- Charging Cable*1

Image: Contents of the Hwagol Smart Watch package.

Upon unboxing, verify that all items are present:

- Smart Watch x1
- Diamond-studded Watch Band x1
- Silicone Strap x1
- User Manual x1
- Charging Cable x1

SETUP

1. Charging the Device

Before initial use, fully charge your Hwagol Smart Watch. Connect the provided charging cable to the charging port on the back of the watch and to a standard USB power adapter. A full charge typically takes approximately 2 hours. The watch features a 250mAh battery, providing up to one week of use depending on feature usage.

2. App Installation and Pairing

To unlock the full functionality of your smart watch, download the companion application on your smartphone. Scan the QR code provided in the quick start guide or search for the app name (usually mentioned in the quick start guide or on the watch screen during initial setup) in your phone's app store (Google Play Store for Android, Apple App Store for iOS).

1. Download and install the app on your smartphone.
2. Ensure Bluetooth is enabled on your smartphone.
3. Open the app and follow the on-screen instructions to create an account or log in.
4. In the app, navigate to the device pairing section and select your Hwagol Smart Watch from the list of available devices.
5. Confirm the pairing request on both your phone and the watch.

OPERATING INSTRUCTIONS

Bluetooth Call and Message Notifications

Image: Smart watch interface showing Bluetooth call and notification features.

The Hwagol Smart Watch supports Bluetooth 5.2 for seamless connectivity. Once paired with your smartphone, you can manage calls and receive notifications directly on your wrist.

- **Answering/Refusing Calls:** When an incoming call is received, the watch will display the caller ID. You can answer or refuse the call directly from the watch screen.
- **Call Dial:** Access the call dialer on your watch to initiate calls.
- **Contacts:** Sync your phone contacts to the watch for quick access.
- **Message/App Notifications:** Receive alerts for messages and app notifications. *Note: Replying to messages directly from the watch is not supported.*

24/7 Health Monitoring

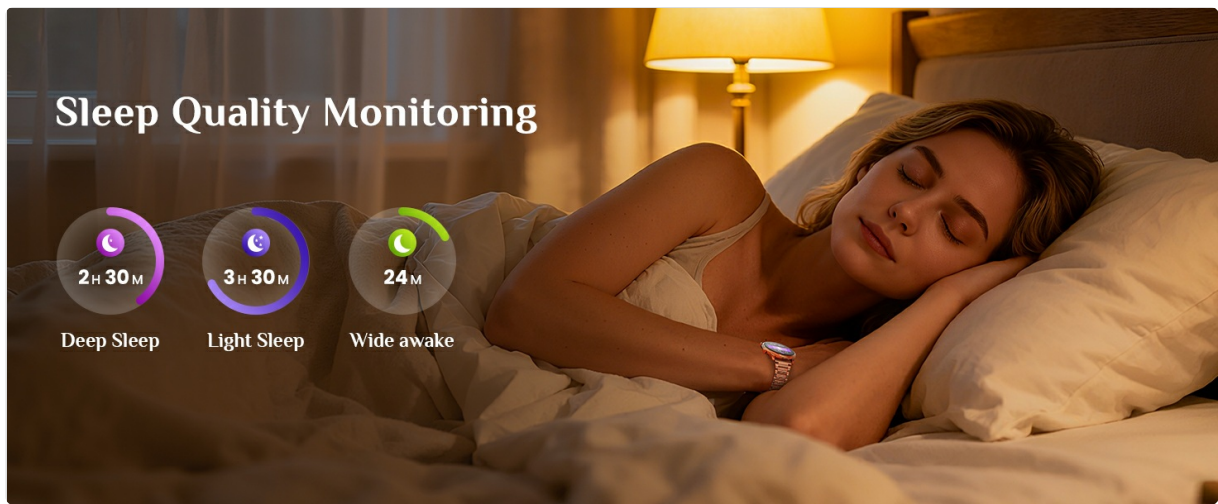

Image: Visual representation of health monitoring data on the smart watch.

The watch continuously tracks various health metrics to provide insights into your well-being:

- **Heart Rate Monitor:** Measures your heart rate throughout the day.
- **Blood Oxygen (SpO2) Monitor:** Tracks your blood oxygen saturation levels.
- **Sleep Monitor:** Analyzes your sleep patterns, including deep sleep, light sleep, and awake times.
- **Step Counter & Calorie Tracker:** Records your daily steps and estimated calories burned.
- **Breathing Exercises:** Guided breathing sessions for relaxation.

Important Note: The health monitoring data provided by this device is for reference only and should not be used for medical purposes or as a substitute for professional medical advice.

