2. INITIAL SETUP

2.1 Powering On/Off

- **To Power On:** Press and hold the Power button until the Blackview logo appears.
- **To Power Off:** Press and hold the Power button, then select 'Power off' from the options on the screen.
- **To Restart:** Press and hold the Power button, then select 'Restart' from the options.

2.2 Charging the Tablet

Connect the provided Type-C cable to the tablet's charging port and the other end to the charger. Plug the charger into a power outlet. The tablet supports 18W fast charging. A full charge provides approximately 24 hours of average use.

2.3 Initial Configuration

Upon first power-on, follow the on-screen prompts to:

- Select your language.
- Connect to a Wi-Fi network (2.4G/5G WiFi supported).
- Sign in with your Google account or create a new one.
- Set up security features like PIN, pattern, or password.

3. BASIC OPERATION

3.1 Touchscreen Gestures

The Blackview Link 8 tablet responds to standard Android gestures:

- **Tap:** Select an item or open an application.
- **Long Press:** Access contextual menus or move icons.
- **Swipe:** Navigate through screens, scroll lists, or dismiss notifications.
- **Pinch-to-Zoom:** Zoom in or out on images and web pages.

3.2 Connecting Accessories (Keyboard, Mouse, Pen)

The tablet comes with a Bluetooth keyboard, wireless mouse, and stylus pen for enhanced productivity.

- **Bluetooth Keyboard/Mouse:** Turn on the accessory and enable Bluetooth on your tablet (Settings > Connected devices > Bluetooth). Select the accessory from the list to pair.
- **Stylus Pen:** The stylus pen is typically ready for use upon activation or may require a simple pairing process via Bluetooth if it's an active stylus. Refer to the pen's specific instructions if pairing is needed.

3.3 Using the Cameras

The tablet features a 16MP rear camera, a 2MP depth sensor, and a 13MP front camera. Open the Camera application to capture photos and videos.

- **Rear Camera:** Ideal for high-resolution photos and document scanning.
- **Front Camera:** Optimized for video calls and selfies.

- **Depth Sensor:** Enhances portrait mode effects.

3.4 Productivity Features

- **Split-Screen 2.0:** Allows you to run two applications side-by-side for multitasking. Activate by long-pressing the recent apps button or dragging an app to the side of the screen.
- **WPS Office:** Preloaded for document creation, editing, and viewing.

4. KEY FEATURES

4.1 Immersive Display

The Blackview Link 8 features a 12.7-inch 2K+ (2160×1600) IPS display with a 90Hz refresh rate and 300 nits brightness. It supports Widevine L1 for high-definition streaming content. Four Smart-PA speakers provide cinematic surround sound.

4.5 Eye-Friendly Modes

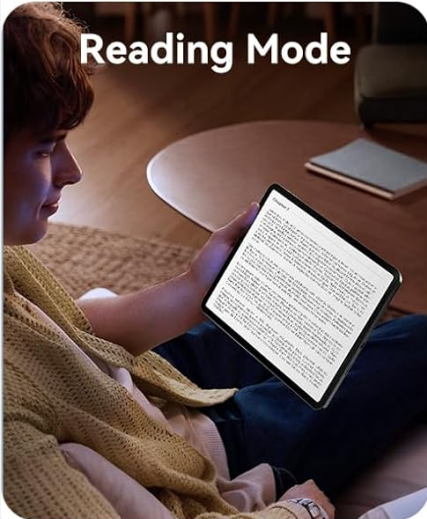

The Blackview Link 8 is TÜV Rheinland certified for low blue light emission. It includes dedicated modes to reduce eye strain:

- **Reading Mode:** Adjusts the screen to a paper-like clarity.
- **Night Light Mode:** Reduces blue light for comfortable viewing in low light.
- **Eye Comfort Mode:** Optimizes screen settings to minimize eye fatigue.

TÜV-Certified: Less Blue Light, More Comfort

5. MAINTENANCE

5.1 Cleaning Your Tablet

Use a soft, lint-free cloth to clean the screen and body of the tablet. For stubborn smudges, slightly dampen the cloth with water or a screen-cleaning solution. Avoid harsh chemicals or abrasive materials.

5.2 Battery Care

- Avoid extreme temperatures, which can degrade battery life.
- Do not leave the tablet fully discharged for extended periods.
- For long-term storage, charge the battery to around 50% and power off the device.

5.3 Software Updates

Regularly check for system updates (Settings > System > System update) to ensure your tablet has the latest features, security patches, and performance improvements.

6. TROUBLESHOOTING

If you encounter issues with your Blackview Link 8 tablet, refer to the following common solutions:

Problem	Solution
Tablet does not power on	Ensure the battery is charged. Connect the charger and wait a few minutes before attempting to power on again. If unresponsive, perform a force restart by holding the Power button for 10-15 seconds.
Wi-Fi connection issues	Restart your Wi-Fi router and the tablet. Forget the network in tablet settings and reconnect. Ensure you are within range of the Wi-Fi signal.
Slow performance or app crashes	Close unnecessary background apps. Clear cache for problematic apps (Settings > Apps > [App Name] > Storage > Clear cache). Restart the tablet. Ensure sufficient free storage space.
Screen is unresponsive	Restart the tablet. If the issue persists, ensure the screen is clean and free of debris. Remove any screen protectors that might be interfering.
