3. PRODUCT OVERVIEW

3.1 Physical Components

The A10Blak projector features a smart touchscreen display and a flexible 180° rotating mount for versatile placement.

Smart Touch Display & Intuitive Control Panel

Seamless Dual-Screen Sync Playback

Image 3.1: The A10Blak projector showcasing its smart touch display and intuitive control panel.

3.2 Ports and Connections

The projector is equipped with various ports for connecting external devices:

- **HDMI Port:** For connecting devices like PS5, Xbox, Switch, TV boxes, and laptops.
- **USB Port:** For connecting phones, USB flash drives, and hard drives.
- **3.5mm Audio Jack:** For connecting external speakers or headphones.
- **Power Input:** For connecting the power cord.

Immersive Sound for Every Moment

Image 3.2: Rear view of the A10Blak projector highlighting its multiple input ports.

4. SETUP

4.1 Power Connection

1. Connect the power cord to the projector's power input.
2. Plug the other end of the power cord into a suitable electrical outlet.
3. The projector will automatically power on or can be turned on using the power button.

4.2 Initial Placement and Adjustment

The A10Blak projector features a 180° flexible angle, allowing projection onto walls or ceilings. It also includes smart auto-adjustments for optimal image display.

Your browser does not support the video tag.

Image 4.2: Visual representation of the projector's 4 smart auto-adjustments: Auto Focus, Auto Vertical Keystone, Auto Screen Alignment, and 50%-100% Zoom.

4.3 Auto Focus & Keystone Correction

The projector automatically adjusts focus and keystone. If manual adjustment is needed, use the remote control:

1. Press the dedicated focus button on the remote control.
2. Adjust until the image is clear.
3. The projector also features auto 4-point and 4-side keystone correction for perfect alignment.

Your browser does not support the video tag.

Video 4.3: Overview of the projector's auto-focus capabilities and built-in app store.

5. OPERATING INSTRUCTIONS

5.1 Smart Touchscreen & Navigation

The projector features a 7-inch smart touchscreen for direct control. This display syncs instantly to the main projection with zero lag.

- **Direct Touch Control:** Tap to select movies, adjust settings, or navigate the interface.
- **Remote Control:** Use the included remote as an alternative control method.
- **Note:** Some applications may disable swipe gestures. Use the bottom-left navigation bar for content selection in such cases. Play/fast forward and other core functions remain seamless.

Your browser does not support the video tag.

Video 5.1: Demonstration of the touchscreen interface and its responsiveness.

5.2 Built-in Apps & Streaming

The A10Blak projector comes with over 1000 built-in apps and live channels, fully compatible with popular platforms like Netflix, Prime Video, and Disney+.

- **Accessing Apps:** Navigate through the touchscreen or remote to select desired streaming applications.
- **Downloading Apps:** Additional apps can be downloaded online directly from the projector's interface.

4 Smart Auto-Adjustments

Perfect Projection in Seconds

7. MAINTENANCE

Regular maintenance ensures optimal performance and extends the lifespan of your projector.

- **Lens Cleaning:** Gently clean the projector lens with a soft, lint-free cloth. Avoid abrasive materials or harsh chemicals.
- **Ventilation:** Ensure the projector's ventilation ports are clear of obstructions to prevent overheating.
- **Storage:** When not in use, store the projector in a cool, dry place away from direct sunlight and extreme temperatures.

8. TROUBLESHOOTING

If you encounter issues with your projector, refer to the following common solutions:

- **No Power:** Ensure the power cord is securely connected to both the projector and the power outlet.
- **Blurry Image:** Use the auto-focus function or manually adjust the focus via the remote control until the image is clear.
- **No Sound:** Check the volume settings on the projector and any connected external audio devices. Ensure Bluetooth devices are properly paired.
- **Connectivity Issues:** Verify your WiFi connection in the network settings. For screen mirroring, ensure both devices are on the same network.
- **Remote Not Responding:** Check the batteries in the remote control and replace if necessary.

For further assistance, please contact customer support.