100+ Sports Modes

Image: Smart watch interface showing a selection of sports modes and activity tracking metrics.

The smart watch offers over 100 sports modes to track your physical activities. Select the appropriate mode before starting your workout for accurate data collection, including steps, distance, calories, and heart rate.

- Examples include: Outdoor Running, Cycling, Skipping, Yoga, and various ball sports.

Other Features

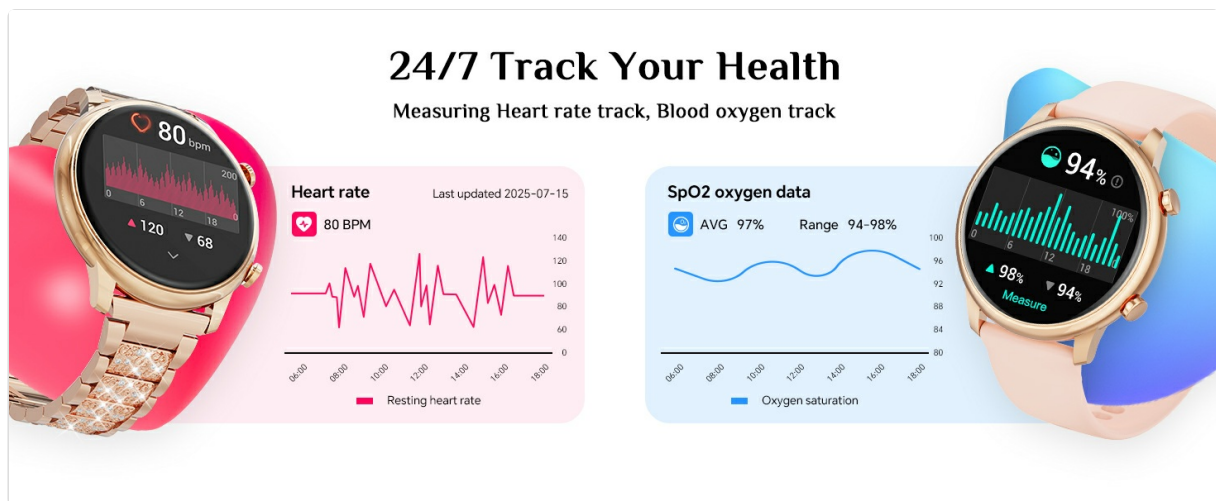

Image: Icons representing additional smart watch functionalities.

Beyond health and fitness tracking, the Hwagol Smart Watch includes several utility features:

- **Alarm Clock:** Set alarms directly from your watch.
- **Weather Forecast:** View current weather conditions and forecasts.
- **Music Player Control:** Control music playback on your connected smartphone.
- **Remote Camera Control:** Use your watch as a remote shutter for your phone's camera.
- **Water Clock (Hydration Reminder):** Set reminders to drink water.
- **Voice Control:** Interact with the watch using voice commands (if supported by the app).

Customizing Watch Faces

Image: Examples of customizable watch faces and the custom dial feature.

Personalize your smart watch by choosing from over 100 pre-installed watch faces or create your own custom dial using your favorite photos, such as selfies, pets, or landscapes, through the companion app.

MAINTENANCE

- **Cleaning:** Regularly wipe the watch screen and strap with a soft, dry cloth. If necessary, use a slightly damp cloth for the strap, then dry thoroughly.
- **Water Resistance:** Refer to the specifications for the watch's water resistance rating. Avoid exposing the watch to hot water, steam, or high-pressure water.
- **Charging:** Use only the provided charging cable. Avoid using damaged cables or chargers.
- **Storage:** Store the watch in a cool, dry place when not in use. Avoid extreme temperatures.

- **Strap Care:** The watch comes with a diamond-studded metal band and a silicone strap. Clean each material according to its specific care requirements.

TROUBLESHOOTING

Common Issues and Solutions:

- **Watch not turning on:** Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes.
- **Cannot pair with smartphone:**
 - a. Ensure Bluetooth is enabled on your phone and the watch.
 - b. Make sure the watch is within the Bluetooth range of your phone.
 - c. Restart both your phone and the watch.
 - d. Clear the app's cache or reinstall the app.
- **Inaccurate health data:** Ensure the watch is worn snugly on your wrist, not too tight or too loose. Clean the sensors on the back of the watch.
- **Notifications not received:**
 - a. Check app notification permissions on your phone.
 - b. Ensure the watch is connected via Bluetooth.
 - c. Verify that the app is running in the background on your phone.
- **Short battery life:**
 - a. Reduce screen brightness.
 - b. Disable continuous heart rate monitoring if not needed.
 - c. Limit the number of apps sending notifications to the watch.
