ZUMIMALL P8

ZUMIMALL P8 2K Wireless Video Doorbell Camera with Chime User Manual

Model: P8

1. PRODUCT OVERVIEW

The ZUMIMALL P8 is a 2K wireless video doorbell camera designed for home security. It features a rechargeable battery for flexible placement, 2.4 GHz Wi-Fi connectivity, and comes with a chime. Key features include 2K 3MP high-resolution monitoring with superior night vision, AI human detection, two-way audio with optional voice changers, anti-theft alarm, and IP66 weatherproof rating. It supports both local storage (up to 128GB via SD card, sold separately) and cloud storage options.

3. SETUP

3.1 Component Identification

Figure 3: ZUMIMALL P8 Doorbell Camera Components.

3.2 Installation

The ZUMIMALL P8 doorbell camera offers two installation methods: screw-in or adhesive tape. Choose the method best suited for your mounting surface.

1. **Choose a Location:** Select a suitable location, ideally around 1.4 meters (4.6 feet) from the ground for optimal viewing.

2. **Mounting the Back Plate:**

   - **Screw-in Installation:** Use the provided screws to fix the camera back plate to the wall.
   - **Adhesive Tape Installation:** Use the provided tape to attach the camera back plate to the mounting location.

3. **Attach the Camera:** Mount the doorbell camera onto the secured back plate.

4. **Secure the Camera:** Tighten the fixing screws on the back plate to secure the camera.

3.3 App Connection

To connect your ZUMIMALL P8 doorbell camera to the ZUMIMALL App, follow these steps:

1. **Power On:** Press and hold the doorbell button for 5 seconds until you hear a ringtone, indicating the doorbell is on.

2. **Reset (if needed):** If this is the first time or you are having issues, reset the camera. Wait for the indicator light to turn red and flash slowly.
3. **Open App:** Open the ZUMIMALL App on your smartphone.
4. **Add Device:** Tap 'Add Device' and follow the on-screen network setting tips.
5. **Connect to Wi-Fi:** Select your 2.4 GHz Wi-Fi network and enter the correct password.
6. **Scan QR Code:** Scan the QR code displayed in the App with your doorbell camera. You will hear a 'beep' sound upon successful scan.
7. **Connection Confirmation:** Wait for the doorbell to connect. The doorbell light will turn blue, indicating successful addition.
8. **Complete Setup:** Tap 'Next' to continue with installation suggestions and start using your doorbell.

3.4 Chime Connection

To connect the wireless chime to your doorbell camera:

1. **Insert Batteries:** Load the batteries into the chime until you hear a 'ding dong' sound.
2. **Enable Chime Reminder:** Open the ZUMIMALL App, go to the 'Chime Setting' and ensure the 'Chime Reminder' is turned on.
3. **Connect Chime:** Hold the connect button on the chime until you hear a 'tick'.
4. **Test Connection:** Press the doorbell button. If both the doorbell and chime ring simultaneously, the connection is successful.

4.7 Multi-User Sharing

The ZUMIMALL P8 supports unlimited sharing and allows up to 4 users to watch live videos simultaneously, enabling multiple family members to monitor the entrance.
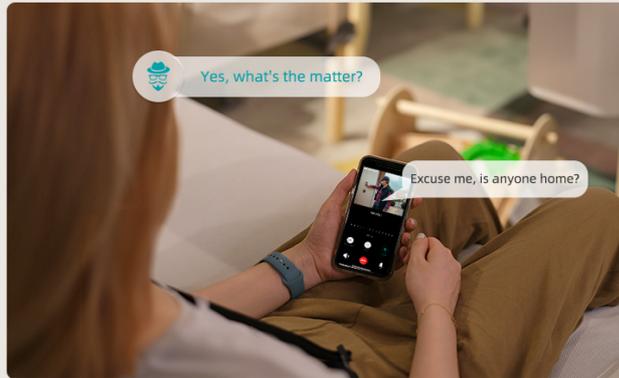

Figure 14: Multi-people Sharing.

5. MAINTENANCE

The ZUMIMALL P8 is battery-powered. Ensure the battery is regularly charged to maintain continuous operation. The battery life will vary based on usage and environmental conditions.

- **Charging:** Connect the doorbell camera to a power source using the provided charging cable when the battery level is low.
- **Cleaning:** Periodically clean the camera lens and the doorbell surface with a soft, dry cloth to ensure clear video quality and proper functionality.
- **Firmware Updates:** Check the ZUMIMALL App regularly for any available firmware updates to ensure optimal performance and access to new features.

6. TROUBLESHOOTING

If you encounter issues with your ZUMIMALL P8 doorbell camera, refer to the following common troubleshooting steps:

- **Connectivity Issues:** Ensure your Wi-Fi network is 2.4 GHz and the signal strength is adequate at the doorbell's location. Try resetting your router and the doorbell camera.
- **Doorbell Not Responding:** Check the battery level. If the battery is low, recharge the device. If the device is powered on but unresponsive, try resetting it.
- **Video Playback Problems:** Ensure a compatible SD card (up to 128GB) is inserted correctly for local storage, or verify your cloud storage subscription is active.
- **False Alarms:** Adjust the motion detection sensitivity settings in the ZUMIMALL App. Utilize the customizable detection zones to focus on specific areas and reduce unwanted alerts.
- **Chime Not Ringing:** Ensure the chime has fresh batteries and is successfully paired with the doorbell camera (refer to Section 3.4). Check the 'Chime Reminder' setting in the app.
