LEGO Speed Champions Back to the Future Time Machine (77256) Instruction Manual

Model: 77256 | Brand: LEGO

1. INTRODUCTION

This instruction manual provides detailed guidance for assembling and interacting with your LEGO Speed Champions Time Machine from Back to the Future (77256) building toy. This set allows builders aged 9 and up to construct and display two iconic versions of the DeLorean Time Machine from the blockbuster film franchise.

The set includes authentic details such as the lightning rod, California license plate, Mr. Fusion, sideways wheels, rear air vents, a detailed cockpit, flux capacitor, and time calculator. It also comes with Doc Brown and Marty McFly minifigures.

2. WHAT'S IN THE Box

Your LEGO Speed Champions Time Machine (77256) set contains the following:

- 357 LEGO Building Elements
- Doc Brown Minifigure
- Marty McFly Minifigure
- Instruction Booklet

2 movie characters: Doc Brown and Marty McFly

3. ASSEMBLY INSTRUCTIONS

Follow the step-by-step instructions provided in the included booklet or use the LEGO Builder app for digital guidance and 3D viewing tools. The set allows for two distinct build modes:

3.1. 1985 DeLorean Version

Construct the iconic DeLorean as it appeared in the original 1985 film, featuring the lightning rod and California license plate. This version represents the car's initial configuration for time travel.

3.2. Flying DeLorean Version (Back to the Future Part II)

Rebuild the DeLorean into its flying configuration from the second movie. This mode includes Mr. Fusion, an orange license plate, and the unforgettable sideways wheels, allowing the car to 'hover'.

4. FEATURES

- **Two Build Modes:** Construct either the 1985 road version with lightning rod and California plate, or the flying version from Back to the Future Part II with Mr. Fusion and sideways wheels.
- **Minifigures Included:** Comes with Doc Brown and Marty McFly minifigures that fit inside the cockpit.
- **Authentic Details:** Both car versions feature movie-accurate elements like rear air vents, a detailed cockpit, the flux capacitor, and a time calculator.
- **Interactive Building:** Digital guidance and 3D viewing tools are available via the LEGO Builder app.

5. OPERATING INSTRUCTIONS

The LEGO Speed Champions Time Machine is designed for display and imaginative play. To switch between the 1985 road version and the flying version, partial disassembly and reassembly are required as per the instruction manual. The wheels do not automatically pivot for flying mode; specific parts must be exchanged.

5.1. Minifigure Placement

The Doc Brown and Marty McFly minifigures can be placed inside the car's cockpit. The windshield element can be easily removed to access the interior for minifigure placement.

5.2. Changing Build Modes

To transform the DeLorean from the 1985 version to the flying version (or vice-versa), refer to the specific sections in your instruction booklet. This involves removing and attaching different components such as the lightning rod, license plates, Mr. Fusion, and adjusting the wheel configuration.

6. MAINTENANCE

To ensure the longevity and appearance of your LEGO set:

- **Cleaning:** Use a soft brush or a damp cloth with mild soap to gently clean dust and dirt from the bricks. Avoid harsh chemicals or abrasive materials.
- **Storage:** Store the assembled model or loose bricks in a cool, dry place away from direct sunlight to prevent discoloration and damage.
- **Handling:** Handle the model with care to prevent accidental disassembly, especially when moving or displaying.

7. TROUBLESHOOTING

- **Missing Pieces:** If you find any missing pieces during assembly, please contact LEGO Customer Service directly through their official website.
- **Assembly Difficulties:** Refer to the LEGO Builder app for interactive 3D instructions, which can provide clearer visual guidance than the printed manual. Ensure all connections are firm.
- **Parts Not Attaching Properly:** Double-check the instruction steps. Sometimes, a small misalignment can prevent larger sections from connecting correctly. For this model, ensure the pegs above the wheel wells are attached first for proper base assembly.

8. SPECIFICATIONS

Attribute	Value
Product Dimensions	10.32 x 5.55 x 2.84 inches
Item Weight	14.4 ounces
Item Model Number	6588751
Manufacturer Recommended Age	9 years and up

Number of Pieces	357
Manufacturer	LEGO
Release Date	January 1, 2026

9. SAFETY INFORMATION

No Warning Applicable.

10. WARRANTY AND SUPPORT

For any questions regarding missing parts, assembly issues, or product information, please visit the official LEGO Customer Service website or contact their support team. Specific warranty details can be found on the LEGO website or by contacting their customer service.
