INSTRUCTION MANUAL

### Product Overview

The YITAHOME King Size Bed Frame is designed to provide both comfort and functionality for your bedroom. It features a tall, velvet upholstered headboard with integrated RGB LED lighting and a convenient charging station. The frame also includes four under-bed storage drawers, offering ample space to keep your belongings organized. Constructed for durability, this bed frame ensures a noise-free sleep experience and does not require a box spring.

For detailed step-by-step instructions, please refer to the included Installation Manual. It is recommended to assemble the bed frame with at least two people to ensure safety and efficiency.

## Operating Instructions

### Charging Station

The integrated charging station on the headboard allows you to power your electronic devices conveniently. Simply plug your devices into the available 2 AC sockets, 1 USB port (5V/2A), or 1 Type-C port (2.5V/2.1A).

### RGB LED Lights

Control the RGB LED lights using either the included 24-key remote control or a smart application on your mobile device. The lights offer a wide range of colors (over 60,000), adjustable brightness, music synchronization mode, and timing functions to customize your bedroom ambiance.

### Storage Drawers

The four under-bed storage drawers are equipped with smooth-rolling wheels for easy access. To secure the drawers and prevent them from slipping out, utilize the integrated screw clamp mechanism.

## Maintenance

---

### Velvet Upholstery Care

To maintain the soft and comfortable feel of the velvet fabric, regularly vacuum with a soft brush attachment to remove dust and debris. For spills, gently blot with a clean, damp cloth. Avoid harsh chemicals or abrasive cleaners, as these can damage the fabric.

### LED Lights and Charging Station

Wipe the LED light strip and charging station with a dry, soft cloth to keep them clean. Ensure the charging station is unplugged from the wall outlet before cleaning. Do not use liquid cleaners directly on electrical components.

## Troubleshooting

- **Noise/Squeaking:** If you experience any noise, check all assembly connections to ensure they are tightened securely. The bed frame includes a mute sponge strip to minimize metal-on-metal friction.
- **LED Lights Not Working:** Verify that the power adapter is securely plugged into both the bed frame and a working wall outlet. Check the remote control battery and ensure the smart app is correctly paired via Bluetooth.
- **Charging Station Not Functioning:** Confirm that the bed frame's power cord is properly connected to a live electrical outlet. Test with different devices and cables to rule out device-specific issues.
- **Drawers Not Sliding Smoothly:** Ensure the drawer wheels are free of obstructions and are properly aligned within their tracks. Check that the screw clamps are not overtightened or misaligned.
