## Tangkula 71908-WH

# Tangkula 5-Piece Rattan Outdoor Dining Set User Manual

Model: 71908-WH

## INTRODUCTION

Thank you for choosing the Tangkula 5-Piece Rattan Outdoor Dining Set. This manual provides essential information for the safe assembly, operation, and maintenance of your new patio furniture. Please read these instructions carefully before assembly and retain them for future reference.

## Safety Information

- Always assemble according to the provided instructions.
- Do not exceed the load capacity of **165 lbs** for the tabletop and **400 lbs** for each chair.
- Use the anti-slip and adjustable foot pads to maintain stability and prevent tipping.
- Keep the product away from heat sources and sharp objects to prevent damage.
- Always supervise children when using the product.

## PACKAGE CONTENTS

Before beginning assembly, ensure all parts listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- 1 x Patio Table
- 4 x Patio Chairs
- 1 x User Guide (for detailed assembly steps)

## Dimension

Come in 2 boxes

### Package Includes

1 x Patio Table  
4 x Patio Chairs

Image: Package contents and dimensions. The package includes one patio table and four patio chairs. The table measures 36"L x 36"W x 29.5"H. Each chair measures 24"L x 24"W x 35"H, with a seat size of 18.5"L x 18"W and a seat height of 17.5".

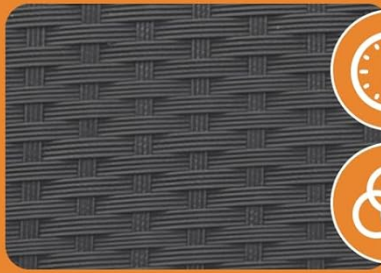

## SETUP & ASSEMBLY

Assembly of the Tangkula 5-Piece Rattan Outdoor Dining Set is required. Please refer to the included User Guide for detailed, step-by-step assembly instructions, diagrams, and hardware identification. Ensure all bolts are securely tightened before use.

### Key Assembly Features:

- **Reinforced Metal Frame:** The PE rattan exterior conceals a sprayed metal construction for enhanced durability and rust resistance.
- **Adjustable Foot Pads:** 360° adjustable foot pads on the chairs and anti-slip foot pads on the table ensure stability on uneven surfaces.

No official seller assembly videos are available for this specific product model. Please refer to the detailed instructions provided in the included User Guide.

## OPERATING INSTRUCTIONS

### Umbrella Hole Usage

The dining table features a built-in umbrella hole with a diameter of **1.97 inches**. This allows you to insert your own parasol for shade during sunny days or protection from light rain. Ensure the umbrella base is stable and appropriate for the umbrella size.

# Practical Outdoor Table

Can be coated with wood-specific wax oil maintenance, prolonging the service life

**Slatted Acacia Wood Top**  
Ensure no more standing water

**1.97" Umbrella Hole**  
Hold your own parasol for a large sun shade

**Anti-Slip Foot Pads**  
Provide exceptional stability

## Cushion Use

The chairs are equipped with detachable seat cushions made of non-woven fabric and high-density sponge for comfort. These cushions are designed to be elastic and long-lasting. For optimal comfort, place one cushion on each chair seat.

## MAINTENANCE

### Acacia Wood Care

The acacia wood tabletop can be preserved and its service life prolonged by applying wood-specific wax oil maintenance periodically. This helps protect the wood from weathering and maintains its natural appearance.

### Cushion Care

The seat cushions feature zippered covers for easy removal and cleaning. The non-woven fabric is waterproof, tear-proof, and anti-fading. To clean, remove the covers and wash them according to the care label instructions, typically a gentle cycle or hand wash. Allow to air dry completely before reattaching.

## Removable Padded Cushion

With a zippered cover that is **washable**

### General Cleaning

For general cleaning of the rattan and metal frame, wipe with a dry cloth. Avoid harsh chemicals or abrasive cleaners that could damage the materials.

### TROUBLESHOOTING

- **Wobbly Table/Chairs:** Ensure all bolts are tightened. Use the adjustable foot pads on the chairs and anti-slip foot pads on the table to stabilize the furniture on uneven surfaces.

- **Cushion Deformation:** Allow new cushions some time to fully expand and take shape. If cushions lose shape over time, ensure they are properly fluffed and stored when not in use.
- **Rattan Unraveling:** While the PE rattan is durable, minor unraveling can occur. If this happens, carefully re-secure the loose strand or contact customer support for guidance.
- **Water Accumulation on Table:** The slatted acacia wood top is designed to prevent standing water. Ensure the table is level and clear of debris to allow proper drainage.
