

TECTINTER PS Portal Case

TECTINTER 3-in-1 PS Portal Case and Screen Protector Kit User Manual

Model: PS Portal Case

INTRODUCTION

This manual provides comprehensive instructions for the TECTINTER 3-in-1 PS Portal Case and Screen Protector Kit. This kit is designed to protect and transport your PlayStation Portal Remote Player, offering a durable EVA travel case and screen protection. Please read this manual carefully to ensure proper use and maintenance of your product.

PRODUCT COMPONENTS

The TECTINTER 3-in-1 PS Portal Case Kit includes the following items:

- 1x EVA Travel Case for PS Portal
- 2x Screen Protectors for PS Portal
- 1x User Guide (this document)

SETUP

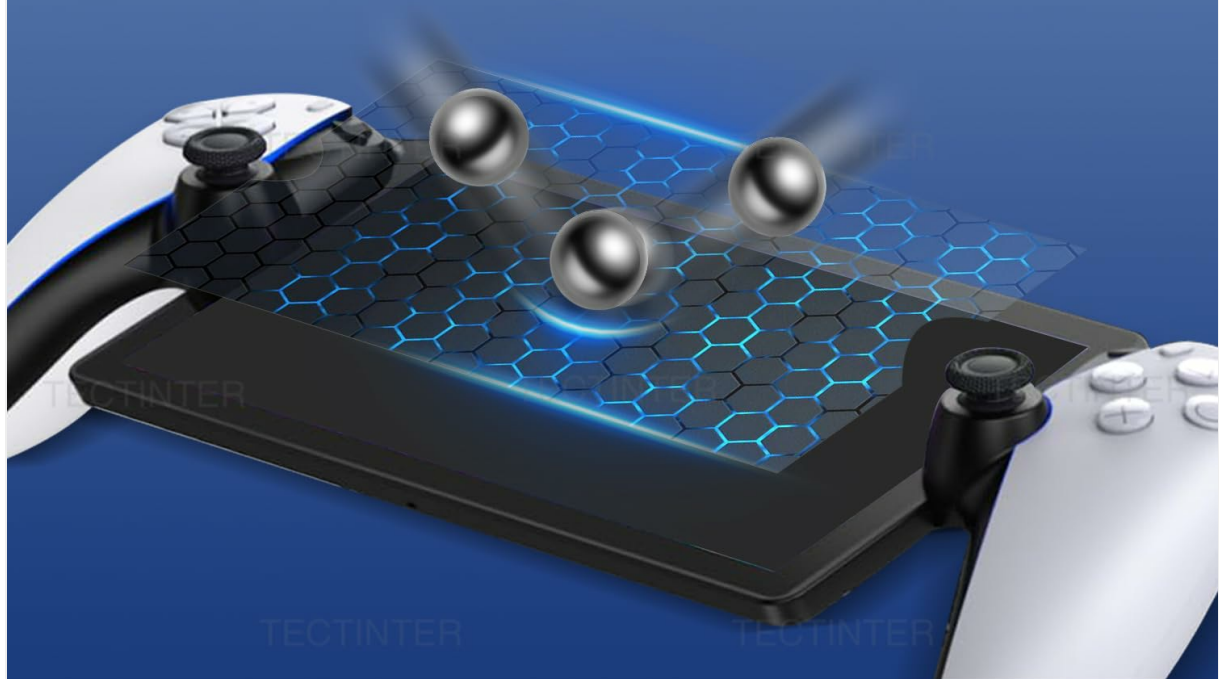

1. Installing the Screen Protector

Follow these steps to apply the screen protector to your PlayStation Portal:

1. **Clean the Screen:** Use a microfiber cloth to thoroughly clean the PlayStation Portal screen, removing any dust, fingerprints, or smudges. Ensure the screen is completely dry.
2. **Align the Protector:** Carefully peel off the protective film from the adhesive side of the screen protector. Align the protector with the edges of your PlayStation Portal screen.
3. **Apply and Smooth:** Gently lay the screen protector onto the screen. Use a squeegee or a soft card to push out any air bubbles from the center towards the edges.
4. **Final Wipe:** Once applied, use the microfiber cloth to gently wipe the screen protector surface.

SCREEN PROTECTORS

99% transparency allows optimal viewing experience

Anti-fingerprint

Highly responsive

Bubble Free

Crystal Clear

9H Hardness

Thickness: 0-33mm

2. Placing the PS Portal in the Case

To secure your PlayStation Portal within the EVA travel case:

1. **Open the Case:** Unzip the case completely using the dual zippers.
2. **Position the Device:** Carefully place your PlayStation Portal into the molded compartment designed for it. Ensure it sits snugly.
3. **Utilize Internal Straps (if present):** Some cases may have elastic straps or Velcro fasteners to further secure the device. Ensure these are used if available.
4. **Close the Case:** Zip the case closed, ensuring no cables or accessories are caught in the zipper.

