SETUP

1. **Unpack:** Carefully remove the warming mat from its packaging.
2. **Placement:** Place the mat on a flat, stable, and heat-resistant surface. For granite or quartz countertops, it is

recommended to place a damp cloth underneath the mat if using for more than 1 hour to prevent potential issues, as the mat's bottom temperature can reach 122°F.

3. **Connect Power:** Insert the power cord into the designated port on the control panel of the warming mat, then plug the other end into a standard 120V electrical outlet.

OPERATING INSTRUCTIONS

1. **Power On:** Press the power button () on the control panel to turn on the warming mat. The default temperature is 212°F.
2. **Adjust Temperature:** Press the temperature button (**TEMP**) to cycle through the four available temperature settings: 104°F, 140°F, 176°F, and 212°F. Select the desired temperature for your food.
3. **Set Timer (Optional):** Press the timer button (**TIME**) to set the desired warming duration. You can adjust the time from 1 to 5 hours. The mat features an automatic shut-off after 5 hours for safety.
4. **Child Lock:** To activate the child lock, press and hold the lock button () for a few seconds until the indicator light appears. This prevents accidental changes to settings. Repeat to unlock.
5. **Place Food:** Place heat-resistant dishes containing food directly onto the warming mat. Ensure the dishes are compatible with the mat's surface (metal, ceramic, glass, enamel).
6. **Power Off:** When finished, press the power button () to turn off the mat and unplug it from the power outlet.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Mat does not turn on.	Not plugged in correctly; power outlet issue; power button not pressed.	Ensure the power cord is securely plugged into both the mat and a working electrical outlet. Press the power button.
Food is not warming sufficiently.	Incorrect temperature setting; dishes not heat-resistant; mat overloaded.	Increase the temperature setting. Use only heat-resistant tableware. Avoid overloading the mat.
Mat automatically shuts off.	5-hour auto shut-off activated; overheating protection.	This is a safety feature. If it's not due to the 5-hour timer, unplug the mat, let it cool down, and ensure proper ventilation.
Child lock is active.	Accidental activation of child lock.	Press and hold the lock button () for a few seconds to deactivate.
