- Avoid dropping or subjecting the power bank to strong impacts.
- Clean the device with a soft, dry cloth. Do not use harsh chemicals or abrasive materials.
- Store the power bank in a cool, dry place when not in use. For long-term storage, ensure it is charged to approximately 50-70% to preserve battery health.
- Do not attempt to disassemble or modify the power bank. This will void the warranty and may cause damage or injury.

6. TROUBLESHOOTING

6.1 Power Bank Not Charging

- Ensure the charging cable is securely connected to both the power bank and the power source.