OPERATING (USAGE)

1. Carrying the Case

The TECTINTER PS Portal Case is designed for portability:

- **Handheld:** Use the integrated soft anti-slip handle for comfortable carrying.

- **In a Bag:** The compact design allows the case to be easily placed inside a backpack, luggage, or other travel bags.

Image: Four panels demonstrating the portability of the case: handheld, placed on a table, used for protection anywhere, and carried inside a bag.

2. Utilizing Storage

The case features a built-in mesh compartment for organizing accessories:

- **Mesh Pocket:** Store small items such as charging cables, earbuds, button caps, or a power bank in the zippered mesh pocket.
- **Device Compartment:** The main compartment is specifically molded for the PlayStation Portal, ensuring a secure fit and preventing movement during transit.

High Capacity Storage

Keep All Kind of Playstation Portal Remote Player Accessories in One Case

Image: An illustration showing the high capacity storage of the case, capable of holding the PlayStation Portal, power bank, charger dock, earphones, charging cable, and a phone.

MAINTENANCE

1. Cleaning the Case

To keep your EVA travel case in optimal condition:

- **Exterior:** Wipe the exterior surface with a soft, damp cloth. For stubborn dirt, a mild soap solution can be used, followed by wiping with a clean, damp cloth.
- **Interior:** Use a soft, dry cloth or a lint roller to remove dust or debris from the interior lining.
- **Avoid:** Do not use harsh chemicals, abrasive cleaners, or solvents, as these can damage the material.

2. Screen Protector Care

Maintain the clarity and effectiveness of your screen protector:

- **Cleaning:** Gently wipe the screen protector with a clean, soft microfiber cloth. For smudges, a screen cleaner specifically designed for electronics can be used.
- **Replacement:** If the screen protector becomes heavily scratched, cracked, or loses its adhesive properties, replace it with a new one to ensure continued protection.

Image: Three panels illustrating the protective qualities of the case: water-resistant fabric, anti-collision lining, and anti-scratch design to protect the console screen.

Strong Impact Resistance

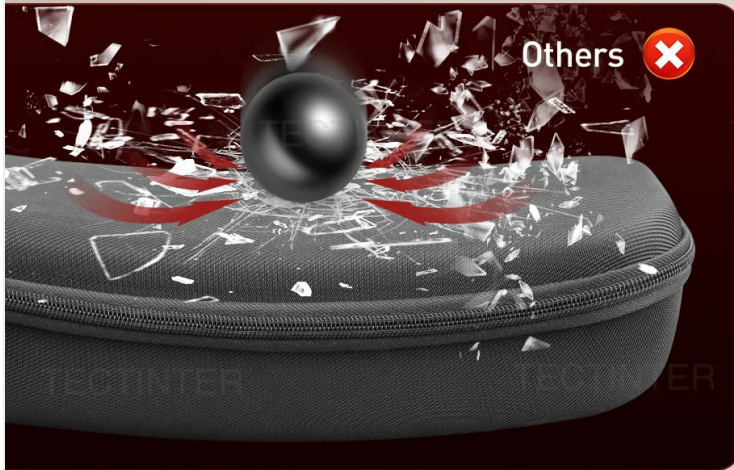

Thickened EVA Hard Shell No Deformed

TROUBLESHOOTING

If you encounter any issues with your TECTINTER PS Portal Case Kit, refer to the following common solutions:

- **Screen Protector Bubbles:** If bubbles appear after application, gently lift the nearest edge of the protector and re-apply, pushing the air out with a squeegee. Small bubbles may disappear over 24-48 hours.
- **Case Not Closing Properly:** Ensure the PlayStation Portal is correctly seated in its molded compartment and that no accessories or cables are obstructing the zipper path.
- **Zipper Stiffness:** If the zippers feel stiff, apply a small amount of zipper lubricant (e.g., beeswax or a specialized zipper wax) to the teeth and gently work the zipper back and forth.
- **Device Movement Inside Case:** Verify that your device is the PlayStation Portal Remote Player. The case is precision-molded for this specific device. Ensure any internal straps or dividers are correctly utilized.

SPECIFICATIONS

Feature	Description
---------	-------------

Model Number	PS Portal Case
Package Dimensions	15.12 x 7.52 x 3.5 inches
