Mando 584738

Mando Whole Body Deodorant for Men - Invisible Spray - Pro Sport

Model: 584738

PRODUCT OVERVIEW

This manual provides instructions for the Mando Whole Body Deodorant for Men, an invisible spray designed for 72-hour odor control. It features a low-irritation, aluminum-free, and benzene-free formula, suitable for use on pits, privates, and feet.

KEY FEATURES

- **Don't Mask It. Mando It.** This isn't a cover-up. Mando stops odor before it starts.
- **Smell Better Everywhere** – Tackle odor at its source. Mando Invisible Spray works on pits, privates, feet, and beyond, keeping you fresh wherever you need it.
- **High Performance** – Clinically proven to block odor for up to 72 hours, delivering all-day confidence and long-lasting freshness.
- **Powered by Science** – Our pH-optimized PREodorant formula prevents odor before it starts, using doctor-developed, scientifically-backed innovation.
- **Seriously Safe** – Safe for all-over use and won't stain clothes. Designed for low irritation, it's free from benzene, aluminum, baking soda, dyes, and parabens—hypoallergenic and dermatologist-tested.

SAFETY INFORMATION

For external use only. Do not use on broken or irritated skin. Review the label to confirm you are not allergic to any of the ingredients. Stop if rash or irritation occurs. Perform a patch test on a small area before applying to whole body.

USAGE INSTRUCTIONS

Preparation

Ensure skin is clean and dry before application.

Application Steps

1. Shake the can well before each use.

2. Hold the can approximately 6 inches (15 cm) away from the area you wish to spray.
3. Spray a light, even layer onto pits, privates, feet, or any other area where odor control is desired.
4. Allow the product to dry completely before dressing. This helps prevent transfer to clothing and ensures optimal effectiveness.

Frequency

Apply once daily for up to 72 hours of odor control, or as needed.

TROUBLESHOOTING

Nozzle Clogging

If the nozzle becomes clogged, gently rinse it under warm water. Do not use sharp objects to clear the nozzle, as this may damage the spray mechanism.

Wet Feeling After Application

The spray may feel slightly wet upon initial application. Allow a few moments for the product to dry completely on the skin before dressing.

Insufficient Odor Control

Ensure the product is applied to clean, dry skin. Reapply as directed if needed, or consider a patch test to ensure compatibility with your skin.

WARRANTY AND SUPPORT

Specific warranty information for this product is not provided in the available data. For detailed warranty information or product support, please contact the manufacturer, Mando, directly through their official website or customer service channels.
