DWVO 4-Tier Large Cat Cage Instruction Manual

Model: MADWVSnl4z

INTRODUCTION

Thank you for choosing the DWVO 4-Tier Large Cat Cage. This manual provides essential information for the safe assembly, operation, and maintenance of your new pet enclosure. Please read these instructions carefully before beginning assembly and retain them for future reference.

Image: The fully assembled DWVO 4-Tier Large Cat Cage, showcasing its multi-level design and spacious interior, suitable for indoor or outdoor use on a patio.

SAFETY INFORMATION

- Always ensure all connectors and cable ties are securely fastened to prevent collapse or injury.
- Install the anti-tipping straps as instructed to secure the cage to a wall, especially if pets are active or if the cage is built to a significant height.
- Regularly inspect the cage for any loose parts, damage, or wear. Replace damaged components immediately.
- Keep small parts and packaging materials away from children and pets during assembly.
- Do not allow children to climb on or play inside the cage.
- Place the cage on a flat, stable surface.

ANTI-TIPPING

PACKAGE CONTENTS

Please verify that all components listed below are present before beginning assembly. If any parts are missing or damaged, please contact customer support.

Image: A visual representation of all components included in the package, with quantities for each part.

- **Wire Panels:** 44 pieces (Dense panel)
- **Platforms:** 15 pieces
- **Stairs:** 3 pieces
- **Doors:** 4 pieces
- **Skylight Panel:** 1 piece
- **Connectors:** 44 pieces
- **Hemispherical Buckles:** 64 pieces
- **Ball Buckles:** 10 pieces
- **Door Locks:** 6 pieces
- **Non-slip Mats:** 12 pieces
- **Hammock:** 1 piece
- **Cable Ties:** 200 pieces
- **Plastic Hammer:** 1 piece

