Charge the devices regularly, even if not in use, to maintain battery health.
- Do not expose the devices to extreme temperatures or direct sunlight.
- Use only the provided or certified USB Type-C charging cables.

5. TROUBLESHOOTING

Fanttik X9 Pro Tire Inflator:

- **Device not turning on:** Ensure the inflation hose is fully pulled out. Check battery level and charge if necessary.
- **Inflation not starting:** Ensure the hose is securely connected to both the inflator and the tire valve. Check if the desired pressure is set above the current pressure.
- **Inaccurate pressure reading:** Ensure the hose connection is tight. Calibrate the device if possible (refer to specific device instructions if available).

Fanttik B10 Pro Max Electric Air Duster:

- **Device not turning on:** Press and hold the power button for a few seconds. Check battery level and charge if necessary.
- **Weak airflow:** Ensure the nozzle is correctly attached and not obstructed. Check battery level.
- **Device not charging:** Ensure the USB-C cable is properly connected to both the device and a power source. Try a different cable or power adapter.

6. SPECIFICATIONS

Fanttik X9 Pro Portable Tire Inflator:

- **Maximum Inflation Pressure:** 150 PSI
- **Battery Capacity:** 7.4 V (2.5 Ah)
- **Continuous Work Time:** Up to 23 minutes
- **Inflation Speed:** Approximately 1 minute to refill a compact car tire (30 to 35 PSI)
- **Supported Units:** PSI, BAR, KPA

Fanttik B10 Pro Max Electric Air Duster:

- **Motor Type:** Brushless Motor
- **Motor Speed:** 130,000 RPM
- **Wind Speed:** Up to 65 m/s
- **Speed Levels:** 6
- **Battery Capacity:** 2x 4000 mAh Lithium Batteries (Total 8000 mAh)
- **Run Time:** Up to 210 minutes (depending on speed setting)
- **Charging:** 5V/2A Type-C
- **Power Bank Output:** 28.8Wh

7. SAFETY INFORMATION

- Keep out of reach of children.
- Do not operate the devices in wet conditions or near flammable liquids/gases.
- Do not disassemble or modify the devices.
- Avoid directing the air duster's powerful airflow directly at eyes or sensitive body parts.
- For the tire inflator, do not over-inflate tires. Always refer to the vehicle manufacturer's recommended tire pressure.
- If any malfunction occurs, discontinue use immediately and contact customer support.

8. WARRANTY INFORMATION

Fanttik products are covered by a limited warranty. Please refer to the warranty card included in your package or visit the official Fanttik website for detailed warranty terms and conditions. Keep your purchase receipt as proof of purchase.

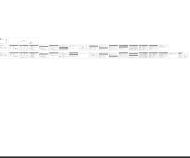

9. CUSTOMER SUPPORT

For technical assistance, troubleshooting, or warranty claims, please contact Fanttik customer support through their official website or the contact information provided in your product packaging.
