# **labebe Toddler Standing Tower HY2530046 Instruction Manual**

**Brand:** labebe | **Model:** HY2530046

## **1. INTRODUCTION**

The labebe HY2530046 Toddler Standing Tower is a versatile 4-in-1 Montessori learning tool designed to engage children aged 12 months and older in daily activities. This multi-purpose product functions as a safe standing tower, a practical wooden kitchen step stool, and converts into a table and chair set with an integrated blackboard. Crafted from high-quality MDF wood, it features an anti-tip structure, safety railings, armrests, and rounded corners to ensure stability and security. It supports children up to 50 kg (110 lbs).

## 2. IMPORTANT SAFETY WARNINGS

- **Adult Supervision Required:** Always ensure parental supervision during use. Never leave your child unattended or unsupervised while using the tower.
- **Stable Surface:** Always place the product on a flat, stable surface. Do not use on uneven surfaces.
- **Anti-Tip Design:** The Montessori learning tower incorporates an anti-tipping device and triangular side footrests to minimize the chance of tipping. Ensure these features are correctly engaged.
- **Safety Railings:** The safety railing, armrests, and rounded corners are designed for your child's stability and security. Ensure all bars are properly installed and secured before use.
- **Weight Limit:** This learning tower is suitable for children from 1 year old and supports up to 50 kg (110 lbs). Do not exceed this weight limit.
- **Regular Checks:** Periodically check all screws and connections to ensure they are tight and secure.

## 3. PARTS LIST

Before assembly, please ensure all parts are present and undamaged. Self-assembly is required. The package includes:

- Wooden side panels (numbered 1, 2, 7, 8)
- Wooden steps/platforms (numbered 3, 4, 5, 6, 9, 10)
- Wooden support bars (for safety and structure)
- Triangular anti-tip feet (numbered 12, 13, 14)
- Blackboard panel
- Hardware: Screws (A x 16, B x 32), Buckles (C x 4, D x 4)
- Assembly instructions manual

**Tip:** The pre-installed buckles are prone to breaking during transportation; therefore, self-assembly is required. To avoid splitting, please do not use too much force to twist screws.

## 4. SETUP AND ASSEMBLY

Follow the step-by-step instructions provided in the included manual. Ensure you have a screwdriver for assembly. The process involves attaching the side panels, securing the steps, and installing the safety bars and anti-tip feet. Pay close attention to the diagrams for correct orientation of each piece.

1. Identify all numbered wooden pieces and hardware (A, B, C, D) as per the parts list.
2. Begin by assembling the main frame using the designated screws and panels.
3. Attach the steps and platforms, ensuring they are securely fastened.
4. Install the safety bars. The removable anti-drop bar (often labeled as part 4) should be inserted into its designated slots.

5. Secure the anti-tip feet to the base of the tower for enhanced stability.
6. Once assembled, double-check all connections to ensure they are tight and the structure is stable.

## 5. OPERATING MODES

The labebe Toddler Standing Tower offers multiple configurations to adapt to your child's needs and activities.

### 5.1. Standing Tower Mode

In this mode, the tower allows your child to safely reach countertop height, enabling them to participate in kitchen activities, wash hands, or observe. Ensure the anti-drop bar is securely in place to prevent falls. The A-shaped sturdy structure and anti-tip feet provide stability.

### **⚠ Notice ⚠**

- \* Always place the product on a flat surface.
- \* Do not put it on an uneven surface with a child inside.
- \* Never leave your child unattended or unsupervised during usage.

*Image 5: The standing tower mode, showcasing the safety handrail, anti-tip feet, and A-shaped sturdy structure.*

## **5.2. Table and Chair Mode**

To convert the standing tower into a table and chair set:

1. Unlock the buckles on the sides of the tower.
2. Carefully fold the upper section downwards, transforming it into a table surface.
3. Lock the two sides using the buckles to secure the table configuration. The lower step becomes the seat for your child.

This mode is ideal for drawing, snacks, reading, or other creative play, fostering independence and engagement.

# How To Fold

Please make sure the buckle is locked when in use.

