3. SETUP

3.1. Charging the Battery

1. Insert a battery into the provided battery charger.
2. Connect the charger to a power source using the USB cable.
3. The indicator light on the charger will show the charging status. Charge until fully charged.

3.2. Inserting the Battery and TF Card

1. Open the battery compartment cover on the bottom of the camera.
2. Insert the charged battery according to the polarity indicators.
3. Insert the 32GB TF card into the designated slot until it clicks into place. Ensure the correct orientation.
4. Close the battery compartment cover securely.

3.3. Attaching the Wrist Strap

Thread the wrist strap through the strap lug on the side of the camera to prevent accidental drops.

4. OPERATING THE CAMERA

4.1. Power On/Off

Press and hold the power button located on the top of the camera to turn it on or off.

4.2. Using the Flip Screen

The 3-inch LCD screen can be flipped 180 degrees, making it ideal for selfies and vlogging. Adjust the screen to your desired angle for optimal viewing.

4.3. Capturing Photos and Videos

Use the physical mode dial to select between various shooting modes:

- **Photo Mode:** Capture 64MP high-resolution images. The camera features autofocus for sharp details.
- **Video Mode:** Record stunning 5K videos.
- **Slow Motion:** Capture dramatic slow-motion video sequences.
- **Time-Lapse:** Condense long events into short, captivating videos.
- **Continuous Shooting:** Take multiple photos in quick succession.
- **Self-Timer:** Set a delay before taking a photo, useful for group shots or self-portraits.
- **Loop Recording:** Continuously record video, overwriting older footage when the memory card is full.

Image: A visual guide to the NBD camera's multi-functional modes, including video, time-lapse, continuous shooting, filter mode, macro mode, slow motion, and intelligent scene recognition.

4.4. Using the Flash

The camera features a built-in flash for illuminating subjects in low-light conditions. Press the flash button to activate

or deactivate it, or set it to auto mode.

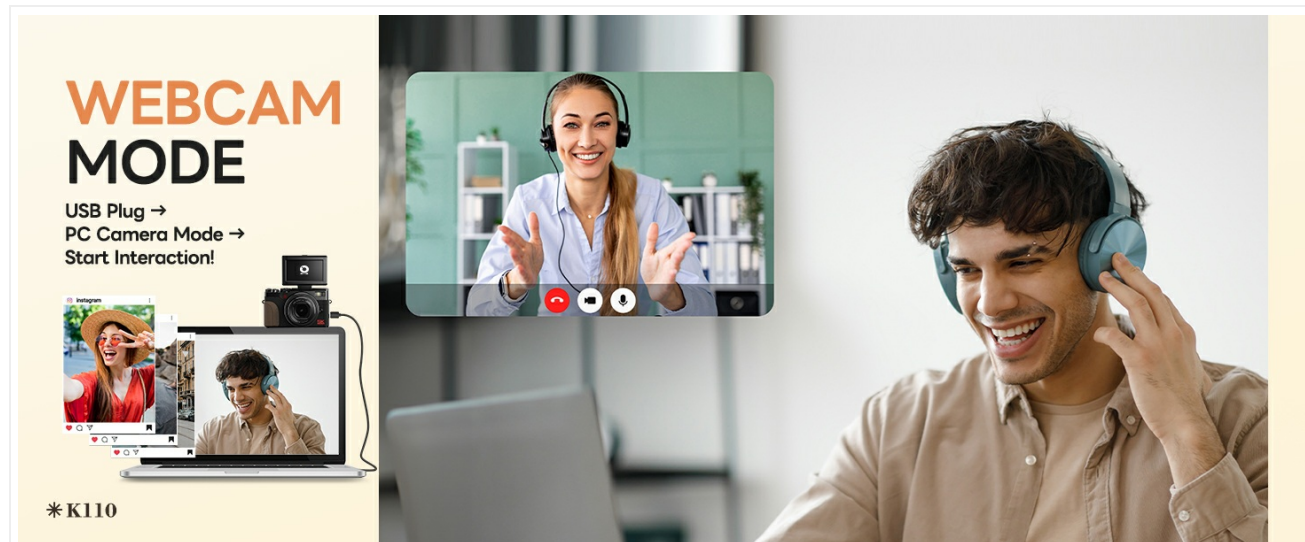

Image: The NBD camera's anti-shake feature, illustrating how it helps capture clear images even with movement.

4.5. Applying Filters

Enhance your photos and videos with the camera's built-in filters. Navigate through the menu to select from various artistic effects.

Video: A demonstration of the NBD K100 camera's multiple built-in filters for creative photography.

4.6. Wi-Fi Connectivity and Sharing

The camera supports Wi-Fi connectivity for easy transfer of photos and videos to your smartphone or other devices. This allows for quick sharing to social media platforms.

Video: A detailed overview of the NBD 5K Digital Camera, highlighting its Wi-Fi and vlogging capabilities.

4.7. Webcam Mode

Connect the camera to your computer via USB to use it as a high-definition webcam for live streaming or video calls.

5. MAINTENANCE

5.1. Cleaning the Camera

Use the provided cleaning cloth to gently wipe the lens and screen. Avoid using harsh chemicals or abrasive materials that could damage the camera's surfaces.

5.2. Battery Care

Store batteries in a cool, dry place when not in use. Avoid exposing them to extreme temperatures. Fully charge batteries before extended storage and periodically recharge them to maintain their lifespan.

5.3. Storage

When not in use, store the camera in a dry, dust-free environment, preferably in its protective bag, to prevent scratches and damage.

6. TROUBLESHOOTING

- **Camera not turning on:** Ensure the battery is fully charged and correctly inserted.
- **Poor image quality:** Check that the lens is clean and free from smudges. Ensure adequate lighting for your shot.
- **Memory card error:** Reinsert the TF card or try a different compatible card. Ensure the card is not full.
- **Wi-Fi connection issues:** Ensure the camera's Wi-Fi is enabled and your device is within range. Refer to the camera's on-screen instructions for connecting to Wi-Fi.
- **Camera makes noise:** Some operational sounds are normal. If the noise is excessive or unusual, consult the manufacturer's support.
