1. SAFETY INFORMATION

Please read and understand all instructions before assembly and use of the COMHOMA 5x3FT Metal Outdoor Storage Shed. Failure to follow these instructions may result in injury or damage to the product.

- **Assembly Team:** This product requires at least 2-3 individuals for safe assembly due to the size and weight of components.
- **Protective Gear:** Always wear appropriate protective gear, such as gloves, during assembly to prevent cuts or pinches.
- **Stable Surface:** Assemble the shed on a flat, level, and stable surface to ensure structural integrity.
- **Secure Anchoring:** Ensure the shed is securely anchored to the ground to prevent tipping in strong winds. Anchoring hardware may not be included and should be purchased separately based on your ground type.
- **Ventilation:** Do not store flammable liquids or hazardous materials without proper ventilation and safety precautions.
- **Children and Pets:** Keep children and pets away from the assembly area. The shed should not be used as a play structure.
- **Sharp Edges:** Be aware of potential sharp edges on metal components during handling.

2. PACKAGE CONTENTS

Before beginning assembly, verify that all parts are present and undamaged. Refer to the detailed parts list provided in your physical manual. The package typically includes:

- All galvanized steel panels and frame components.
- Hardware kit (screws, nuts, bolts).
- Door assembly and locking mechanism.

- Roof panels and ventilation components.
- Instruction manual.
- 2 pairs of assembly gloves.

14.5 sq.ft

Note: Components are typically packed in one box. In some cases, boxes may arrive at different times.

3. SETUP AND ASSEMBLY INSTRUCTIONS

The COMHOMA 5x3FT Metal Outdoor Storage Shed is designed for straightforward assembly. All components are labeled with part numbers. Please ensure you have at least 2-3 people for assistance during the assembly process.

General Assembly Steps:

1. **Prepare the Base:** Assemble the base frame and attach the 4 corner panels. (Requires 2 people)

2. **Secure the Roof Frame:** Fasten all side panels to fit with screws.
3. **Install Roof Panels:** Work together (2 people needed) to securely attach the roof panels.
4. **Install the Door:** Firmly secure the door to the shed using screws.
5. **Apply Protective Caps:** Screw on the plastic protective caps to cover the screws and prevent scratches.

Image: Step-by-step visual guide for shed assembly.

Helpful Tips:

- Refer to the detailed diagrams in your physical manual for specific part identification.
- Do not overtighten screws until all components are loosely fitted.
- Ensure all panels are correctly aligned before tightening fasteners.

4. OPERATING INSTRUCTIONS

Door Operation:

- The shed features a single hinged, lockable door.
- To open, unlock the door using the provided key or padlock (padlock not included).
- Gently pull the door open. Avoid forcing the door to prevent damage to hinges or frame.
- To close, push the door firmly until it aligns with the frame. Engage the lock for security.

Ventilation Design

Image: Details of the shed's secure door lock and sturdy hinge.

Ventilation:

- The shed is equipped with two top vents to ensure proper airflow.
- These vents help to keep the interior cool and prevent odors, especially when storing garden tools or equipment.
- Ensure vents are not obstructed by stored items or debris.

5. MAINTENANCE

Regular maintenance will extend the life and appearance of your COMHOMA storage shed.

- **Cleaning:** Clean the exterior of the shed periodically with mild soap and water. Avoid abrasive cleaners or harsh chemicals that could damage the powder-coated finish.
- **Inspection:** Annually inspect all screws, bolts, and connections to ensure they are tight. Retighten if necessary.
- **Drainage:** Ensure the area around the shed is clear of debris to allow for proper water drainage from the sloping roof.
- **Ventilation:** Keep the air vents clear of obstructions (e.g., leaves, dirt) to maintain proper airflow.
- **Rust Prevention:** While made of galvanized steel with a powder coating, inspect for any scratches or chips in the paint that could expose the metal to moisture and lead to rust. Touch up as needed.

6. TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Door does not close properly.	Uneven ground; misaligned frame; loose hinges.	Ensure shed is on level ground. Check frame for squareness. Tighten hinge screws.
Water leakage inside the shed.	Improperly sealed seams; damaged roof panel; clogged drainage.	Inspect all seams and apply silicone sealant if necessary. Check roof panels for damage. Clear any debris from the roof and surrounding area.
Shed feels unstable.	Loose fasteners; inadequate anchoring.	Tighten all screws and bolts. Ensure the shed is properly anchored to the ground using appropriate anchor kits (sold separately).
Difficulty assembling panels.	Panels misaligned; incorrect orientation.	Double-check part numbers and orientation against the manual. Ensure panels are aligned before tightening screws. Seek assistance from another person.

7. SPECIFICATIONS

Brand: COMHOMA

Model Number: DF-B105-5-3ft-BR-N

Material: Galvanized Steel

Color: Brown

Product Dimensions (D x W x H): 63.39" x 36.22" x 71.26" (5x3FT nominal)

Item Weight: 66.14 Pounds

Storage Capacity: Approximately 67 CU.FT

Roof Weight Capacity: 440 LBS

Door Width: 25 Inches

Door Height: 64 Inches

Door Style: Single Hinged, Lockable

Water Resistance Level: Waterproof

Ultraviolet Light Protection: UV resistant

Required Assembly: Yes (2-3 individuals recommended)
