SWTYMIKI 5-Tier

SWTYMIKI Rolling Makeup Organizer Cart - 5-Tier White Instruction Manual

Model: 5-Tier White

Introduction

Thank you for choosing the SWTYMIKI Rolling Makeup Organizer Cart. This manual provides detailed instructions for assembly, operation, maintenance, and troubleshooting to ensure optimal use and longevity of your product. Please read this manual thoroughly before assembly and retain it for future reference.

Product Overview

The SWTYMIKI 5-Tier Rolling Makeup Organizer Cart is designed for efficient and stylish storage of cosmetics, skincare products, and hair tools. Its compact design and mobility make it suitable for various spaces.

Key Features:

- **Large Capacity:** Features 5 independent sections, including a top skincare organizer with 9 compartments and 4 spacious non-woven drawers.
- **Adjustable Top Compartments:** The 9-grid top separation can be disassembled and combined as needed for flexible storage.
- **Spacious Drawers:** Four large drawers offer ample room for various items, designed for smooth gliding and dust prevention.
- **360° Lockable Wheels:** Allows for easy movement and stable positioning.
- **Durable Construction:** Built with a robust powder-coated metal frame and eco-friendly non-woven fabric drawers.
- **Space-Saving Design:** Vertical storage minimizes floor footprint.

Figure 4: Close-up of key features: adjustable dividers, 360° swiveling casters, protective fence, anti-drop limiting screws for drawers, and elegant golden knobs.

Safety Information

- Ensure all screws are tightened securely during assembly to prevent instability.
- Do not overload the drawers or top compartments to maintain balance and prevent tipping.
- Keep small parts away from children during assembly.
- Use the wheel locks when the cart needs to remain stationary.

Setup and Assembly

The SWTYMIKI Rolling Makeup Organizer Cart requires easy assembly. All necessary installation tools are included.

Assembly Steps:

1. Unpack all components and verify against the parts list (not provided in this manual, refer to packaging).

2. Assemble the metal frame components using the provided screws and Allen wrench.
3. Attach the wooden top shelf and mesh side panels to the frame.
4. Install the 360° lockable wheels into the base of the frame.
5. Assemble the non-woven fabric drawers by inserting the bottom panel and attaching the golden knobs.
6. Slide the assembled drawers into their respective slots in the frame. Ensure the anti-drop limiting screws are in place to prevent drawers from falling out.
7. Arrange the clear plastic dividers in the top compartment as desired.

Video 1: SWTYMIKI Rolling Makeup Organizer Cart Assembly Guide. This video demonstrates the step-by-step process of assembling the cart, including attaching the frame, wheels, and drawers, and setting up the top dividers.

Operating Instructions

Using the Top Compartment:

The top section features a mesh basket with removable plastic dividers. Adjust these dividers to create custom-sized compartments for makeup brushes, combs, hair tools, lipsticks, perfumes, and nail polishes. The open design allows for quick access to frequently used items.

Using the Drawers:

The four non-woven fabric drawers are ideal for storing larger items or those you wish to keep out of sight, such as sunglasses, hair accessories, jewelry, watches, creams, masks, and contour palettes. Pull the golden knobs gently to open and close the drawers. The anti-drop limiting screws prevent accidental full removal of the drawers.

Mobility and Stability:

Utilize the 360° swiveling wheels to easily move the cart between different locations, such as from a bathroom to a bedroom. To keep the cart stationary, engage the locks on the front wheels by pressing down on the lever.

Maintenance

- **Cleaning the Frame:** Wipe the metal frame with a soft, damp cloth and mild detergent. Dry immediately to prevent rust.
- **Cleaning the Drawers:** The non-woven fabric drawers can be spot cleaned with a damp cloth. Do not machine wash or submerge in water. Allow to air dry completely.
- **Cleaning Dividers:** The plastic dividers can be washed with soap and water.
- **Regular Checks:** Periodically check all screws and connections to ensure they remain tight.

Troubleshooting

- **Cart is wobbly:** Ensure all screws are fully tightened. Check that the wheels are securely installed.
- **Drawers are difficult to open/close:** Check for any obstructions inside the drawer or along the tracks. Ensure the drawer is properly aligned within the frame.
- **Wheels not rolling smoothly:** Check for debris caught in the wheels. Ensure wheel locks are disengaged.

Specifications

Feature	Detail