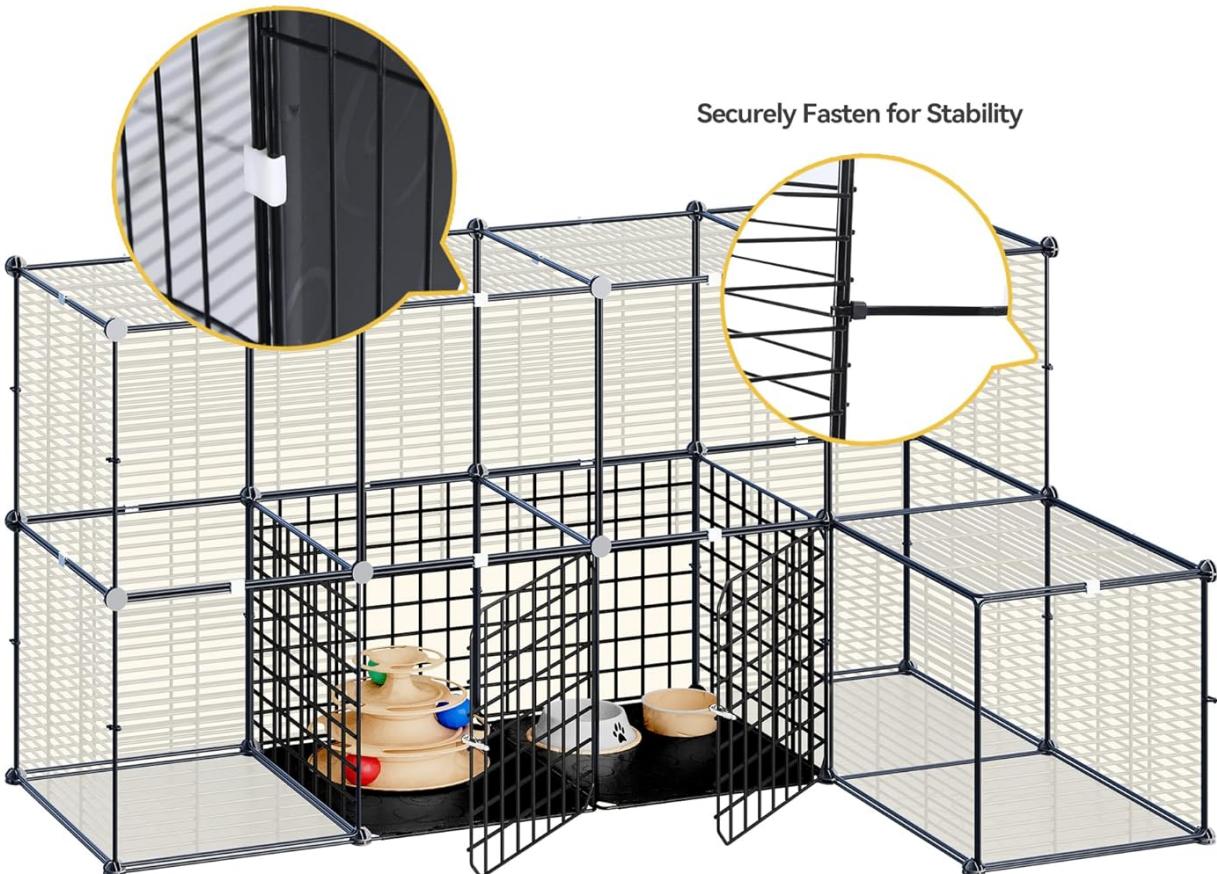

SETUP AND ASSEMBLY

The DWVO cat cage features a modular design, allowing for flexible configurations. Follow these general steps for assembly. Refer to the provided diagrams for visual guidance.

1. **Plan Your Layout:** Before assembling, decide on the desired shape and size of your cat cage. The modular panels allow for various configurations.
2. **Connect Panels:** Use the connectors to join the wire panels. Ensure each panel is fully inserted into the connector slots. Use the plastic hammer to gently tap the panels into place for a secure fit.
3. **Install Doors:** Integrate the door panels into your desired locations. Secure them using the provided door locks.
4. **Add Platforms and Stairs:** Place the platforms at desired levels. The hook-top stairs securely attach to the wire panels, providing access between levels.
5. **Reinforce with Cable Ties:** For added stability, use the cable ties to secure adjacent panels and connectors. This significantly enhances the cage's rigidity.
6. **Attach Anti-Tipping Straps:** If building a tall structure, attach the anti-tipping straps to the top of the cage and secure them to a wall using appropriate hardware (not included).
7. **Install Hammock:** Hang the hammock at a suitable level for your pet's comfort.
8. **Place Non-slip Mats:** Position the non-slip mats on the platforms and base for pet comfort and hygiene.

FLEXIBLE ASSEMBLY

Secure all Fastenings

Securely Fasten for Stability

OPERATING INSTRUCTIONS

This versatile enclosure provides a safe and stimulating environment for your pets.

- **Pet Placement:** Gently introduce your cat or other small pets into the enclosure through the designated doors.
- **Utilize Levels:** Encourage your pets to explore the multiple levels and use the stairs for climbing and exercise.
- **Hammock Use:** The included hammock provides a comfortable resting spot. Ensure it is securely attached.
- **Suitable Animals:** While designed for cats, this enclosure is also suitable for other small animals such as rabbits, ferrets, guinea pigs, and chinchillas.

MAINTENANCE

Regular cleaning ensures a hygienic environment for your pets.

- **Cleaning Platforms:** The platforms are designed to be paw-friendly and easy to clean. Wipe them down with a damp cloth and mild, pet-safe cleaner as needed.
- **Removable Floor Mats:** The non-slip floor mats are removable for easy cleaning. Wash them with soap and water, then allow them to dry completely before returning them to the cage.
- **General Cleaning:** Periodically wipe down the wire panels and connectors to remove dust and debris.

TROUBLESHOOTING

Issue: Cage feels unstable or wobbly.

Solution: Ensure all connectors are fully engaged and panels are securely seated. Use the plastic hammer to tap connections firmly. Apply additional cable ties to reinforce joints between panels. Verify that anti-tipping straps are correctly installed and tightened if applicable.

Issue: Difficulty connecting panels.

Solution: Ensure you are using the correct type of connector for the joint (e.g., 2-way, 3-way, 4-way). Apply firm, even pressure. The plastic hammer can assist in seating the panels into the connectors. If a panel is bent, gently straighten it before attempting to connect.

Issue: Doors do not close properly.

Solution: Check that the door panel is correctly aligned within the frame. Ensure the door locks are installed as shown in the assembly diagrams and are not obstructed.

SPECIFICATIONS

Feature	Detail
Brand	DWVO
Model Number	MADWVSN14z
Assembled Dimensions (L x W x H)	41" x 28" x 55" (105cm x 71.1cm x 140cm)
Item Weight	34.8 pounds
Material	Metal
Color	Black
Special Feature	Easy Assembly, Modular Design
Included Components	Hammock, Platforms, Stairs, Connectors, Cable Ties, Plastic Hammer
