Pilipane Pilipanea2gvugwfd4

Pilipane Wooden Fork and Spoon Set

Instruction Manual - Model: Pilipanea2gvugwfd4

1. PRODUCT OVERVIEW

This Pilipane Wooden Fork and Spoon Set includes three forks and three spoons, crafted from high-quality beechwood. Designed with a minimalist Japanese aesthetic, these utensils are suitable for various dining occasions, from family meals to special gatherings. They offer a comfortable grip and are a durable, eco-friendly alternative to plastic or metal cutlery.

2. SETUP

Before using your Pilipane Wooden Fork and Spoon Set for the first time, follow these steps:

1. **Initial Cleaning:** Wash all forks and spoons thoroughly with mild dish soap and warm water.
2. **Rinsing:** Rinse each utensil completely to remove all soap residue.
3. **Drying:** Immediately dry the utensils with a soft, clean cloth. Do not allow them to air dry or soak in water.

3. OPERATING INSTRUCTIONS

The Pilipane Wooden Fork and Spoon Set is designed for general dining and serving purposes. Its ergonomic design ensures comfortable and efficient use.

- **Versatile Use:** Use the forks for solid foods and the spoons for liquids, semi-solids, or stirring.
- **Comfortable Grip:** The smooth, polished surface and balanced shape provide a comfortable grip, reducing hand fatigue during extended meals.
- **Temperature Suitability:** These utensils are suitable for use with both hot and cold food items.

4. MAINTENANCE

Proper care and maintenance will extend the life and preserve the appearance of your wooden utensils.

4.1 Cleaning

- **Hand Wash Only:** Always hand wash your wooden utensils with mild soap and warm water.
- **Avoid Dishwashers:** Do not place wooden utensils in a dishwasher, as the high heat and harsh detergents can cause warping, cracking, or splintering.
- **Do Not Soak:** Avoid soaking the utensils in water for prolonged periods.

4.2 Drying and Storage

- **Immediate Drying:** After washing, dry the utensils immediately and thoroughly with a soft cloth.
- **Proper Storage:** Store in a dry place away from direct sunlight, extreme heat, or excessive humidity.

4.3 Conditioning

- **Regular Oiling:** Periodically (e.g., once a month or as needed), apply a food-grade mineral oil or beeswax to the wood. This helps to moisturize the wood, prevent drying and cracking, and maintain its natural luster.
- **Application:** Apply a small amount of oil with a clean cloth, let it soak in for a few hours or overnight, then wipe off any excess.

5. TROUBLESHOOTING

Refer to the following table for common issues and their solutions:

Issue	Possible Cause	Solution
Wood appears dry or dull	Lack of conditioning; exposure to dry air	Apply food-grade mineral oil or beeswax to recondition the wood.
Utensils develop cracks	Prolonged soaking in water; extreme temperature changes; improper drying	Ensure proper drying immediately after washing. Avoid soaking. If cracks are severe, discontinue use.
Stains or discoloration	Exposure to highly pigmented foods	Wash immediately after use. For stubborn stains, a paste of baking soda and water can be gently applied, then rinsed and dried.

6. SPECIFICATIONS

Material: Beech Wood

Included Components: 3 Forks, 3 Spoons

Total Pieces: 6

Item Weight: Approximately 2.22 ounces (63 grams)

Package Dimensions: 7.09 x 4.72 x 1.18 inches
