WASTDE PN-W35

WASTDE Magnetic Power Bank 20000mAh

USER MANUAL - MODEL PN-W35

Your comprehensive guide to setup, operation, and maintenance.

1. INTRODUCTION

Thank you for choosing the WASTDE Magnetic Power Bank 20000mAh. This versatile 4-in-1 portable charger is designed to provide fast and reliable power for your devices on the go. Featuring strong magnetic attachment, built-in USB-C and iOS cables, and a convenient kickstand, it ensures your iPhone (12-17 series) and various Android devices stay charged and ready.

2. PRODUCT FEATURES

- **High Capacity 20000mAh:** Provides extensive power for multiple charges, compatible with iPhone 12-17 series (Pro Max, Pro, Plus, Air, Mini) and various Android devices.
- **Fast Charging Options:** Offers up to 22.5W wired charging via USB-C and up to 15W wireless (Mag-Safe compatible) charging.
- **Integrated Cables:** Equipped with built-in USB-C and iOS (Lightning) cables for convenient charging without extra accessories.
- **Multi-Device Charging:** Capable of charging up to 4 devices simultaneously using a combination of wireless, built-in cables, and the USB-C output port.
- **Ultra-Strong Magnetic Attachment:** Securely attaches to Mag-Safe compatible iPhones (12-17 models) for stable wireless charging. Recommended for use with magnetic-compatible cases or no case.
- **User-Friendly Ring Stand Design:** Features a built-in ring buckle that doubles as a comfortable holder and a stable

kickstand for hands-free viewing.

- **Intelligent Safety System:** Includes comprehensive protection against overheating, overcharge, short circuit, and overcurrent, with FCC and CE safety certifications.

3. SETUP

3.1 Charging the Power Bank

1. Connect a USB-C cable (not included for charging the power bank itself) to the USB-C input port on the power bank.
2. Connect the other end of the USB-C cable to a compatible wall adapter (not included).
3. The LED indicators on the power bank will illuminate to show the charging progress. A full charge is indicated when all LEDs are solid.

3.2 Checking Battery Level

Press the power button once to view the current battery level indicated by the LED lights. Each light typically represents 25% of the charge.

4. OPERATING INSTRUCTIONS

4.1 Wireless Charging (Mag-Safe)

1. Ensure your device is Mag-Safe compatible (iPhone 12-17 series) or has a magnetic-compatible case.
2. Align your device with the magnetic charging area on the power bank. The magnets will snap into place, and wireless charging will begin automatically.
3. The power bank supports up to 15W wireless charging.

4.2 Wired Charging (Using Built-in Cables)

1. Pull out the appropriate built-in cable (USB-C or iOS/Lightning) from its slot.
2. Connect the cable to your device. Charging will start automatically.
3. The built-in cables provide efficient charging for a wide range of devices.

2 Integrated Cables

4.3 Wired Charging (Using USB-C Output Port)

1. Use your own USB-C to USB-C cable or USB-C to other connector cable.
2. Connect one end to the USB-C output port on the power bank and the other end to your device.
3. This port supports up to 22.5W fast charging.

4.4 Using the Ring Stand

1. Gently pull out the integrated ring buckle from the back of the power bank.
2. Use it as a finger ring for a secure grip on your phone while charging.
3. Extend the ring further to use it as a kickstand, allowing you to prop up your phone for hands-free viewing in landscape or portrait mode.

User-friendly Ring Stand Design

5. MAINTENANCE

- Keep the power bank away from water, fire, and extreme temperatures.
- Avoid dropping or subjecting the device to strong impacts.
- Clean the surface with a soft, dry cloth. Do not use harsh chemicals.
- Store in a cool, dry place when not in use for extended periods.

6. TROUBLESHOOTING

6.1 Device Not Charging

- **Check Power Bank Battery:** Ensure the power bank itself is sufficiently charged.
- **Cable Connection:** For wired charging, ensure cables are securely connected to both the power bank and your

device.

- **Wireless Alignment:** For wireless charging, ensure your device is correctly aligned with the magnetic charging area.
- **Case Compatibility:** For wireless charging, ensure your phone case is Mag-Safe compatible or remove the case.

6.2 Slow Charging

- **Cable Quality:** Use high-quality cables for optimal wired charging speeds.
- **Device Compatibility:** Ensure your device supports fast charging protocols for maximum speed.
- **Multiple Devices:** Charging multiple devices simultaneously may reduce individual charging speeds.

6.3 Overheating

- The power bank has built-in temperature control. If it feels excessively hot, disconnect devices and allow it to cool down.
- Avoid charging in direct sunlight or confined spaces with poor ventilation.

7. SPECIFICATIONS

| Feature | Detail |
|-----------------------------|---------------------------------------|
| Brand | WASTDE |
| Model Number | PN-W35 |
| Product Dimensions | 4.7 x 2.7 x 1 inches |
| Item Weight | 12 ounces |
| Battery Capacity | 20000mAh |
| Wireless Charging Output | Up to 15W |
| USB-C Wired Charging Output | Up to 22.5W |
| Built-in Cables | USB-C, iOS (Lightning) |
| Color | White |
| Manufacturer | Shenzhen Pannizhe Technology Co., Ltd |

8. SAFETY INFORMATION

- Do not disassemble, modify, or repair the device.
- Do not expose to extreme temperatures (above 60°C/140°F) or direct sunlight.
- Keep away from water and other liquids.
- Do not use if the device is damaged or swollen.
- Dispose of the power bank according to local regulations.
