HONOR Magic V5

HONOR Magic V5 5G MBH-N49 User Manual

Model: MBH-N49 | Brand: HONOR

1. INTRODUCTION

This manual provides essential information and instructions for the safe and efficient use of your HONOR Magic V5 5G MBH-N49 foldable smartphone. Please read this manual thoroughly before using your device.

2. WHAT'S IN THE BOX

Verify that all items are present in your product packaging:

- HONOR Magic V5 Smartphone
- USB Type-C Cable
- PU Case
- Eject Tool
- Screen protective films (Inner/External attached)

3. SETUP

3.1. Initial Power On

To power on your device, press and hold the power button located on the side until the HONOR logo appears on the screen. Follow the on-screen prompts to complete the initial setup, including language selection, network connection, and account setup.

3.2. SIM Card Installation

The HONOR Magic V5 supports Dual SIM functionality. Use the provided eject tool to open the SIM card tray. Insert your nano-SIM card(s) into the tray with the gold contacts facing down, then reinsert the tray into the device.

4. OPERATING YOUR DEVICE

4.1. Display Modes

The HONOR Magic V5 features a flexible display, allowing it to function in both folded and unfolded modes. The inner screen is a 7.95-inch foldable OLED display (2352×2172 Pixels), while the external screen is a 6.43-inch OLED display (2376×1060 Pixels). Both screens support 1.07 billion colors and a 120Hz refresh rate for smooth visuals.

4.2. Stylus Functionality

The device supports pen input on both the external and internal displays, enhancing productivity for note-taking, drawing, and precise navigation.

4.3. Camera Features

Capture high-quality photos and videos with the advanced camera system:

- **Rear Camera:** 50MP + 50MP + 64MP setup for versatile photography.
- **Front Camera:** 20MP + 20MP for clear selfies and video calls.

4.4. Connectivity

The HONOR Magic V5 offers comprehensive connectivity options:

- **Network:** 5G connectivity for fast data speeds.
- **Wireless:** Wi-Fi a/b/g/n/ac/ax/be, Bluetooth 6.0, NFC.
- **Port:** USB Type-C for charging and data transfer.

4.5. Performance and Software

Powered by the Qualcomm Snapdragon 8 Elite Mobile Platform with Adreno 830 GPU, 16GB RAM, and 512GB storage, the device runs on Android 15 with MagicOS 9.0.1, ensuring smooth multitasking and efficient operation.

4.6. Battery and Charging

The device is equipped with a 5820 mAh battery. It supports fast wired charging at 66W and fast wireless charging at 50W, allowing for quick power replenishment.

4.7. Gaming Performance

Experience high-quality gaming with the powerful processor and high refresh rate displays. The device is capable of running demanding games smoothly, even at high graphic settings.

5. MAINTENANCE

To ensure the longevity and optimal performance of your HONOR Magic V5, observe the following maintenance guidelines:

- **Screen Protection:** The device comes with pre-attached screen protective films. Do not remove the interior screen protector film yourself, as it is designed exclusively for foldable devices. Consult HONOR customer service if replacement is needed.
- **Avoid Sharp Objects:** Do not press the interior screen with sharp objects to prevent damage.
- **Magnetic Interference:** Keep the phone away from devices sensitive to magnets. If you use an implantable medical device, consult a professional.
- **Water and Dust:** Avoid exposing the phone to liquid, sand, or dust that could damage internal components.
- **Folding and Unfolding:** Slight creases and sounds during folding and unfolding are normal and do not affect functionality.

6. TROUBLESHOOTING

If you encounter issues with your device, consider the following basic troubleshooting steps:

- **Device Unresponsive:** Press and hold the power button for approximately 10 seconds to force a restart.
- **Network Issues:** Ensure your SIM card is correctly inserted and that you have network coverage. Restarting the device can often resolve temporary network problems.
- **Battery Drain:** Close unused applications running in the background and adjust screen brightness. If the issue persists, check for software updates.
- **Screen Issues:** If the screen is unresponsive or displays abnormalities, try restarting the device. For persistent issues, contact customer support.
