5. MAINTENANCE

To ensure the longevity and cleanliness of your LEGO set, follow these maintenance guidelines:

- **Cleaning:** Use a soft brush or cloth to gently remove dust. For deeper cleaning, wash LEGO bricks by hand using lukewarm water (max 40°C / 104°F) and a mild detergent. Rinse thoroughly and air dry. Avoid hot water, direct sunlight, or high heat, as this can damage the plastic.
- **Storage:** Store your LEGO set in a cool, dry place away from direct sunlight to prevent discoloration and warping. Keep small pieces in designated containers to avoid loss.
- **Handling:** Handle the set with care to prevent pieces from detaching or breaking.

6. TROUBLESHOOTING

If you encounter any issues with your LEGO Minecraft Zombie Dungeon set, consider the following:

- **Missing Pieces:** In the rare event of missing pieces, please contact LEGO Customer Service directly. They can assist with replacement parts.
- **Assembly Difficulties:** Double-check the instruction manual or the LEGO Builder app for the correct placement of bricks. Sometimes a small misstep can affect subsequent steps.
- **Loose Connections:** Ensure that all bricks are pressed firmly together. LEGO connections are designed to be secure when properly assembled.
