Hemobllo Telescopic Toilet Paper Roll Holder Spring Rod

Instruction Manual for Model 05SD53QA401JUX96

INTRODUCTION

Thank you for choosing the Hemobllo Telescopic Toilet Paper Roll Holder Spring Rod. This product is designed for easy replacement and reliable performance in your bathroom. Made from durable stainless steel, it features a spring-loaded mechanism that adapts to various toilet paper roll sizes, ensuring a secure fit. Its minimalist design also allows for effortless cleaning.

SETUP

The Hemobllo telescopic spring rod is designed for quick and tool-free installation. Follow these steps to replace your toilet paper holder rod:

- 1. Remove the old rod:** If replacing an existing rod, gently pull it out from the toilet paper holder brackets.
- 2. Compress the new rod:** Hold the Hemobllo spring rod and compress one end by pushing it inwards.
- 3. Insert into holder:** Place the compressed end into one of the toilet paper holder brackets.
- 4. Release and secure:** Align the other end with the opposite bracket, then release the compressed end. The spring mechanism will expand, securing the rod firmly in place.

OPERATING INSTRUCTIONS

Using your Hemobllo telescopic toilet paper roll holder is straightforward:

- 1. Loading a new roll:** To load a new toilet paper roll, gently compress one end of the spring rod and slide the empty cardboard core off.
- 2. Place new roll:** Slide the new toilet paper roll onto the rod.
- 3. Re-insert:** Compress the rod again and place it back into the toilet paper holder brackets, ensuring both ends are securely seated. The spring mechanism will hold the roll firmly, preventing it from slipping or falling during use.

SIMPLE AND NOT EASY TO WEAR

MAINTENANCE

To ensure the longevity and appearance of your Hemobllo toilet paper roll holder spring rod, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the rod regularly with a soft, damp cloth.
- **Avoid harsh chemicals:** Do not use abrasive cleaners, scouring pads, or harsh chemical solutions, as these can damage the stainless steel finish.
- **Drying:** After cleaning, dry the rod thoroughly with a clean, soft cloth to prevent water spots.

TROUBLESHOOTING

If you encounter any issues with your Hemobllo telescopic toilet paper roll holder, refer to the following common

solutions:

- **Rod does not fit:** Ensure the rod is fully compressed when inserting it into the holder brackets. The spring mechanism is designed to adapt to standard holder widths. If your holder is unusually wide, the rod may not be suitable.
- **Toilet paper roll slips:** Verify that the rod is properly seated in both brackets and that the spring mechanism has fully expanded to hold the roll securely.
- **Difficulty compressing the rod:** Apply firm, even pressure to compress the rod. If it feels stiff, ensure there is no debris obstructing the mechanism.
