Kisonli X29

Kisonli X29 USB Bluetooth 5.3 Wired Speaker User Manual

Model: X29 | Brand: Kisonli

INTRODUCTION

This manual provides detailed instructions for the Kisonli X29 USB Bluetooth 5.3 Wired Speaker. It covers setup, operation, maintenance, and troubleshooting to ensure optimal performance and user experience. The Kisonli X29 speaker features a built-in microphone, headphone jack, 6W output (3W x 2.0 channel), USB 2.0 power and audio cable, and dynamic RGB lighting, making it suitable for gaming, music, laptops, and mobile devices.

PACKAGE CONTENTS

Please check the package for the following items:

- Kisonli X29 USB Bluetooth 5.3 Wired Speaker (1 unit)
- AUX Cable
- Charging Cable (USB 2.0 for power and audio)

PRODUCT OVERVIEW

The Kisonli X29 speaker is designed for versatile audio playback with both wired and wireless connectivity. It features a compact design with dynamic RGB lighting and integrated controls.

Application

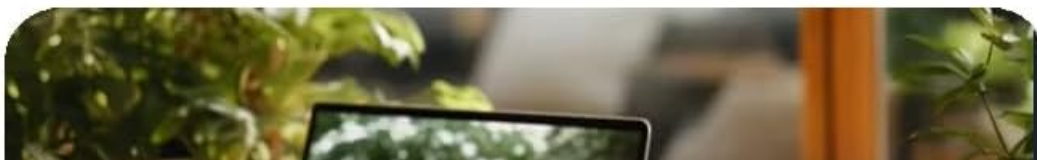

Image: Kisonli X29 speaker showing the main unit, wired connection, and inline control module.

Key Features:

- **Bluetooth 5.3 Connectivity:** Ensures stable and fast wireless audio streaming with minimal delay.
- **Dual Connectivity:** Supports both USB wired connection for power and audio, and Bluetooth for wireless playback.
- **Integrated Microphone:** Allows for hands-free calls and communication during gaming.
- **Headphone Jack:** Provides an option for private listening and immersive 3D surround sound.
- **Dynamic RGB Lighting:** Enhances the aesthetic experience, suitable for various entertainment settings.
- **High-Quality Audio:** Features a dual-speaker and dual-diaphragm design for balanced treble, midrange, and powerful bass.
- **Wide Compatibility:** Connects to tablets, laptops, desktops, TVs, and mobile phones.

SETUP

Follow these steps to set up your Kisonli X29 speaker:

1. **Power Connection:** Connect the USB 2.0 cable from the speaker to a power source. This can be a mobile phone charger, a computer's USB port, or any standard USB power output. The speaker requires a power source to function.

Image: Kisonli X29 speakers connected to a laptop via a single USB cable for power and audio.

2. **Audio Connection (Wired):** If using a wired connection, ensure the USB cable is also connected to your computer or device for audio transmission. The speaker will be recognized as an audio output device.
3. **Audio Connection (Bluetooth):**
 - Turn on the speaker.
 - Activate Bluetooth on your device (e.g., smartphone, tablet, laptop).
 - Search for available Bluetooth devices and select "Kisonli X29" (or similar name) to pair.
 - Once paired, the speaker will emit a confirmation sound, and you can play audio wirelessly.

OPERATING INSTRUCTIONS

The Kisonli X29 speaker features an inline control module for easy operation.