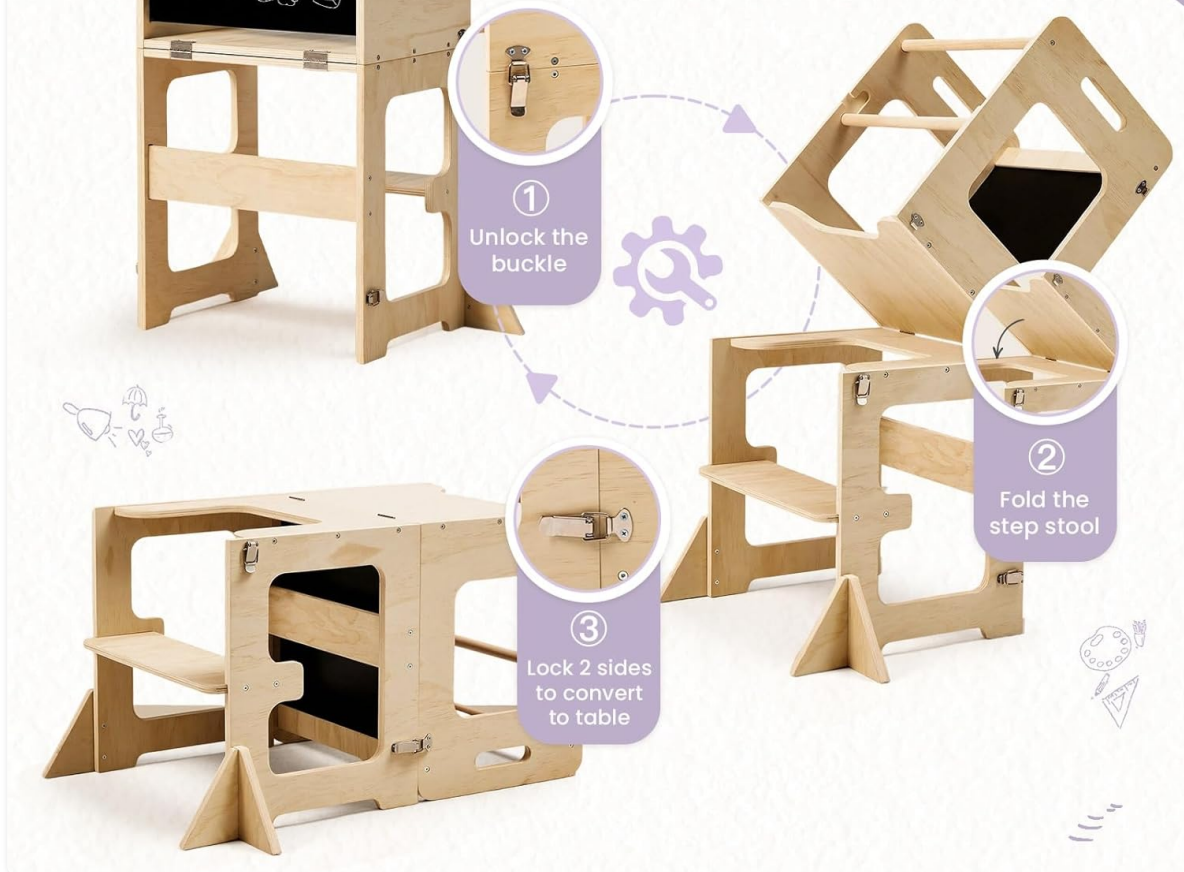

Image 6: Visual instructions demonstrating the three steps to convert the standing tower into a compact table and chair set.

## 5.3. Blackboard Feature

The integrated blackboard provides a creative outlet for your child. In standing tower mode, it can be used for drawing with chalk. When converted to table mode, the blackboard can still be accessed for artistic expression or imaginative play.

Image 7: A child actively participating in kitchen tasks using the standing tower and another child drawing on the integrated blackboard.

## 6. MAINTENANCE AND CARE

- **Cleaning:** Wipe the wooden surfaces with a damp cloth and mild soap. Avoid abrasive cleaners or harsh chemicals that could damage the wood finish.
- **Regular Inspection:** Periodically check all screws, bolts, and latches to ensure they are tight. Retighten if necessary to maintain structural integrity and safety.
- **Storage:** When not in use, the foldable design allows for easy storage. Ensure it is stored in a dry place away from extreme temperatures or humidity to prevent warping or damage to the MDF wood.
- **Blackboard Care:** Use only chalk on the blackboard surface. Clean with a damp cloth or a blackboard eraser.

## 7. TROUBLESHOOTING

- **Instability/Wobbling:** If the tower feels unstable, check all assembly points. Ensure all screws are tightened and the anti-tip feet are correctly positioned on a flat surface.
- **Folding Mechanism Issues:** If the folding mechanism does not lock securely, ensure the buckles (C and D) are properly engaged in their respective positions for either tower or table mode. Do not force the mechanism.
- **Missing or Damaged Parts:** If any parts are missing or damaged upon arrival, please contact customer support immediately for assistance.
- **Surface Stains:** MDF wood can stain easily. For best results, wipe spills immediately with a damp cloth.

## 8. SPECIFICATIONS

<b>Product Dimensions (D x W x H)</b>	25.59"D x 33.07"W x 12.6"H
<b>Brand</b>	labebe
<b>Model Name</b>	HY2530046
<b>Color</b>	Wood
