IMPORTANT SAFETY INFORMATION

Please observe the following safety precautions to prevent injury and damage to the product.

- **Assembly Environment:** Always follow the assembly instructions carefully. Keep children and pets away from the work area during assembly.
- **Weather Conditions:** Do not attempt to assemble or use the shed in high winds or severe weather conditions.
- **Anchoring:** Always ensure the shed is properly anchored to the ground to prevent it from tipping over.
- **Tools:** Use appropriate safety gear, such as gloves and eye protection, during assembly.
- **Sharp Edges:** Be aware of potential sharp edges on metal components during handling and assembly.

SETUP AND ASSEMBLY

The AECOJOY 7x3 Storage Shed is designed for user-friendly setup. It is recommended to have at least two people for assembly.

Before You Begin

- **Site Preparation:** Choose a level, stable surface for the shed. Ensure adequate drainage around the site. Consider the aesthetic placement within your outdoor space.
- **Unpacking:** Carefully unpack all components and verify against the parts list provided in the separate assembly manual.
- **Tools Required:** Gather all necessary tools as specified in the assembly manual (e.g., screwdriver, wrench, drill).

Assembly Steps Overview

Refer to the detailed assembly manual included with your product for step-by-step instructions. The general process involves:

1. Assembling the base frame.
2. Attaching wall panels.
3. Installing the roof structure and panels.
4. Mounting the door and latch mechanism.
5. Securing the shed to the ground using appropriate anchors (not included).

Stable and sturdy interior structure

The latch design makes the outdoor shed more secure.

Sloping roof design prevents rainwater from leaking forward

OPERATION

The AECOJOY 7x3 Storage Shed provides a secure and weatherproof space for your outdoor items.

Storage Capacity

With a footprint of 22.5 Sq.Ft, this shed can accommodate various items. It is designed to store up to 5 bikes, 4 regular lawnmowers, or 3 snowmobiles, making it a versatile solution for your outdoor storage needs.

AUTOMOTIVE GRADE ANTI-RUST PROCESS

No mold and rust, effectively avoid oxygen contact with the material, reducing the possibility of mold and rust.

Securing Your Items

The shed features a robust latch design for enhanced security. For additional protection, consider adding a padlock (not included) to the door latch.

Ventilation

Ensure proper air circulation within the shed to prevent moisture buildup, especially when storing items that may be damp. Periodically open the door to air out the interior.

MAINTENANCE

Regular maintenance will ensure the longevity and optimal performance of your AECOJOY storage shed.

- **Cleaning:** Clean the exterior of the shed periodically with mild soap and water. Avoid abrasive cleaners or harsh chemicals that could damage the galvanized coating.

- **Rust Prevention:** The galvanized coating provides excellent resistance to rust and oxidation. However, inspect the shed annually for any signs of wear or damage to the coating, especially after severe weather. Touch up any scratches with rust-inhibiting paint if necessary.
- **Door and Latch:** Lubricate the door hinges and latch mechanism annually to ensure smooth operation.
- **Anchoring:** Regularly check that the shed remains securely anchored to the ground, especially after strong winds.
- **Drainage:** Ensure that water drains away from the base of the shed to prevent pooling and potential moisture issues.

TROUBLESHOOTING

This section addresses common issues you might encounter with your storage shed.

Problem	Possible Cause	Solution
Water leakage inside shed	Improper roof panel installation; damaged seals; inadequate ground drainage.	Verify roof panel overlap and screw tightness. Check and replace any damaged seals. Improve drainage around the shed base.
Door sticking or difficult to open/close	Misaligned hinges; lack of lubrication; debris in track (if sliding door).	Check hinge alignment and adjust if necessary. Apply lubricant to hinges and latch. Clean any debris from the door mechanism.
Shed feels unstable or wobbly	Improper anchoring; uneven ground; loose fasteners.	Ensure shed is securely anchored to a level surface. Tighten all assembly fasteners.

If you encounter issues not listed here or require further assistance, please contact AECOJOY customer support.