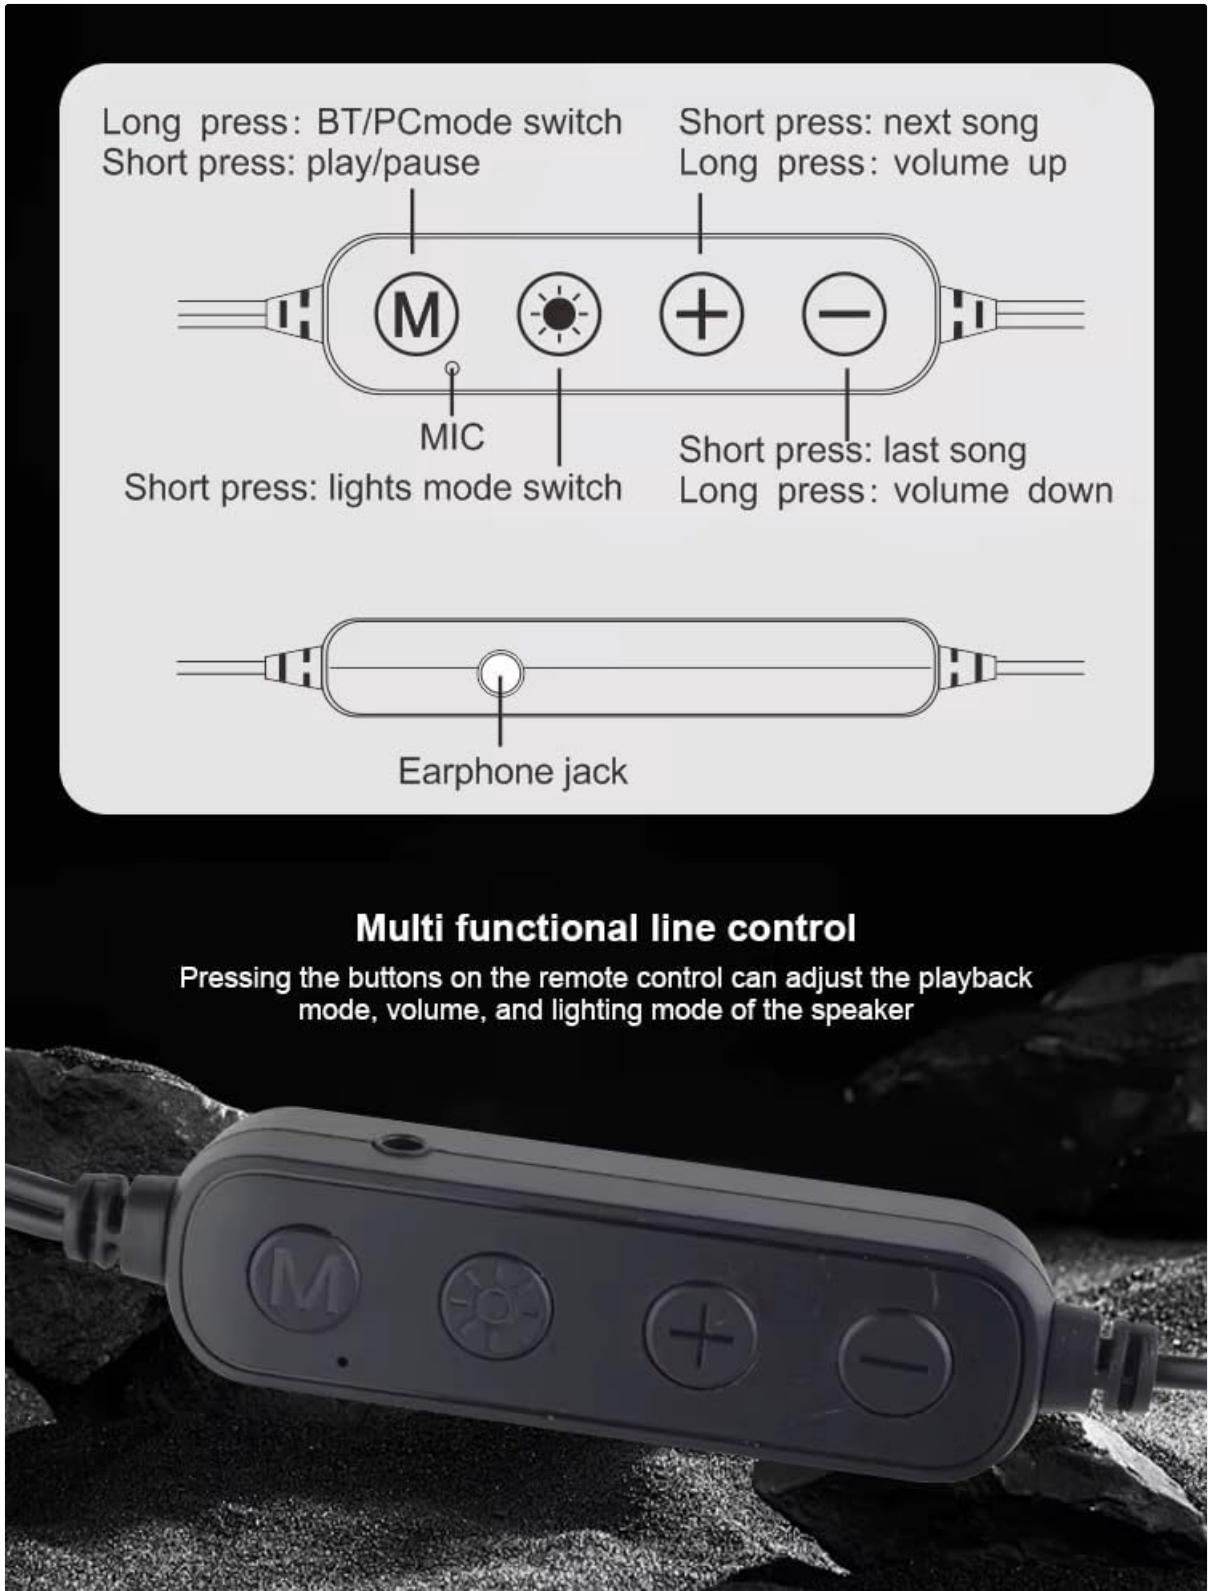

Image: Detailed diagram of the inline control module showing buttons for mode switch, play/pause, volume, track control, and RGB lighting.

Inline Control Functions:

Button/Action	Function
"M" Button (Long Press)	Switch between Bluetooth (BT) and PC (USB) mode.
"M" Button (Short Press)	Play/Pause audio.
Light Button (Short Press)	Switch RGB lighting modes.

Button/Action	Function
"+" Button (Short Press)	Next song.
"+" Button (Long Press)	Volume up.
"-" Button (Short Press)	Last song.
"-" Button (Long Press)	Volume down.

Using the Headphone Jack:

The inline control module includes a 3.5mm headphone jack. Connect your headphones to this jack to enjoy private listening with enhanced sound isolation and 3D surround sound effects.

MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your Kisonli X29 speaker.

- **Cleaning:** Use a soft, dry cloth to clean the speaker's surface. Do not use liquid cleaners or abrasive materials, as

they may damage the finish or internal components.

- **Storage:** Store the speaker in a cool, dry place away from direct sunlight and extreme temperatures.
- **Handling:** Avoid dropping the speaker or subjecting it to strong impacts.
- **Water Exposure:** This product is not water-resistant. Avoid exposure to water or high humidity.

TROUBLESHOOTING

If you encounter issues with your Kisonli X29 speaker, refer to the following troubleshooting guide:

Problem	Possible Cause	Solution
No Sound	◦ Speaker not powered on. ◦ Volume too low. ◦ Incorrect audio source selected. ◦ Loose cable connection. ◦ Bluetooth not paired or disconnected.	◦ Ensure USB power cable is connected to a working power source. ◦ Increase volume on both the speaker and the connected device. ◦ Verify the correct input mode (USB/Bluetooth) is selected using the "M" button. ◦ Check all cable connections. ◦ Re-pair the Bluetooth device.
Bluetooth Disconnection/Lag	◦ Device too far from speaker. ◦ Interference from other devices. ◦ Low battery on connected device.	◦ Move the device closer to the speaker (within 10 meters). ◦ Turn off other Bluetooth devices nearby. ◦ Ensure the connected device has sufficient battery. ◦ Try re-pairing the Bluetooth connection.
RGB Lights Not Working	◦ Lighting mode off or static.	◦ Short press the Light button on the inline control to cycle through modes.
